### THE TARIFF BILL.

EFFECT OF THE RECENT ELECTION ON THAT MEASURE.

#### THE REVISIONISTS ARE PAUSING.

Democratic Protectionists Are Opposed to Any Considerable Extension of the Free List or Sweeping Reductions of Tariff Rates—Other Washington News of General Interest.

WASHINGTON, Nov. 11.—It is difficult to predict what effect the recent elections will have on the tariff bill now being formulated by the Democratic majority of the ways and means committee, but the utterances of Chairman Wilson indicate that the result will have little weight in changing the policy of the party leaders. Indeed, Mr. Wilson rather confidently predicts that the passage of the very measure now being prepared by himself and his colleagues will be the only thing needful to restore public confidence and replace the Democratic party on the pedestal of political supremacy.

But the opinion of Mr. Wilson is not shared by all the other prominent men in his party. In fact, there are indications that the result of Tuesday's elections will impel several Democratic leaders of national reputation to counsel the ways and means majority to moderation, and warmly discourage the radical legislation that the free trade wing of the party has been so strongly urging.

There has always been a strong Democratic faction in the house of representatives opposed to any considerable extension of the free list or sweeping reductions of tariff rates, but the overwhelming majority received by the Democratic party in the elections a year ago effectively checked this element up to this time. Now, however, that the popular expression seems suddenly to have changed the protectionist wing of the party has taken heart again and will certainly make itself heard in council. It has been quite generally believed that the bill to be reported by the ways and means committee will enlarge the free list by removing the duty on wool, lumber, iron-ore, coal and salt. Already the Democratic opposition to this policy has become so apparent as to demonstrate much truth in the famous characterization of Hancock that declared the tariff question to be largely a local issue.

The main opposition to free wool comes from one locality, the objection to free lumber from another, the opposition to free coal from still another, and so on through the entire list of articles sought to be added to the free list. It is natural, therefore, that the desire for a Democratic caucus should be expressed by the malcontents, and this desire that is just now creating some commotion in the ranks of the radical tariff reformers.

The request for a caucus has been made by so eminent a leader as Judge Callahan, chairman of the judiciary committee, and even Congressman Bland of Missouri is credited with the determination to fight the committee recommendations if they place all the articles enumerated on the free list.

### UNCLE SAM'S POLICY.

IT IS MADE CLEAR ON THE BRAZILIAN REVOLUTION.

CAN'T RECOGNIZE ADMIRAL MELLO.

Minister Thompson instructed as to the Policy of This Country—The United States Merely a Look-on in the Present Controversy—The Rebel Leader in a Rather Bad Shape.

WASHINGTON, Nov. 11.—Secretary Gresham received a dispatch from Minister Thompson at Rio de Janeiro that he had received a circular from Admiral Mello, the insurgent leader, asking that the United States recognize his right as a belligerent. Minister Thompson asked for instructions.

After a conference between Secretary Gresham and the president, Minister Thompson was instructed to say to Admiral Mello that in the opinion of this government he had not been able to establish either a political or military organization which entitled him to the recognition he asked and that it would not be practical to recognize him as a belligerent. Secretary Gresham added that the position of the United States in the present controversy was that of an impartial observer.

It can be stated on the highest authority that there is no foundation whatever for the published story that the English government through its ambassador has urged the United States to exert its mediating influence between the contending elements in Brazil in order to bring to a speedy close the internal strife which is now in progress there.

### OFFICIAL ELECTION RETURNS.

Majority in New York.

New York, Nov. 11.—Official figures received from counties in which the total vote on the secretary of state and judge of the court of appeals was estimated, make the plurality of Palmer, Republican, over Meyer, Democrat, 24,768, and of Bartlett, Republican, over Maynard, Democrat, 100,110.

The entire vote of Gravesend may be thrown out by the board of canvassers, as irregularities and fraud are charged. There is no change in the senators and assemblymen announced as elected.

The Republicans will have a majority of six in the senate and twenty in the house on joint ballot.

Complete Returns from Colorado.

DENVER, Col., Nov. 11.—Complete returns from the interior of the state now being in, the fact is clearly demonstrated that the People's party is no longer a factor in state politics, and after a year of experience, the Republican party is once more safely in control. The silver issue of last year carried the Populists into power. The leading mining towns, with few exceptions, returned their usual Republican majorities, and even in counties where they were formerly strong the Populists have elected their tickets by greatly reduced majorities.

More Kansas Returns.

TOPEKA, Kan., Nov. 11.—The Republican now claim the election of 47 out of 60 county officers chosen on Tuesday, concealing 130 to the Populists and twenty-three to the Democrats. This gives the Republicans a gain of eighty-five over the election in 1904, a loss of sixty to the Populists and twenty-five to the Democrats.

Barnet Elected Judge.

WELLINGTON, Kan., Nov. 11.—The official count elects J. A. Burnett, Republican, judge of the Nineteenth judicial district by a majority over J. E. Halsell, the fusion candidate.

### DUN'S REPORT.

A Distinct Improvement in Business Is Noticeable.

New York, Nov. 11.—R. G. Dun & Co.'s weekly review of trade says: The turn of tide has come. Since the elections there has been a distinct improvement in business, and particularly in manufacturing. There is some increase in actual transactions and much in the tone of business. Men of all parties feel that there is ground for greater confidence, the silver question being put definitely out of the way and the chance of disturbing action in other respects being lessened, while the right of the people to rule their rulers has been vindicated.

The failures of the past week have been 561 in the United States against 270 for the same week last year, and in Canada 37, against 70 last year.

### Clearing House Returns.

A Baby With Two Heads, Two Hearts and Two Spines.

St. Joseph, Mo., Nov. 10.—Last night Mrs. Anton Koschick, a Polish woman, living a short distance east of this city, gave birth to an infant having two fully developed heads attached to one body. The two heads are perfectly formed and are covered with black hair.

It is a girl, and, in addition to the two heads, has two hearts, two sets of vital organs and two spinal columns. The feet point in opposite directions. Instead of pointing forward, the child was fully developed, weighing fourteen and one-half pounds. It was found necessary to cut off one of the heads to deliver it.

### Bound and Gagged the Postmaster.

LOUISVILLE, Neb., Nov. 11.—Postmaster Thomas Shryock, of this place, sleeps in the postoffice. At midnight last night he was awakened by three men, who seized him and after gagging him they bound him with ropes. They then went through the safe, which they succeeded in opening after half an hour's work. The whole time occupied in the proceeding was not over an hour, and then the robbers quietly departed. Postmaster Shryock succeeded in slipping the gag from his mouth, but it was not until after 5 o'clock this morning that he succeeded in attracting the attention of a passer by who entered the office and cut the ropes.

### In Memory of Chicago Anarchists.

LONDON, Nov. 11.—The anarchists of all groups gathered at the South Place institute last evening to commemorate the execution of the Chicago anarchists six years ago. The hall was crowded. On the walls hung red flags and scrolls with anarchist mottoes. One scroll bore the words: "There will be a time when silence will be more powerful than scrolls or voices." Over the platform were the words: "Condemned and murdered, November, 1887."

### THE FEMALE POPULIST LEADER DISCUSSES KANSAS POLITICS.

TOPEKA, Kan., Nov. 11.—Mrs. Mary E. Lease returns from her speech-making campaign in the East in a disgusted state of mind. She places the responsibility for the defeat of the Populists in Kansas upon the state administration whom she charges with being corrupt. She is especially severe in her criticism of Governor Leavelle, whose appointment she holds a placard on the state board of charities which pays her \$1,200 a year, while United States Senator John Martin she repudiates as unworthy of the support of the People's party. She says the whole crowd must be turned down.

PROVIDENCE, R. I., Nov. 11.—Daniel M. The government does not sustain his action. Steps have already been taken to ask for the extradition of Bouilla from Guatemala.

### A Rebuke by the President.

WASHINGTON, Nov. 11.—The president today pardoned Clarence H. Harris, formerly cashier of the National bank of Dubuque, Iowa, convicted of falsifying reports to the comptroller. In his order the president says: "Judges and district attorneys think persons indicted ought not to be punished, the indictments would better be abandoned by them instead of bringing about a conviction and immediately following it with a request for pardon."

### Info Receivers' Hands.

DENVER, Col., Nov. 11.—Judge Hallett on motion of Wells, Taylor & Taylor and William M. Safford of New York today appointed George E. ### RACE WAR IN KENTUCKY.

Excitement Over the Phil Evans Trial Causes a Bloody Fight.

LOUISVILLE, Ky., Nov. 11.—A spasm of mob violence followed the trial of Phil Evans at Bardonia, Ky., since for the past week the people of this and surrounding counties have been aroused to a high pitch over the assault on John Hall by Phil Evans. At the trial last evening the testimony of one of the witnesses tended to prove the innocence of the accused.

The negroes have all been favorable to Evans. A crowd of them had congregated outside the court house and when Evans was conducted from the court house to the jail by the militia, they cheered him. The streets were packed with crowds of white people. The cheering of the negroes so exasperated the whites that a fight was the result.

The deputies made a charge upon the negroes and arrested three of them. John Noble, a negro, was badly wounded and will probably die. Paul Able and another negro named Sims were arrested. These men are desperate and were badly beaten up. Several negroes and one or two whites were killed outside the court house and not a serious nature.

Deputies reinforced by the militia, soon dispersed the mob. More trouble may result. The negroes are considerably wrought up over the occurrence and threaten vengeance. The whites, however, largely outnumber the blacks and an outbreak will result disastrously for the latter.
