You are warned now, if you have not heretofore realized it, that it is extremely dangerous and may be very disastrous to helpless people. With such a condition and should a runaway occur on

CROUP

THERE IS NOTHING that strikes terror to the hearts of parents more than to be awakened in the night by the ringing cough which accompanies an attack of croup. The child may retire with nothing but a slight cold and a few hours later the family be aroused by the ominous symptoms. Every home where there are small children should be prepared for these sudden attacks, as prompt treatment is necessary. Do not experiment with remedies of doubtful value, but get

CHAMBERLAIN'S COUGH REMEDY

that has been in use for nearly forty years and never known to fail.

Mr. Homer Krohn, of Lisbon, Iowa, in a letter to the manufacturers of Chamberlain's Cough Remedy praises this medicine for what it has done for his children. He says: "It has not only saved them once but many a time. Only two weeks ago my boy had the croup so bad in the night that had it not been for having a bottle of Chamberlain's Cough Remedy in the house he would have choked before a doctor could have gotten to the house. It is a medicine that no one should be without at any time." It is pleasant to take and many children like it.

"We guarantee every bottle of Chamberlain's Cough Remedy," says W. M. Parish, Palmetton, Ontario. "Out of the many bottles sold last winter not one was returned. We recommend it especially for children with croup." Chamberlain's Cough Remedy is famous for its prompt cures of coughs, colds and croup. When given as soon as the child becomes hoarse an attack of croup may be averted. This medicine is entirely free from narcotics or injurious substances of any kind and may be given to the little ones with absolute safety.

Attacks of croup are most likely to occur during the early winter months, and every family with young children should be prepared for it. Keep a bottle of CHAMBERLAIN'S COUGH REMEDY in your home. It only costs a quarter, large size 50 cents. Your druggist sells it.

the street, the disaster might be very great. Parents should be a little more thoughtful, not quite so indifferent and forgetful.

I have frequently taken children from buggies or carriages and removed them to places of safety and I have instructed the peace officers of the City of Roswell to remove children left in such condition to a place of safety and if horses are not tied to remove them to the livery stable at the expense of the owner or driver.

We are trying to make Roswell a safer and better place for life and property and a cleaner, better place in which to live. We want the help of all the good people and all should give attention to this in view.

We trust as the new year begins that it will not be necessary for peace officers to act in this matter or for the Mayor of the City to again call attention to the condition.

Respectfully submitted,
G. A. RICHARDSON,
Mayor.

Christmas Hop at Institute.

The Christmas week dance of the cadets at the Military Institute was held Saturday night and was attended by the good time that is characteristic of the social affairs of the cadets' club. On account of the proximity of Sunday, the dancing was commenced early and continued until 11:30. The Norvell orchestra furnished the music and every number was a good one.
