

ROSWELL DAILY RECORD.

VOLUME 8.

ROSWELL, NEW MEXICO, THURSDAY EVENING, JUNE 9, 1910

NUMBER 83

VEAL TALKS SPRINKLING

Mayor George T. Veal stated to a Record reporter in an interview today that he was not inclined to take further steps towards sprinkling the streets of Roswell under the sprinkling ordinance recently passed by the council. "I have taken a personal interest in this ordinance," said the Mayor, "and it was upon my assurance that I would personally purchase the teams and wagons necessary to do the work that the council agreed to pass and did pass, the ordinance. I have been advised by both Mr. Reid and City Attorney Dow that in order to make matters absolutely safe a test suit should be brought to determine if a majority of the council had the legal right to pass this ordinance or whether it requires a two-thirds vote of the members elected to pass it, (it being questionable whether the provisions of the law is for street improvement or for street maintenance.) In addition to my offer to advance the money to purchase the sprinkling outfit, I do not care to assume the burdens or chances of a law suit and I withdraw my offer until such a time as seven members of the council vote for the ordinance or two-thirds of the property owners affected by it petition the council to pass it, and it then passes by a majority vote. Seven members of the council are in favor of this ordinance at present—the seven who stood for the prohibition ordinance—but councilman Pearce is absent for a couple of months and this practically ties the hands of the entire council."

It is sincerely to be regretted that Mayor Veal has been compelled to take the action he has, and it seems to be up to the property owners to present a proper petition and to urge the passage of the ordinance. It seems clear that whatever is obtained in the direction of making wet the streets must be through the "dry" members of the council.

AGED WOMAN FOUND MURDERED IN HER HOME.

Leavenworth, Kan., June 9.—Elizabeth Schultz, a wealthy widow seventy-four years old, was found murdered early today in her home within a block of the police station. It is believed that robbery was the motive. The murderer set fire to the house after killing the woman and her arms were partly burned off. It is said that Mrs. Schultz was worth a half million and kept a large sum in her house.

CRITICS SAY JEFFRIES IS IN FINE CONDITION.

Ben Leonard Cull, June 9.—Critics who have followed Jeffries' training operations closely are of the opinion the fighter has improved fifty per cent in the last two weeks, and they attribute his remarkable gain chiefly to the big fellow's recently acquired cheerfulness.

Jeffries, himself, is entirely satisfied with his present condition and declares that if his battle with Johnson were but ten days off he would be in perfect trim. "A short or a long fight," said Jeffries today, "I will be prepared. Any one who thinks I am likely to tire easily is fooling himself. I could fight all day if necessary."

Kaufman with Johnson.
San Francisco, June 9.—Al Kaufman, who is soon to fight Sam Langford here took up his quarters at Jack Johnson's camp this morning, and will train there. The arrival of Kaufman means heavy work for Johnson

for the next week or ten days. They are expected to don the gloves often in ring work outs. Johnson is vastly pleased over the prospect of lively sparring clashes with the brawny blacksmith and seems to have forgotten all about his managerial troubles and the "golden smile" is once more in evidence.

SOME FAMOUS GUN SHOTS COMING TO TOURNAMENT.

Additional to the two carloads of sports men, including forty or fifty amateur crack shots from several surrounding states, there will be at the tournament of the Roswell Gun Club June 14, 15 and 16, next week, at least four wing shots who hold national reputations. These four will be Ed Forsgaard, of Waco; Dave Elliott of Kansas City; Luther Wade, of Dallas, and Chels Gottlieb, of Kansas City. With them, also, will be eleven year old Sam Forsgaard of Waco, who will do some wonderful shooting and trick work, considering his years.

That the shot will be a success goes without saying. The Roswell Club has perfect conditions at to light, room and the latest improved traps. Many events are planned for the visitors, including a chicken pie dinner by the ladies of the Baptist church.

A bunch of Roswell sportsmen went out yesterday and took a try-out shoot, making good scores, as follows:

CLAIMS PEARY APPROPRIATED HIS POLAR COLLECTIONS.

Berlin, Germany, June 9.—Commander Robert E. Peary, who was served here today with papers in the suit brought by Rudolph Francke, left for London this morning. The American explorer has placed the matter of the litigation in the hands of Ambassador Hill.

Francke was associated with Dr. Cook in the north pole exploration and alleges that Peary found him ill at Etah and took advantage of his condition to take his collection of furs and new wal teeth as a price for transporting him homeward. Francke demands ten thousand dollars as the value of the Arctic products which he claims he handed over to Peary.

WANTS RAILROAD OFFER

Roswell had a visit last night from M. J. Healy, of Dallas, a promoter associated with the Rock Island railroad. He wants a railroad proposition out of Roswell, as he considers this the most logical point for a new railroad in the entire southwest. This is his idea of the situation as expressed to some prominent citizens last night. Mr. Healy came in late yesterday, from Pecos and left this morning for Texico. He was a guest at the Roswell Hotel.

Mr. Healy was seen last night by John T. McClure, vice-president of the Commercial Club, and C. D. Dille of the Commercial Club's railroad committee. They met with him at the Roswell Hotel and had an hour's talk with him. His ideas will be expressed at the annual meeting of the members of the Commercial Club tonight. He will return in eight or ten days to take up the railroad question with the people of Roswell.

Upon hearing that Roswell had deposited notes for \$100,000 and offered this sum, right of way to the Texas line and terminal grounds to Edward Kennedy for a new railroad, Mr. Healy stated that he would give bond in ten days to bring a road to Roswell for that kind of a subsidy. He would want the bonds in a shape that it could be used in building the road, however, and that is what Roswell declined to do in Kennedy's case.

Mr. Healy is now promoting a road from east of Tucuman, near the New Mexico-Texas line, south through the west tier of Texas counties to Pyote, near Barstow, Texas. That is the purpose of his trip to Texico. He will be there eight or ten days and then come to Roswell.

PRINCETON GETS LARGE SUMS BY REQUESTS.

Princeton, N. J., June 9.—As the

result of a special meeting of the board of trustees, Princeton University will acquire about \$1,150,000 in gifts. The bulk of this comes as the renewal of an offer made by William Cooper Proctor of Cincinnati and Briggs to end the controversy gave way. A condition is that the alumni raise an equal amount, all to go to a graduate college. This amount is said to be pledged by prominent alumni. Mrs. Russell Sage has given \$150,000 to add to dormitories already donated by her and to build a great memorial tower 150 feet high on the campus.

The bequest by the late Isaac C. Wyman, of Salem, Mass., variously estimated at two to four millions, is said was the cause of the closing of the breach over the graduate college site. It is understood that the half million raised by the alumni is now to go to the preceptorial system.

ROYAL NEIGHBORS OF ROSWELL REORGANIZE.

Although the Royal Neighbors were organized about a year ago, they have not been an active, working body and yesterday afternoon they were reorganized and in the future intend to become one of the leading societies for ladies in the city. The reorganization was accomplished by Mrs. Laura F. Hollums, of Colorado Springs, Col., who is Deputy Supreme Oracle for New Mexico. At the reorganization the following officers were elected: Oracle, Terah Tuttle; Past Oracle, Lora B. Gibbany; Recorder, Emma Moore; Chancellor, Edna Rogers; Inside Sentinel, Daisy Floyd; Managers, J. L. Gibbany, John W. Rogers and Lela English; Physician, Dr. E. M. Fisher. The Roswell lodge has 25 Royal Neighbors in good standing. This lodge is an auxiliary to the Modern Woodmen of America and, among women, is the largest insurance society in the world.

H. M. Dow went to Clovis this morning for a short business visit.

INSURGENTS LOST IOWA

The standpat element claims a majority of 150 delegates in the state convention, insuring a platform endorsing the Taft administration and scoring the insurgents, particularly Senator Cummins.

Milwaukee, Wis., June 9.—The administration of President Taft was strongly endorsed in the platform unanimously adopted by the Republican state convention today. The present tariff law was also endorsed and the provisions for the maximum and minimum schedules commended.

Still Doubtful in South Dakota.

Sioax Falls, S. D., June 9.—The result of Tuesday's primary is still in doubt. Egan the independent Republican, claims he won by not less than 3,000, but the managers of the progressive campaign claim the nomination of Vessey. The official count may be necessary.

MEXICAN REVOLUTIONISTS ARE RELEASED AT JUAREZ.

El Paso, June 9.—After having been prisoners in the Juarez jail since September, 1908, four Mexicans suspected of being connected with the revolutionary effort of two years ago, were released from custody today by order of the federal court. The men are German Vargas, Porfirio Uranga, Jesus Martinez and Andrew C. Tellez. While the technical charge was conspiracy against the government they were also believed by the authorities to have attacked and robbed the customs house at Las Palomas, Chihuahua, in June, 1908, a day or so after the revolutionary battle at Las Vacas. Three men, Magon, Villareal and Rivera are now serving a term in the penitentiary at Arizona as being leaders in the 1908 revolution.

BUCKET SHOP MEN MUST STAND TRIAL.

Philadelphia, June 9.—Judge McPherson, in the United States district court, today decided that the alleged bucket shop men arrested here a few weeks ago, must go to Washington for trial. They had resisted extradition. This case is included in the government's campaign against bucket shop operators in the various large cities of the country.

An appeal was immediately taken

to the Supreme Court of the United States. The defendants are Thomas Campbell, Marshall Parris, Humphrey Owens, Harry Stempel, George Turner and Albert Ford. They were arrested at the time the Washington authorities made raids on bucketshops in Baltimore, Philadelphia, Jersey City and New York.

MISCREANT BURNS TWO HAYSTACKS AND STEALS.

Another fire of malicious origin occurred in Roswell last night. The alarm came at about nine o'clock. Some person had set fire to two haystacks in the barnyard of Parker Earle just east of the city. The water connections were too far away for the fire department to do any work and both stacks were burned, about twenty-five or thirty tons of hay being lost. While the fire was going on some person, thought to be the one who fired the hay, rifled a tool box at Mr. Earle's rental property, which is a short distance from his home, and stole several valuable tools. And still there is no clue as to the identity of the guilty parties.

St. Louis, Mo., June 9.—Three men were killed, two fatally injured and six others seriously hurt when the St. Louis, Iron Mountain and Southern fast mail train for Texas was wrecked near the city limits early today.
