A HUNDRED YEARS AGO.

When Philadelphia Was Bigger Than New York.

An examination of American cities a century ago presents many curiosities, says the March World's Work. In 1800, not New York, but Philadelphia, was our largest city—a pre-eminence it held until 1830. After Philadelphia, New York, Baltimore, and Boston, Charleston, S. C., was the largest American city. But I defy anyone to give the name of the sixth largest American town in 1800. It was Northern Liberties. How many Americans today ever heard of this metropolis? An antiquarian research discloses that it is now part of Philadelphia. After Northern Liberties, our biggest city was South-wark, Pa.; then came Salem, Mass. Such were the places, a hundred years ago, which were entered in the competition for primacy.

Loses Fine Dwelling.

Sunday morning shortly after 8 o'clock fire destroyed the dwelling belonging to Mr. and Mrs. R. K. Henerey on their farm between two and three miles from Cope and directly north of the town. The fire caught from a spark, blown from the kitchen chimney down on the roof, and, as it was exceedingly dry and a stiff wind was blowing at the time, the whole roof was soon enveloped in flames. A tenant, Wash Murdaugh, by the help of neighbors, both white and black, saved the greater part of their effects. Mr. Henerey carried a little insurance, and he has the sympathy of friends in this, another loss to him, as only a year or two ago he lost a fine large barn on the same place, it being uninsured and a total loss.

Rev. M. L. Lawson.

Rev. M. L. Lawson, who has lately resigned the pastorate of the church at Laurens, S. C., will make his home hereafter at Valdosta. Brother Lawson is well known in Georgia, while in South Carolina he has been pastor of some of the leading churches, among them Beaufort, Camden and Laurens. He was for several years pastor at Ocilla in this State.—Christian Index.

Mr. Lawson is a former pastor of the Bamberg Baptist church, and has many friends here, who wish him well in his new field of work.

A Soldier's Message.

Some of the best stories of the war come from the base hospitals, and are bestowed on the doctors in the same spirit that grateful patients bestow gifts on their medical attendants in civil life. One told recently has traveled from the farthest outposts in Mesopotamia.

A Turkish officer, captured in the Mesopotamia campaign, asked and received permission to telegraph to his wife when he was brought to Basra. His message read: "Safely captured."

WHAT THE DOCTOR KNOWS

KIDNEYS MUST BE RIGHT TO INSURE HEALTH

Few people realize to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's Disease, which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in one year, in the State of New York alone. Therefore, it is particularly necessary to pay more attention to the health of these important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

When your kidneys require attention, get Swamp-Root at once from any pharmacy. It is sold by every druggist in bottles of two sizes—50c and \$1.00.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention "The Bamberg Weekly Herald."
