

ROSWELL

PRAISED

ALL COMPLIMENT THE PECOS VALLEY AND ROSWELL.

TWELVE HUNDRED WORDS

Governor Powers was Hard to Please However His Grouchiness was Knocked Out of Him After He had Visited the Great Pecos Valley and Roswell.

THE RECORD sent about 1200 words descriptive of Roswell to the Chicago Examiner yesterday afternoon. Mrs. Hart, the operator, dispatched them in a remarkably short time. Wallace Rice, literary editor of Chicago Examiner and American, sent several thousand words descriptive of the reception and trip and as he was highly impressed with Roswell and the Pecos valley his "write up" will be strong and will be productive of much good. He was of the opinion that the Pecos valley was the most fertile that they had seen on the extended trip and was also of the opinion that Roswell was by far the most beautiful city. Horace S. Bernard, photographer Chicago Examiner, and American, was enthusiastic in his praise of Roswell and the numerous views he took in the Pecos valley and Roswell will be used in all of the Hearst papers and millions will see photographs of our remarkable progress. As Congressman Benton of Missouri said, "We have our photographer along with us and if they won't believe all the good things we tell them, we can show them."

Andrew M. Lawrence, managing editor of the Chicago American, who has charge of the party, was highly pleased with the reception accorded the party here.

Senator Lee S. Overman of North Carolina, said as the cadets were drilling, "My, I tell you this is fine. I am going to underscore this place. Roswell is the best we have seen."

Congressman James M. Robinson of Ft. Wayne, Indiana, was highly pleased and said, we had made remarkable progress and surely had a great future.

Congressman John Dougherty of Liberty, Missouri, was sufficiently impressed to say he would likely return and invest in a Pecos valley farm.

Mrs. Dougherty regretted very much that she did not have time to visit the stores and get a supply of souvenirs.

Ex-Governor Llewellyn Powers of Maine, who is now "unfortunate" to enough to be a Republican member of congress, or rather that is the way he terms it, has been "grouchy" on the trip and nothing seemed to please him. When he reached the Pecos valley and Roswell his "grouchiness" was knocked out of him and he was enthusiastic in his praise. He says, "I have been an advocate for statehood and voted for it, but I am now a missionary and I think we are all the same way. From my observation in Arizona and New Mexico I see that the people are bitterly opposed to double statehood and would prefer for ever to remain territories unless they can receive single statehood. I am highly pleased with the Pecos valley and your city and think it is the finest country we have visited."

Congressman Powers is a large, stately man, and to use the language of the bowery, "He is a husky guy with boots on."

All of the entire party were highly pleased with their reception here and with what they had seen, but they were informed that they had not seen but one third.

The N. M. M. I. Catalogue was presented to the distinguished guests at the school and copies of Saturday's RECORD with a picture of Mr. Hearst in it were handed to each one on the train. A large quantity of Pecos valley products and fruits were put on the train in the store room for the visitors to feast on during the balance of their journey.

Hon. Jerry Simpson's jokes were so irresistible the party would not let him leave the train and he accompanied them to Amarillo. He told his original joke on the devil. He says, "If the devil had brought the Lord to the Capitan mountain when he tempted Him and had shown Him the Pecos valley and made the same offer

divine history would have been different." Mr. Simpson continued and said, "The devil was very nervy to offer to give away the entire world when he did not own a foot of the land or even have an option on it," and concluded by saying, "The devil was the first real estate agent and I am in the same business."

Market Letter.

Special to THE RECORD.
Kansas City, Mo., Monday, Oct. 19, 1903.—Cattle run last week at Kansas City mounted to 80,500 head, including 10,000 calves, against 74,500 head, including 8,500 calves, same week last year. Western range cattle made up a large proportion of the receipts. Western beef steers sold badly all week, and even good native steers sold week, although not many of the latter were here. Western she stuff sold better than any other kind of cattle, and ranged for most of the week about 15 cents better than close of previous week, but sagged a little Friday and Saturday. Veal calves, except the fat light weights, sold 25c to 50c lower. Stockers and feeders changed very little all week, and business in this line was big, at 1100 cars taken to the country. Trade in this line was not active, even appearing slow most of the time; but the total made last week one of the largest weeks at this market. Run today is liberal at 20,000 head, and market is weak to lower in spots. Beef steers are again dull, stockers and feeders and cows are steady. Many visitors are here attending the Royal Show, and not a few of them are expecting to take home some feeding cattle.

Sheep run last week was moderate at 31,000 head, and prices changed very little. All kinds except feeding wethers were steady nearly all week; they being 10c to 15c lower. Feeding ewes and lambs held up fully. Fat wethers brought up to \$3.85, lambs \$5.15, ewes \$3.25. Feeding wethers brought \$3.25, ewes \$2.76 to \$3.00, lambs \$4.10. Run today is heavy at 12,000 head, and prices on sheep are a shade lower, and on lambs steady.

CLAY MCGONIGLE SELLS HIS FAMOUS SORREL.

HEARST IS THE BUYER

After Witnessing the Work of the Great Horse, the Big Newspaper Man Wires Offer of \$300 Which is Accepted.

Clay McGonigle's famous cow pony Frisky, the handsome sorrel that won so much praise from the crowds during the past week, and which undoubtedly won first money for its expert master, has been sold to William Randolph Hearst for \$300. The deal was made yesterday by Hon. W. S. Hopewell for Hearst, who gave his check for the amount named to J. E. Carroll, McGonigle's partner. The horse is now in the Trimble stable waiting to be forwarded under orders of the famous newspaper proprietor. Frisky is a great horse and has won a number of roping contests for McGonigle. The champion's fast time last week was only made possible by the speed of his mount, which gave him a great advantage over the others with the speedy steers entered, and in many other tournaments the sor-

PEACOCK vs. THE RECORD.

He Agains Fines Members of the Record Force for Example's Sake.

Unfortunately for THE RECORD it seems that under the present dispensation of justice, whenever an example is wanted of the punishment that will follow a transgression of municipal law THE RECORD is selected as the proper institution to furnish the example.

Last spring it will be remembered that with great gusto it was proclaimed that all persons failing to keep their premises in proper sanitary condition would be heavily fined. The start was made by Justice Peacock fining the RECORD. The fine was promptly paid without complaint, the avenging Nemesis was satisfied with her ten pieces of silver. Since then the condition of back yards and alleys remain about the same as they were then, but there has not been another fine levied for this offense from that day to this, and there probably will not be until a few loose boxes are left behind the RECORD office over night.

But yesterday another example was required to uphold the majesty of the law. There is an ordinance providing that all bicycle riders at night should be provided with a light on their wheels. This is a good ordinance and should be enforced. For a year past it has been universally disregarded as every citizen knows. Night before last the once boy of the RECORD once and a member of the job department were summoned to appear before Justice Peacock for riding their wheels without the lantern attachment. Another example had to be made. Fines of \$8.50 were levied against each. It made no difference that one was a boy of twelve years of age, bright and industrious, remaining out of school that he may earn four dollars a week. A fine—not the minimum—with all the trimmings was assessed against him. The officers had to have their fees even if the boy did have to work two weeks to pay them. What mattered it that every night men are seen riding wheels without lanterns, the RECORD office boy must be made the example for the town. There will probably now be as many more fines on this account as followed the RECORD fine of a few months ago. These are a few samples of the spasms of justice.

Bright Star in a Dark Sky.

When the entire city was in darkness last night the Pecos Valley Drug Company loomed up as bright as a dollar. Every one else was compelled to resort to candles and lamps and the Pecos Valley Drug Company was the envy of all. They have their own electric plant and last night was a strong argument in favor of same. The Salvation army groped its way up Main street and held a meeting in front of the store. There were large crowds of eager sight-seers who looked at the display of Mexican pottery in the window, as it was the only light place in the city and loomed up as a lonely bright star in a dark sky.

rel has done wonders.

W. R. Hearst and his party of Congressmen were at the fair grounds Thursday when McGonigle won the first money with his 38-second rope and tie. The congressman from New York was so delighted with the animal that he determined to buy him. An offer was made to McGonigle, but it was declined Saturday night, however, Mr. Hopewell received a telegram from W. H. Ihmsen, Mr. Hearst's manager, instructing him to buy the horse at any cost. Mr. Hopewell, making the deal he could, secured the animal for \$300.

It is not known as yet where Mr. Hearst will send the animal. He is no stranger to the saddle and spent many of his early years on the range. In fact, he was for some time a citizen of New Mexico, living on a ranch in what is now Luna county, with his father.—Albuquerque Journal.
