MEMBER ASSOCIATED PRESS.

THE RECORD IS THE OFFICIAL PAPER OF THE COUNTY OF CHAVES AND THE CITY OF ROSWELL.

All advertisements to insure insertion in the same day's issue of The Record should be in the printer's hands before eleven o'clock in the morning. Orders for taking out any standing ad. should also be in the office by eleven o'clock to prevent its being run that day.

A bill has been introduced in the Territorial Legislature appropriating the sum of \$35,000 for the building of armories in Santa Fe, Silver City and Roswell.

The Albuquerque Citizen has stirred up the administration so effectually that an old libel law has been resurrected and rushed through the legislature. The haste shown indicates that the articles in the Citizen have reached their mark.

The Carlsbad Argus, with its usual veracity, tells a listening world that the people of Roswell with the exception of one lawyer, favor single statehood. The Argus would convey the impression that they prefer single to double statehood, but it is too truthful a journal to put it in cold type.

LOOKS GLOOMY.

"It looks gloomy for single statehood, but no gloomier than it has for many a year. It also does not look well for joint statehood. The latter is refreshing. If the people of New Mexico will have to commence the good fight over again in the Fifteenth congress, they will do so, prepared better than ever. They will not give it up until success is attained. Senator Beveridge will not control the Senate committee on Territories forever.—New Mexican.

Yes, it does look gloomy for single statehood, as it has for years and as it will for years to come unless the joint bill be passed. It is demonstrated that the single statehood bill is dead. Since the majority of the people are opposed to joint statehood, according to the New Mexican, why not withdraw opposition to the bill, allow it to pass and then kill it in the Territories?

It is also true that Senator Beveridge will not control the Senate committee on territories forever, but why that fling at the Senator since the Senate has passed the single bill? Let the New Mexican vent its spleen upon Joe Cannon and the Republican members of the House who have defeated the bill. Be honest and acknowledge that the hope of New Mexico being admitted as a state rests on the Democratic party.

A CHANCE FOR STATEHOOD.

The statehood bill has gone to conference. This, when the personnel of the House committee is considered, makes it certain that single statehood for New Mexico is dead. The Republican bosses in the House gradually rounded up the members, and the rule asked by Uncle Joe Cannon went through. Two of the three members of the committee are opposed to single statehood.

Sized up the situation seems to be this: Either New Mexico and Arizona will be left out and Oklahoma and Indian Territory admitted, or the Foraker amendment which provides that each of the territories of New Mexico and Arizona be permitted to vote separately on the acceptance of the joint statehood bill, will be accepted. This seems to be the situation. In either event the probabilities are that statehood in any shape will not be given New Mexico this time.

The opposition of the Republican majority, backed up by the President,

is so determined that it is becoming evident that single statehood will not be granted to New Mexico under the present administration. If the joint bill be passed with the Foraker amendment, then the next session of congress will probably, so the opinion is expressed at Washington, see the joint bill passed, and Arizona tied to New Mexico whether she likes it or not.

YOUNG MAN ALMOST FROZEN.

He Was Found at Eight Mile School in a Stupid Condition, as a Result of the Cold.

Will Ballard brings the news of the finding of a young man at Eight Mile school, west of Roswell, almost frozen to death on last Sunday afternoon. When a traveler came upon the boy, he was in the road, having left his saddle and was crouching down in the snow in a dazed condition. That he was about to freeze to death was shown by the fact that he refused to get up when commanded, and said he wanted to go to sleep. It was only through main force and what might in any other case be called brutality, that he was taken to the house of Pat Boon, two miles distant. The young man has been at the Boon home since he was found, but is very sick, and at last reports had not yet been able to give his name or place of abode. He is about 18 years old. The Boons are doing all in their power for the unfortunate boy and hope for his recovery.

MAY SHOOT THREE TONS.

The Big Charge Will Be At Least Two and a Half Tons of Black Powder.

W. R. Slinkard, of the Slinkard Construction Company, states that although he had intended to shoot the long talked of big charge Sunday afternoon, he now has to postpone the event until some later day, because of the wet weather. He can get no dry dirt without digging for it, for use in tamping. He states that the charge will be at least two and a half tons of powder, possibly three tons. Black powder will be used.

A Problem for Little and Big.

Here's a problem that comes from Joplin, Mo. Can you figure it out? "A man wanted a ticket to Olathe, and had only a \$2 bill. It required \$3 to get the ticket. He took the \$2 bill to a pawn shop, pawned it for \$1.50. On his way back to the depot he met a friend to whom he sold the pawn ticket for \$1.50. That gave him \$3. Now, who's out that dollar?"

ITCH—RINGWORM.

E. T. Lucas, Wingo, Kentucky writes, April 25th, 1902: "For 10 to 12 years I have been afflicted with the malady known as the 'itch.' The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured completely. 25c, 50c and \$1.00 a bottle. Sold by Pecos Valley Drug Co.

THE FINISH OF OUR LUMBER

is admired by all who examine it. There is plenty of rough lumber on the market, but for something extra fine come to us. You may travel far for better grades than we sell, but we know you will have to admit that you cannot find anything better than we have, if as good.

Though good words cost no more than bad, good words do cost a little more. Therefore our prices are graded according to quality—but never hight.

Kemp Lumber Co
East Fourth Street.

SALOON MEN WERE THERE.

Closed Their Places of Business and Attended a Revival Meeting at Artesia.—Was a Big Meeting.

Dr. C. E. Lukens returned this morning from Artesia, where he has been conducting a six day revival meeting, as a result of which there were several conversions. Prof. John Meeker, of Portales, assisted him and rendered cornet music during the meeting.

Probably the most interesting service of the meeting was on the closing night, Friday night, when, by mutual agreement, all of the six saloons of the town closed their doors and the saloon men and gamblers attended the meeting, some of them sitting on the front seat. This meeting was a great success. Dr. Lukens gave his strong sermon on "The City of Sin," and he never had a better, more attentive audience. After the meeting the saloon men thanked him for the sermon and it evidently did them much good.

On Tuesday night there was a special feature to the revival. The regular preaching service was dispensed with and a mass meeting called in its place, at which Dr. Lukens presided. The principal speakers of the evening were Mayor John Richey, Dr. Ross, E. B. Kemp, J. C. Gage, Rev. Gore, L. W. Martin and Dr. Weems. They gave addresses on Artesia and its moral and spiritual interests; also on Christianity and the business man.

All of the churches co-operated in making the revival a success.

COST OF ARMOR PLATE.

The European Nations Pay More than Uncle Sam.

Just after the letting of the recent armor plate contract to the Carnegie and the Bethlehem Steel companies, the Pittsburg Gazette said: "In view of the brisk rivalry between the newly established Midvale armor plant at Philadelphia and the Bethlehem and Carnegie plants, it is interesting to know just what other great naval powers pay for steel armor.

The Midvale Company offered to build the armor for the battle ship New Hampshire and the cruisers Montana and North Carolina for \$393 a ton for the best class of armor. The other companies bid \$454, including the royalties it must pay for the use of the Krupp process. They received the contract because a board of naval officers doubted the ability of the Midvale Company to make deliveries in quantity should it take no more contracts.

Austria pays \$544.59 a ton for bent and curved armor and \$530.47 for belt armor. France pays from \$473 a ton for special plates to \$589.12 for hard faced armor of the heaviest quality. Germany buys its armor from the Krupp works and pays from \$523 a ton for side armor to \$547 for special shapes. Japan has to pay \$577 for Krupp armor and as high as from \$605 to \$706 a ton for other varieties of armor. Italy uses a cylindrical plate armor which costs her \$675.33 a ton, while the side armor used on Italian ships costs \$532 a ton.

Chicago, Feb. 17.—Cattle receipts 13,000. Prices average 10 cents lower. Good to prime steers, 5.70@6.10; poor to medium, 3.90@5.60; stockers and feeders, 2.50@4.40; cows, 1.25@4.40; canners, 1.25@2.70; bulls, 2.00@4.20; calves, 3.50@8.50;

Sheep receipts 10,000. Market steady. Good to choice wethers, 5.65@6.15; fair to choice mixed, 4.50@5.50; western sheep, 4.70@6.10; native lambs, 5.75@8.25; western lambs, 5.75@8.25.

A HOUSEHOLD TREASURE.

The Jubilee Self-Heater.—Iron That Irons.

Every woman knows the disagreeable necessity and trouble it is to be obliged to iron during the summer. The irons must be heated over a hot stove, and by the time the irons are hot, the user is heated beyond endurance both in mind and body. In winter it is but little better.

This state of affairs has long caused people to hunt after something to do away with the use of a hot stove to heat flat irons. For many years the search was useless but it has at last been successful, and every woman can now own a flat iron which will be a real pleasure to her.

This flat iron is the "Jubilee Self-Heater." It is safe, durable, economical and makes its own heat. It saves time, labor and money. It enables you to do your work better, and to do it with ease and comfort. The "Jubilee Self-Heater" is heated by the use of gasoline. It is safe, and can be used all the year round with comfort and economy, doing away with the wear and tear of working over a hot stove.

These irons are sold at the price of five dollars. Mrs. Jerry Simpson is the Roswell agent.

Notice of Sale.

No. 587.

Western Grocery Co., Plaintiff,

vs.

J. M. George and Nancy Ann George, Defendants.

In the District Court of Chaves County, New Mexico.

Notice is hereby given that I have levied on, seized and, on Monday, the 6th day of March, 1905, at 2 o'clock p. m., will sell at public vendue to the highest bidder for cash, at the door of the Court House in Roswell, Chaves county, New Mexico, lots nine (9) and ten (10) of the Haynes Subdivision, being a part of the southeast quarter of the southeast quarter (SE 1/4 SE 1/4) of section thirty-one (31) in township ten (10) south of range twenty-four (24) east, in said Chaves county, according to the official plat of said Subdivision on file in the office of the Probate Clerk and ex-officio Recorder of said Chaves county, the property of the aforesaid defendants in the above styled and numbered cause.

That such sale is made by virtue of and in compliance with a decree of the said District Court in said cause, made on the 31st day of October, 1904, wherein and whereby said defendants were adjudged to be indebted to said plaintiff in the sum of \$149.35 and costs of suit and establishing and foreclosing a certain mortgage lien on the above described real estate in favor of said plaintiff and ordering same sold to satisfy said indebtedness, costs and the costs of sale, as I am commanded in a certain order of sale issued out of said court on the 3rd day of February, 1905, and that said costs of court amount to the sum of \$20.58, and the said costs of sale to the sum of \$25.55.

Emmett Patton, Roswell, New Mexico, is attorney for plaintiff.

Witness my hand this 4th day of February, 1905.
