MARVELOUS INVENTION

Will Revolutionize Shipping

WORK OF AN AMERICAN NAVAL OFFICER

Will Enable Vessels to Cross the Ocean Within Three Days

Scrpps-McRae Press Ass'n.
London, July 9.—Lieut. Graydon, formerly of the American navy, who built the London-Paris Ferris wheel, today allowed an inspection of his invention which promises to revolutionize the world's shipping. It is a compound steam turbine which uses steam under fifteen different pressures within a single cylinder the size of a nail keg. It uses less than one-third the amount of steam of an ordinary engine. Carnegie is organizing a four million dollar company to apply the invention to steamers. It is believed it will enable ships to cross the Atlantic in three days.

BOERS' RAID.

Scrpps-McRae Press Ass'n.
Cape Town, July 9.—The Boers raided Murraysburg, an ungarrisoned town, and burned all the public buildings and many residences.

AGAINST AMERICA.

Scrpps-McRae Press Ass'n.
Vienna, July 9.—An extra Post asserts that a general outline for an European customs league against American commercial invasion has been settled between Austria, Germany and Hungary. Smaller states have signified their intention of joining. The success of the scheme depends upon the action of France and Italy.

PASSED THE GREAT REPUBLIC.

Scrpps-McRae Press Ass'n.
Liverpool, July 9.—The steamer Shenandoah reports passing June 15, the 25-foot sloop, Great Republic, carrying Captain Blackburn, the sole passenger, from Gloucester, Mass., to Lisbon. The captain was well.

KAISER COMES TO AMERICA FOR A YACHT.

Scrpps-McRae Press Ass'n.
New York, July 9.—The report that Kaiser Wilhelm has ordered an American yacht is confirmed by a local shipbuilding firm.

NEW ADJUTANT GENERAL IS ANNOUNCED.

E. P. Burlingame Named to Succeed Bert C. Orner.

Governor Jenkins this afternoon announced the appointment of E. P. Burlingame to be adjutant general, to succeed Bert C. Orner. The appointment is to become effective within the next five days.
Mr. Burlingame is one of Guthrie's best citizens and an old soldier. He was seen about the appointment and said it was made voluntarily by the governor, that he had never asked for anything from his hands.

The Rev. Kemp to Preach.

The Rev. George H. Kemp of Chicago, will preach at the Presbyterian church on next Sunday morning. He asks all the members of the Congregational church to be present. The Rev. Kemp is here to reorganize the Congregational church body and will be here for several days. Mr. Brooks has signified his permission that services may be held in the opera house and arrangements will be made at once.

PRINCIPAL POINTS OF THE PROCLAMATION

Registration Begins Tomorrow and Lasts Sixteen Days

The Kiowa, Wichita, Apache and Comanche reservations will be opened for settlement at 9 a. m., August 6, 1901.
Two land offices for registration have been established, one at El Reno, Okla., and the other at Lawton, near Fort Sill, Okla. Certificates of eligibility may be obtained at those points beginning at 9 a. m., July 10 and ending July 26, at 6 p. m. Certificates are necessary to perfect entry. The registration at each office will be for both land districts.
Registration must be in person, except in the case of soldiers and sailors. Drawings for claims under the lottery system will begin at El Reno at 9 a. m. July 29 and continue indefinitely.

Winners of homesteads will be notified by postal card of their success. "Sooners" are effectually barred. Repeaters will be deprived of their privileges.
Settlers are cautioned to respect the fences found in the new country. Lands in the "neutral strip" are to be reserved for location by settlers upon these lands for thirty days.
Provision is made for locating townsites. Townsite applicants are required to file before the opening of the lands a written application describing by legal subdivisions the land intended to be affected and stating under oath the necessity or propriety of founding or establishing a town other than already provided for.

None of the lands can be obtained as five homes. When final proof of entry is submitted the homesteader must pay \$1.25 per acre to perfect his title.
It is estimated that over 100,000 persons will seek claims, while there are only 13,473 all told, including much poor land.

CITY TAX LEVY MADE.

City Council Makes Nineteen and One-Half Mills Levy.
The city council met yesterday evening in called session for the purpose of considering the tax levy. No other business was considered except issuing a call for judgment bonds.
The levy is as follows, a total of nineteen and one-half mills:
For street and bridge fund, 2 mills; for contingent and supply fund, 1 mill; for street lighting fund, 3 1/2 mills; for salary fund, 1 mill; for fire and water fund, 2 mills; water works and fund bonds sinking fund, 3 1/2 mills; water works scrip, sinking fund, 1 mill; water works improvement bond, sinking fund, 1 mill; sewer bond, sinking fund, 2 1/2 mills; library maintenance fund, 1 mill; city building bond, sinking fund, 4 1/2 mill; judgment bond, sinking fund, 1 mill.

The judgment bonds declared to be issued are for \$20,000 covering outstanding judgments against the city. The council will issue them on the 20th of July.

TO REORGANIZE.

Congregationalists to Meet With the Rev. George H. Kemp.
The Rev. George H. Kemp, Ph. D., is in the city in the interests of Congregational work. Dr. Kemp comes here at the request of Supt. Parker and desires that all interested in his work will call on him at the Hotel Doyal. There is little doubt but that the Congregational church will be reorganized and with the strong lead of Dr. Kemp will be again numbered as one of our religious organizations.

Ewing is Out.

Amos Ewing is no longer inspector of oils for Oklahoma, the lucrative position which he has held down for the past four years. His successor is Elmer E. Brown of Oklahoma City, whose appointment was agreed upon a month ago, but his commission was not issued by Governor Jenkins until last evening.

CARNEGIE REFUSES TO PLAY

Millionaire Declines to be a Candidate for Mayor of New York

Scrpps-McRae Press Ass'n.
London, July 9.—Andrew Carnegie has definitely announced that he will not be a candidate for mayor of New York.
John Carroll's arrival to propose, it is said, to Mr. Croker making J. Edward Simmons the Tammany candidate for mayor of New York and a revival of the Andrew Carnegie boom have been two of the most interesting events of the week. Mr. Simmons, president of the Fourth National bank and an eminent business Democrat, is said to be a "receptive candidate." He is regarded as too independent to suit Mr. Croker unless the fight looks harder in September than it does now.
Answers Question in Negative.
As for Mr. Carnegie's revived boom among the host of New York merchants and citizens' union sympathizers now here. The Chronicle correspondent wrote to him this week asking whether he would accept a nomination for mayor of New York if it were tendered to him with practical unanimity by the Republicans, the Citizens' union and all the independent Democratic organizations. Mr. Carnegie telegraphed the preemptory negative.
Several friends of Mr. Carnegie who have visited him at his Scotch castle and written him from New York have urged him to permit the use of his name as a candidate for mayor, believing that his consent would arouse so great an interest as to insure his unanimous election. To some of these letters Mr. Carnegie has replied, but as he regards them as confidential he has instructed his secretary not to make public the tenor of them.
Anxious Over Carroll's Mission.
When John A. Carroll, the deputy boss of Tammany Hall, was in London a few days ago he evidenced concern over the matter. On the day he landed at Liverpool Mr. Carnegie was asked if he entertained any aspirations for the nomination of mayor of New York. His reply then was indefinite. His reply today settles the matter.
Mr. Carnegie will remain at his castle the entire summer. He will return to New York in September.

CHEROKEE LAWS WON'T HOLD.

Stockmen Fortunate in a United States Court Decision.
Scrpps-McRae Press Ass'n.
Vinita, I. T., July 9.—Mr. Stanfield, United States commissioner, ruled today in a replevin suit to recover some stock sold under the Cherokee stray law, that it being a tribal law, it was not rated before any United States court. This is an important ruling to stockmen throughout the Cherokee nation who have been greatly harassed by their stock being confiscated under the elastic provision of the law. It also brings up the question of the validity of any tribal laws now in force. An appeal has been taken to the higher court.

INDEMNITY LANDS.

The Territory Secured a Total of 106,000 Acres.
Governor Jenkins is well pleased with the result of his visit to select indemnity lands in the new country. In lieu of school lands taken as allotments and pasture lands. The territory secured a total of 106,000 acres, all of which were made in the general land office instead of at the local land office as in the past. The government did not require the territory to pay filing fees. There remains due to the school land department only about 6,000 acres of land, but this land represents allotments taken in parts of Oklahoma other than in the new country. The indemnity lands selected for the territory in Washington will be shown on the official map in the same manner as the Indian allotments to prevent confusion in the local land offices as to what land Oklahoma is entitled to.

GENERAL GOSSIP FROM WASHINGTON

Rates on Second Class Postage to be Raised; Probing Mint Thief

Scrpps-McRae Press Ass'n.
Washington, D. C., July 9.—Postmaster General Smith explains how the revenues of the postal service are being kept at a point far below what they otherwise would be but for the fact that under the present classification a large class of periodicals were being handled at the rate of 1 cent a pound, which was a great financial loss to the service. It was his purpose to modify the regulations so as to compel this class of publications to pay 8 cents a pound instead of one, as now. These new regulations, it is said will be issued in a few days.
Chief of the Secret Service Wilkie today detailed an officer of that service to assist in investigating the theft of money at the San Francisco mint. This action was taken upon the telegraphic request of Director of the Mint Roberts, who is at present in San Francisco.
O'Keefe Takes Telephone Abroad.
P. J. O'Keefe of Chicago, who has been in Washington for several days in the interest of a company controlling a patent by which two telephone messages can be sent over the same wire at the same time without interference has gone to England to place his invention before the telephone interests there.
"The invention," said Mr. O'Keefe today, "has been tested by the United States patent office, and it has just been installed in Chicago."
May Be Consul to Pretoria.
Grant Gillespie of St. Louis, Mo., has been slated for appointment as consul at Pretoria, to succeed the late Adelbert Hay. The understanding is that the state department will make an effort to have the salary of that office raised from \$2,000 to \$4,000 owing to the expense of living at that post.

Frauds in Land Entries.

The recent developments in timber land matters in Montana has induced Secretary Hitchcock to begin a searching investigation of all the land offices in that state and in the adjoining state of Idaho. Within the last day or two he has received information that ninety indictments have been found in the latter state against persons charged with making fraudulent timber land entries, and he has become convinced that such irregularities could not have occurred over such a wide area without some of the Republican federal office holders in these two states becoming at least suspicious. With a view to clearing up the mystery which exists he will make the investigation very thorough, and it would not surprise some of the officials of the general land office and interior department if some Republican heads should fall as a result of it.

COUNTY LEVY MADE.

The County Commissioners Make Eleven and One-Half Mills Do For the Year.
The county commissioners have made the following levy of 11 1/2 mills: Court expenses, 1.5 mills, \$7,500.00; salary expenses, 3 mills, \$15,000.00; supply expenses, 1 mill, \$5,000.00; poor and insane expenses, 5 mills, \$2,500.00; sinking expenses, 1.5 mills, \$7,500.00; contingent expenses, 1.5 mills, \$7,500.00; separate schools expenses, .5 mill, \$2,500.00; road and bridge expenses, 2 mills, \$10,000.00.
This covers the estimates for county expenses for the year 1901.

NOT TO DEFEND THE "SOONERS."

Dick T. Morgan Calls the Turn on One of the Kiowa Rumors.
Perry, Okla., July 9.—Dick T. Morgan, alleged to have been retained by prospective settlers to represent them in an effort to settle upon land in the new country, in violation of the lottery plan of drawing, said today that the report was wholly untrue and that he was in no way connected with the scheme.

AN INJUNCTION WILL BE ASKED

Opponents of Land Opening to Try Another Tack

Oklahoma City, Okla., July 9.—An injunction suit will be brought before Judge Irwin at El Reno in a few days for an order restraining the register of the land office there, the receiver, the surveyors and all other persons in any way connected from proceeding with the opening of the lands of the Kiowa, Comanche and Apache Indians according to the proclamation of the president and the act of congress under which it has proceeded.
The suit will be brought by C. Porter Johnson of this city who has been engaged by Judge Wm. M. Springer to act as the attorney for the chiefs and members of the several bands of Indians who are affected by the opening of the lands. The bill of particulars that will be filed before Judge Irwin is being prepared and will be filed in court as soon as it is finished and action will be asked upon it so that the order can be effective and if the injunction is granted it will prevent the registration of the home seekers in the Kiowa country.
Judge Springer is at present at Mackinac Island, Mich., preparing the papers in the appeals that he had made from the decision of Judge Bradley and he is in communication with Mr. Johnson on the suit that is to be brought here.
The papers in the case will allege practically the same facts that were alleged by Judge Springer in the suit that he brought in Washington a few days ago which was decided adversely to his clients who were represented by Lono Wolf.

PROBES A \$40,000,000 CLAIM.

Trip of Croker's Nephew in Scotland Proves Important Errand.
Scrpps-McRae Press Ass'n.
New York, July 9.—After having made a flying trip to Europe on an errand involving \$40,000,000, Charles E. F. McCann, Richard Croker's nephew, former assistant district attorney and a member of the law firm of Peck & McCann, has just returned to New York. He was a passenger on the Deutschland, which brought in a cabin full of millionaires on her last trip.
Mr. McCann went abroad a month ago in the interest of Mrs. Norman L. Munro of this city to make an investigation as to her claim to the castle of Dumfries in Scotland. The picturesque castle of Dumfries belonged for centuries to the Hume family. Mrs. Munro was a Hume and now that the large estate in Scotland, involving a sum said to be nearly \$8,000,000 is in dispute, efforts are being made to establish the claims of heirs now in America. Mrs. Munro and her sisters are claimants to a large portion of the estate, the portion which includes the castle of Dumfries.

FARMERS ARE ROARING.

Because They Had to Pay Bank Exchange at Watonga.
Watonga, Okla., July 9.—The Republican says that several farmers were in town from across the hills with wheat on last Saturday. They sold it but took papers on an outside bank and had to pay exchange. They roared about it and justly, too. Of course, it is in the natural order of business for banks to charge exchange where the holder of the paper is not a customer, but the buyer in a town should arrange so as to prevent the farmer from paying exchange. While paying a small exchange is a little thing yet it causes dissatisfaction and it will be to every buyers' interest to see that the farmer has no exchange to pay.

BOERS SUFFER DEFEAT.

Scrpps-McRae Press Ass'n.
Edinburg, Orange River Colony, July 9.—Rimington's guides drove the Boers from this place on July 5th, capturing nineteen, including a Boer commander. One Boer was killed and two wounded.

LAKE SHORE WRECK

Southwest Limited Derailed

PLUNGES DOWN A 30-FOOT EMBANKMENT

Smashed Into a Box Car Which Leaped Across the Track

Scrpps-McRae Press Ass'n.
Cleveland, O., July 9.—The Lake Shore Southwest Limited, running fifty miles an hour, was derailed this morning at Nottingham, Ohio, by smashing into a box car which leaped across the passenger track from a moving train on an adjoining track. Engineer Anderson and Mail Clerk McCollum were killed. Two tramps were fatally injured and four others seriously hurt. The entire train, with the exception of one sleeper, was shot down a thirty foot embankment. The property loss will reach one hundred thousand dollars.
It is believed a broken axle caused the freight car to jump from its train into the path of the passenger train.

JESSIE MORRISON TAKEN TO THE PEN.

To Serve a Five Years Sentence For Killing Her Rival.
Scrpps-McRae Press Ass'n.
Eldorado, Kas., July 9.—Jessie Morrison was taken to the Lansing penitentiary this morning to serve a five years' sentence for killing Mrs. Olin Castle, her successful rival. A tremendous crowd witnessed her departure. She held up to the last, saying good bye to her family with scarce a tear. "The right will prevail," she said. "Don't cry." Her brother Hayward accompanied her.

ROOT TO COME WEST.

Scrpps-McRae Press Ass'n.
Washington, D. C., July 9.—Secretary Root intends to make a visit of inspection of the military forts at Riley, Leavenworth and Jefferson barracks, leaving here next week. The abolition of isolated posts whose existence under present conditions is no longer justified, causes the trip.

MAY BE BIG STRIKE.

Scrpps-McRae Press Ass'n.
Pittsburg, Pa., July 9.—President Shaffer, of the Amalgamated association, announced today that he would not treat for settlement with the steel workers' strike unless the twelve men discharged precipitately Saturday, be re-employed by the trust. There threatens to be a general strike.

WOODS WANTS OUT.

Scrpps-McRae Press Ass'n.
Washington, D. C., July 9.—It is learned that Governor General Woods has asked the president to relieve him from service. Wood feels he has accomplished his work. The president had asked him to come to Washington to discuss the matter in a personal interview, when Woods was taken sick.

McGuire Qualifies.

James D. McGuire, the newly appointed receiver of the land office at Lawton will assume the duties of his office as soon as the government provides a building for the land office. Yesterday before Judge Barford, Mr. McGuire filed his bond in the sum of \$50,000 as receiver and \$5,000 as disbursing officer, made through H. W. Pentecost, agent of the Fidelity and Deposit company.

The best chest expander is a large heart.
