Hung Chang Says Occupation of the Philippines by Americans is a Mistake.

Chicago, Sept. 18.—An interview with Li Hung Chang has been made public. The famous Chinese says he considers the occupation of the Philippines by the Americans a mistake, and a regrettable variation from the policy of not mixing in the affairs of other nations. He says the Americans could easily buy Aguinaldo, and that is the easiest way of stopping the war.

Democrats Invited to Join Hands With the National Committee

Chicago, Sept. 18.—The first formal meeting of national Democratic committee members began here this morning. Ex-Gov. Stone says the meeting is for the purpose of perfecting plans for a reorganization that will be an invitation for all Democrats to join hands with the national committee hereafter. He said nothing would be attempted in the way of forming a platform.

The Episcopal church of the diocese of Oklahoma and Indian territory, has undertaken the publication of portions of its prayer book in the Cheyenne Indian language. The translations are made by the Rev. D. A. Sanford, who is stationed at Bridgeport, and the printing is being done at Shawnee headquarters of the mission district where the church owns a printing plant. The printing is under the direction of Rev. F. C. Smith. It is only within the last three or four years that the Cheyenne has been a written language.

The pain of a burn or scald is almost instantly relieved by applying Chamberlain's Pain Balm. It also heals the injured parts more quickly than any other treat ment, and without the burn is very severe does not leave a scar, or a mark on the skin.

Public sentiment at Norman is opposed to allowing negroes to live or be employed in that town. J. J. Wallace, a contractor, went there last fall with a negro assistant, to put a roof on a building. A mob attacked the negro. Wallace interfered, and was badly beaten. He brought suit against the town for \$20,000 damages, alleging that the police failed to protect him. The case came before Judge Burwell, who sustained a demurrer to the plaintiff's petition and threw the case out of court, holding that a municipality could not be held responsible for its police doing or failing to do their duty. The case was appealed to the supreme court.

Wanted—Girls to learn the millinery business. Apply to Mrs. Johnson room formerly occupied by Keder opposite the Leader Office.

Horace Speed, of Guthrie, came before the board of county commissioners last Monday and submitted a proposition whereby he offers to take up the matter of collecting that part of the Osage taxes which the last session of the legislature knocked out, and conduct it through the probate, district and supreme courts of the territory for a compensation of 30 per cent of all he collects, his per cent to be paid in county warrants, monthly, as the taxes are paid in. The amount of taxes involved in this litigation is something over \$25,000, and if all is collected, would net Mr. Speed a neat sum of about \$9,000.—Pawnee Times Democrat.

RUSHING THINGS.

Hirsch & Kaufman, of the Grand Leader.

The Grand Leader will open the last of this week, so say Hirsch & Kaufman, the proprietors. About fifteen clerks are working hard on their new stock in the Brooks building marking and assorting goods. As soon as the workmen in their new store rooms, the Weinberger building, finish a part of the rooms, Messrs. Hirsch & Kaufman will move in some of their stock, so that when the building is completed the brand new stock worth \$25,000 will be placed. Then the opening will take place. It will be an opening that will open the eyes of all Oklahomans.

Complaint to Messrs. Herod & Widmer of the oldest and most successful law firms in Guthrie has been filed against that of Herod & Widmer. The gentlemen have been together for several years, and the dissolution now is only caused by the determination of Mr. Widmer to seek new fields outside of Oklahoma. Judge Herod will remain in Guthrie and continue in the practice, and as he has a reputation second to none he will surely continue to do well. He has frequently had business in the courts here, and has won the admiration and confidence of court attendants by his clear and concise way of presenting his cases to the court and splendid management of cases which he tried. We are sorry to see Dan Widmer leave Oklahoma, and hope that he will prosper in his new field.—Chandler Democrat Tele gram.

REPORT.

Of Governor Barnes This Year will Eclipse All Others.

Governor Barnes' annual report to the Secretary of the interior department is almost ready for the government printer. Secretary Wrenner has been at work on the report for months and as soon as the governor returns from the east the manuscript will be submitted for his approval and sent to Washington. Governor Barnes' report for 1898 was by far the best ever prepared by a governor of Oklahoma. It covered practically every subject that could be treated in such a document, and in a manner that created greater interest in Oklahoma in every part of the United States. In addition to the well written subject matter, the report contained beautiful half tone pictures of Oklahoma's marvelous live stock, agricultural and horticultural industries.

The report this year will be even better than the last one. The pictorial features are both unique and attractive. The territory has been ransacked for information descriptive of its natural resources and their development. The showing made will astonish not only citizens of other states, but even Oklahomans themselves. A new feature of the report will be a statistical statement by counties on the following subjects: Location, area, population, taxable valuation, bonded debt, tax levy, number of school districts, number of school children, number of school sections, government land subject to homestead entry, county seat and other leading towns, principal occupation of people, products, manufacturing industries and undeveloped resources.

Another new feature will be a description of the industrial and commercial progress of cities. Twenty-two towns are considered as follows: Number of manufactories established, number of employes, number of business buildings in course of erection, public improvements contemplated, new buildings contemplated for the coming year, public improvements in progress.

Good Enough to Take. The finest quality of leaf sugar is used in the manufacture of Chamberlain's cough remedy and the roots used in its preparation give it a flavor similar to that of maple syrup, making it very pleasant to take. As a medicine for the cure of coughs, colds, la grippe, croup and whooping cough, it is unequalled by any other. It always cures and cures quickly. For sale by C. R. Renfro.

Thomas Wolf, a Santa Fe Laborer, Run Over Near Asp.

Okla., Sept. 18.—About 11 o'clock this morning a Santa Fe work train was moving along near Asp and the workmen were throwing off poles, when Thomas Wolf, while about 35 old, fell from the train, the wheels run over him, cutting off his head and otherwise horribly mutilating him.

Wolf lived at Pierce City, Mo. The justice of the peace of Okla. is holding an inquest over the remains.

George A. Barber, son of W. H. Barber, of Guthrie, enlisted in the regular army last May and was sent to the Philippines for service. He writes a long letter to his father, describing life in Manila and encloses a copy of the American, a daily paper published at Manila. The paper bears the date of August 6th, and contains much interesting matter pertaining to the army and the people in the islands. A feature of the paper is a page advertisement of the Patat beer. The American is well printed and looks like a prosperous Oklahoma weekly.

Among the local notices is this: "Next Saturday's boxing contest at the Theatre Lincenard will include Kid O'Grady 115 pounds, 20th, infantry, the great Hepler heavy weight, 20th, Kansas, Lang, 16th, infantry, Billy Martin, South Dakota, and many others."

"It is my opinion that Gov. Barnes will hold his term of office clear through, and that there is not now, nor never was, any intention of removing him. I went to Washington with my daughter to place her in school there."
