CONTINUE FIGHT ON CANTEEN.

Conference of the Superintendents of Anti-Saloon League.

Washington, D. C., Dec. 2.—Clergymen and lay workers of all denominations and coming from many parts of the country were present today at the opening of a conference of the state and district superintendents of the Anti-Saloon League. The conference is in the nature of a preliminary to the eighth annual national convention of the league to be held in Washington next week. Reports of the superintendents will be prepared for the consideration of the convention and other details for the big meeting arranged. The year has been one of more than ordinary activity for the anti-saloon workers and the reports will show a gratifying increase in membership and a widening of influence. The report of an immense protective fund to be raised by the liquor dealers throughout the country for political and other purposes will receive the attention of the convention. Another matter that will come in for consideration, and probably for condemnation, is the recommendation of Gen. Young, chief of the general staff of the army, favoring the re-establishment of the canteen at posts and barracks of the United States army. The anti-saloon league was one of the chief factors in the movement that resulted in the abolishment of the canteen, and according to the declarations of the officers and other leading workers who are here, the organization will do all in its power to prevent its re-establishment.

SENSATIONAL NEWSPAPERS

Turn the Head of a Japanese Medical Student Toward Assassination.

Yokohama, Japan, Dec. 1.—A Japanese medical student was arrested here today on suspicion of being about to make an attempt to assassinate Marquis Ito. He carried a dagger concealed when arrested at the Marquis villa at Mize. It is believed this attempt on the statesman's life is the outcome of the recent suggestions of sensational newspapers of Japan that ministerial assassination would be a patriotic action, as tending to produce a more warlike policy on the part of the government.

Fifty-five Years a King.

Vienna, Dec. 2.—Throughout the dual empire today there were celebrations to mark the fifty-fifth anniversary of the accession of Emperor Francis Joseph to the throne. Business was suspended generally in the capital, and in all the churches special thanksgiving services were held. The Emperor signalized the day by granting amnesty to a number of prisoners guilty of minor offenses and also issued a proclamation to the army, in which he thanked the soldiers for their loyalty and fearless valor during his reign.

Despite his age—seventy-three years—the Emperor continues to enjoy good health and devotes a large part of each day to the business of state, giving personal attention to much of his voluminous correspondence and giving interviews on one day of each week to any of his subjects, no matter how humble their station, who may wish to make a personal appeal or request.

Mrs. J. G. Ewell Leaves.

Mrs. J. G. Ewell and little son Jack left this morning for Douglas, Arizona, where they will make their future home. Mr. Ewell was formerly a member of the Porter-Ewell Mercantile Company of this city and has recently engaged in the mercantile business in Douglas, Arizona. Mrs. Ewell is a lady of many lovely traits of character and her many friends here regret to see her leave Roswell. They took their household furniture, including horse and buggy. The firm here was an incorporated one and has been changed to the Porter Mercantile Co.

Gen. Corbin to Speak.

New York, Dec. 2.—Included among the guests at the dinner to be given at Deimonico's tonight by the New York commandery of the Military order of Loyal Legion are to be many men of wide prominence. The leading feature is to be an address by Major General Henry C. Corbin, on "The Army and the General Staff."

Southern Educators to Meet.

Atlanta, Ga., Dec. 2.—Advices received by the committee in charge of arrangements for the annual meeting of the Southern Educational Association in this city the latter part of this month indicate that the gathering will be the largest and most notable of its kind ever held in the south.

"Had Seen Better Days."

Roped a Run-a-way Horse.

A horse hitched to a buggy ran wildly north on Pecos avenue yesterday afternoon and nearly ran into the Grand Central wagonette. The negro porter on the wagonette attempted to stop the run-a-way horse, but failed to catch him and he was caught by some cowboys, who roped the obstreperous animal.

J. W. Stockard who has had active management of the Grand Central hotel, will not be engaged in active business for some months and will take a well deserved rest and will be at the Grand Central with his wife for some time.

A New Saloon.

Pete Jacoby opened his saloon on Main street yesterday and when completed he will have one of the finest saloons in the entire southwest. The fixtures cost over \$2,000 and the place is a very handsome one. Mr. Jacoby is well known here and was formerly in business with E. F. Hardwicke and let here some time ago and has since been in Idaho. He is a general favorite here with the working class of people who frequent saloons and will doubtless have a large trade.

Quite a number of people from this neighborhood attended the school entertainment at Greenfield the evening before Thanksgiving and will proceed to say that it was one of the most interesting and successful entertainments in that district.
