CHINESE TROUBLE

CHIEF TOPIC OF CONVERSATION IN ARMY CIRCLES.

OUTBREAK ANTICIPATED

Thirteenth Infantry and Two Squadrons of Eighth Cavalry Ordered to Prepare for Field Service.

San Francisco, Cal., Feb. 5.—Army officers who arrived here on the transport Logan yesterday report the prospect of trouble in China as the chief topic of discussion in army circles in Manila. The Thirteenth infantry and two squadrons of the Eighth cavalry have been ordered to prepare themselves for field service. The destination of these troops remains a headquarters secret, but the only explanation of the order is that they are to be held in readiness for a China expedition at the first warning of an outbreak. Those who came on the Logan asked first for news from China, as they said most of the information on the subject which was current in the Philippines came by way of Washington. The officers of the troops under field orders made preparations to leave on 24 hours notice, and the expectation is that they will be sent to Peking.

FIRM OPPOSITION.

The Attitude of Germany Toward Spanish and French Having Control of Police.

Berlin, Feb. 3.—Germany's attitude towards the proposition to place the control of the Moroccan police in the hands of France and Spain is one of firm opposition, as the arrangement would, according to the German view, amount to practically giving France full authority over the police, which Germany has hitherto steadily resisted. The foreign office says that the delegates to the conference at Algiers will devote the next few days while the conference is not sitting to informal exchange of views on the subject of management of the police in an attempt to shape an acceptable plan for adjusting this vexed question.

APPLIES FOR DIVORCE.

Countess Boni de Castellane is Out With Her Husband.

Paris, Feb. 5.—The Countess Boni de Castellane, (formerly Anna Gould) today entered a plea for divorce from her husband.

Representatives of the Countess and Count appeared before the Judge, who, according to French law, endeavored to arrange a conciliation before allowing a definite suit to proceed. It is said that the Judge's effort was not successful. The suit will proceed, but owing to the secrecy in divorce proceedings here, it is difficult to confirm this report. Rumors have been current here for a long time that the Countess had decided to sever any further continuation of her relations, while her removal from the Castellane residence to the Hotel Center gave support to the belief that she had finally decided to apply for a divorce. Sensational reports have been cir-

culated with reference to the Count's conduct and the name of a prominent society leader of Paris, a woman of very high standing, has been mentioned in connection with the affair, but the greatest reticence has been maintained by all the parties concerned.

"JACK THE SLASHER."

Cuts Back of Woman's Black Velvet Dress with Long Knife.

Washington, D. C., Feb. 5.—Mrs. Wm. Barton, wife of a local physician, was the victim of a "Jack the Slasher" while walking through a department store here Saturday afternoon. The man followed Mrs. Barton for some time before slashing her black velvet dress. He inflicted a clean, even cut about two feet long, the blade of the weapon, which was evidently a long and sharp one, extending almost to the flesh. Every effort will be made to apprehend the assailant, as former experiences with the slasher in this city have been not only costly, but a large number of women have been terrorized.

A TARIFF WAR

GERMAN GOVERNMENT IS PESSIMISTIC OVER SITUATION.

WILL AVOID IT

Germany Said to Be Anxious to Avoid Tariff War, and Will Go Great Lengths in Making Temporary Arrangements and Concessions.

Berlin, Feb. 5.—Inquiries made today at the foreign office regarding the German-American tariff question elicited the information that this government is very pessimistic, even doubting that it will be possible to secure provisional arrangements from the United States which Germany would accept. Germany is anxious to avoid a tariff war and will it is said go to great lengths in making concessions which render temporary arrangements possible until a treaty is negotiated, but it is evident that the foreign office regards the suggestions hitherto made by the United States unsatisfactory. It is learned at the foreign office that the Bundesrath has not yet considered Germany's course after March first (when the new German tariff goes into effect) in the event of no arrangements having been made between the two countries, but something is expected to occur within a few days in the negotiations which will tend towards clearing up the situation.

SENSATION IN SENATE

PATTERSON SPRINGS A RESOLUTION OF INDEPENDENCE.

OVER TREATIES

Says Action of Democratic Caucus a Plain Violation of the United States Constitution.—Railroad Rate Bill in the House.

Washington, D. C., Feb. 5.—Mr. Patterson caused a sensation in the senate today by introducing a resolution relative to the right of senators in voting on treaties. Mr. Patterson's resolution recited that the action of the Democratic caucus indicating to senators how they should vote was a plain violation of the spirit and intent of the constitution of the United States, that each senator was entitled to one vote, and that any attempt to coerce him was a violation of the rights of the states, that any senator who permits himself to be so coerced weakens and degrades his state, that for any senator to vote otherwise than as his sense of duty dictates degrades his high office and assails the dignity and standing of the senate. The resolution was listened to with great interest by the senators. Mr. Lodge had prepared a resolution similar to that of Senator Patterson, declaring that a treaty like the Dominican treaty should not be made the subject of party election, but withheld it when he heard Patterson had prepared a resolution. This he heard from the lips of the Colorado senator, who claimed the privilege of presenting the matter. Mr. Lodge conceded the superiority of Mr. Patterson's claim.

Senator Tillman objected to present consideration of the Patterson resolution, unless it was a question of personal privilege. Mr. Patterson said it was not, and gave notice that he would discuss the resolution tomorrow.

The President today sent the following nominations to the senate: To be placed on the retired list with the rank of Brigadier General, Col. P. Henry Ray, of the Fourth Infantry; Marshal for Territory of Oklahoma, John R. Abernathy; Register of Treasury, Wm. T. Vernon, of Kansas; Penman Carpenter to be postmaster at Franklin, Texas.

In the House.

Washington, D. C. Feb. 5.—Before the railroad rate debate began in the house today two bills were passed. One provides for the setting aside of townsites in the Flathead Indian reservation in Montana, and the other authorizes the further expenditure of \$60,000 for county improvements from the sale of town lots at Lawton, Oklahoma. An hour to oppose the railroad rate bill was yielded to Mr. Littlefield, of Maine.

President Roosevelt today transmitted to the house the report submitted to him by the Interstate Commerce Commission in response to a resolution regarding an alleged combination of the Pennsylvania Railroad Company and certain other roads named therein in violation of the anti-trust law.

Roswell Has Another Physician.

The Record man overlooked one physician in the article Saturday. The card of Dr. Z. T. Martin appears

in this issue of The Record. Dr. Martin has been a resident of Roswell since last October, but is just now starting out to practice his profession here. He came here from Fulton, Mo., where he was superintendent of the hospital for the insane for five years. He was compelled to resign on account of the health of his wife, who has been in Roswell two years reaping the benefits of our climate. Dr. Martin had been previously connected with the insane asylum at Fulton, and was physician and surgeon of the Missouri penitentiary at Jefferson City for two years. This is one of the largest penal institutions in the United States. For twenty years he had practiced at Lathrop, Mo. Dr. Martin is a native of Winchester, Kentucky, and it may be that the Record man is prejudiced in his favor on that account. He graduated from the Jefferson Medical college at Philadelphia in the class of '67. Dr. Martin has secured offices over the Western Grocery Company, corner 4th and Main. His wife's father and mother, Mr. and Mrs. L. Bristol, of Fulton, have located here and are making their residence with him at 200 S. Lea avenue.

PACKERS' TRIAL

ATTORNEY GENERAL MOODY DISPLAYS GREAT INTEREST.

TODAYS' TESTIMONY

Related Entirely to the Number and Character of the Books Shown to Agents of the Government Under Direction of Garfield.

Chicago, Feb. 5.—Attorney General Wm. H. Moody was interested observer at the opening today of the trial and the pleas advanced by the packers. He evinced great interest in the case, frequently whispering suggestions to District Attorney Morrison who conducted the case for the government.

C. M. McFarlane, office manager of the Fairbanks Canning Company, who was on the stand when court adjourned Friday, resumed his testimony this morning. It related entirely to the number and character of the books which he had shown to the agents of the government who made the investigation under the direction of Commissioner Garfield.

Death of a Young Man.

Manford Cromwell, aged 23 died Saturday at 12 o'clock in a tent on S. Hill of tuberculosis. He came here from Elizabeth, Indiana three months ago for the benefit of his health and was getting along very well, until about a week ago he was seized with an attack of pneumonia and this was the immediate cause of his death. His two sisters were at his bedside when the end came and they accompanied the remains to the old home yesterday morning for burial. Services were conducted yesterday morning at the Ullery Mortuary by Rev. William Rease and Rev. Twitty.

Mose Schloss, the Dexter postmaster, was in Roswell over Sunday. He says that no clue has been discovered as to the identity of the burglars who attempted to open the safe last week in the store at Dexter.

COLDEST OF WINTER

COLD WAVE SWEEPS OVER THE COUNTRY.

LOW TEMPERATURES

Missouri Experiences Zero Weather, but Wisconsin Carries Off the Record with Twenty-six Below.—Snow Falling in Ohio.

Kansas City, Mo., Feb. 5.—The cold wave in this part of the Southwest last night is moving toward the Gulf according to reports received here today at the local weather bureau. The coldest point in this section today was Springfield, Mo., where it is 2 degrees below zero. Zero weather prevailed in northern Missouri and throughout Kansas. Other temperatures reported were as follows:

Oklahoma City, six above.
Muskogee, I. T., eight above.
Ft. Smith, Ark., 10 above.
Amarillo, Texas, 8 above.
Ahlene and Fort Worth, Texas, 14 above zero.

Coldest of the Winter.

Milwaukee, Wis., Feb. 5.—Wisconsin is experiencing the coldest weather of the winter today, according to the records of the weather bureau. In Milwaukee the thermometer registered one and four-tenths degrees below zero. The government records give marks ten below at Green Bay and eight below at Madison.

Superior, Wis., Feb. 5.—The temperature here today was 25 to 26 below zero, the coldest night and morning of the season.

La Crosse, Wis., Feb. 5.—Today was the coldest of the winter, being 15 below zero, a fall of forty degrees in two days.

St. Paul, Minn., Feb. 5.—The coldest weather of the winter settled on St. Paul last night and today. The official record is 16 below zero.

Snow Falling in Ohio.

Cleveland, O., Feb. 5.—Snow has been falling throughout Northern Ohio for more than twenty-four hours, with the result that the traffic of many steam and electric cars are badly delayed today. According

to the weather bureau reports the temperature will again fall to the zero mark by night.

(The Record's telegraphic reports came from Memphis today, indicating that there is bad weather in Colorado, as the reports usually come from Denver.)

RECLAMATION ATTORNEY.

John C. Wallis, Examines Papers of the Water User's Association Visits the Hondo.

John C. Wallis, one of the most eminent attorneys of Chicago who has been employed by the United States Reclamation Service to look after legal business pertaining to the Reclamation Projects in the west left last evening after a visit here. He made a careful examination of the papers of the Water User's Association of the Hondo reservoir. He says he found them in good condition and the preparation of the papers reflected excellent credit to Fred Hunt, of the U. S. G. S. He visited the Hondo reservoir. Mr. Wallis went to Carlsbad from here where he will meet Consulting Engineers W. H. Saunders and B. M. Hall and he will look into legal matters there in regard to the reclamation work that will be done by the government at Carlsbad.

AFTER THE WOLVES.

Oklahoma Game Warden Instructed to Clean Them Out of the Ft. Sill Reservation.

Lawton, O. T., Feb. 5.—The Secretary of the Interior has instructed Col. E. T. Morrissey, game warden, as supervisor to conduct a three days hunt commencing today to rid the national game preserve at Ft. Sill of wolves. The entire garrison at Fort Sill will participate in the hunt, and it is expected that the mounted hunters will number 1,000. The entire 26,630 acres of the forest reserve will be covered during the hunt.

There is talk of running a daily freight train from here to Carlsbad with one passenger coach attached, leaving Roswell each morning at 8 o'clock. So far it is only "brakeman talk," Agent Burns knowing nothing about it. The trainmen, however, have heard the story at Amarillo, which is headquarters.
