The Independent Meat Co.

The above firm which opened for business, September 7th, at 120 E. 3rd St., as the name implies is separate and independent from any meat market in the city. The manager, J. S. Townsend, has made it the policy of the firm to ship in no meat, only fish and oysters, making it a home concern using native goods and catering for the public patronage on the ground of selling the best quality of

lowest market prices. The beavers used are from the mountains and the plains. The mutton, hogs and fowls are from nearby ranches. Pure home rendered lard is manufactured on the premises, and the sausage and ham-burg steaks are ground by an electrical and sanitary machine. A large assortment of everything choice found in a well regulated market is kept constantly on hand. This firm appreciates the liberal patronage that has been accorded them and wishing all a prosperous New Year asks for the same treatment from their friends and customers.

CROUP

THERE IS NOTHING that strikes terror to the hearts of parents more than to be awakened in the night by the ringing cough which accompanies an attack of croup. The child may retire with nothing but a slight cold and a few hours later the family be aroused by the ominous symptoms. Every home where there are small children should be prepared for these sudden attacks, as prompt treatment is necessary. Do not experiment with remedies of doubtful value, but get

CHAMBERLAIN'S COUGH REMEDY

that has been in use for nearly forty years and never known to fail.

Mr. Homer Krohn, of Lisbon, Iowa, in a letter to the manufacturers of Chamberlain's Cough Remedy praises this medicine for what it has done for his children. He says: "It has not only saved them once but many a time. Only two weeks ago my boy had the croup so bad in the night that had it not been for having a bottle of Chamberlain's Cough Remedy in the house he would have choked before a doctor could have gotten to the house. It is a medicine that no one should be without at any time." It is pleasant to take and many children like it.

"We guarantee every bottle of Chamberlain's Cough Remedy," says W. M. Parish, Palmerston, Ontario. "Out of the many bottles sold last winter not one was returned. We recommend it especially for children with croup." Chamberlain's Cough Remedy is famous for its prompt cures of coughs, colds and croup. When given as soon as the child becomes hoarse an attack of croup may be averted. This medicine is entirely free from narcotics or injurious substances of any kind and may be given to the little ones with absolute safety.

Attacks of croup are most likely to occur during the early winter months, and every family with young children should be prepared for it. Keep a bottle of CHAMBERLAIN'S COUGH REMEDY in your home. It only costs a quarter, large size 50 cents. Your druggist sells it.
