

JOHNSON HOGTIED BIG TRUST

MINNESOTA SPEAKER TELLS SENATE HOW TRICK WAS TURNED

ECHOLS DEMURRAGE MEASURE IS ADOPTED

Yeager Sought to Amend Reciprocity Section Pertaining to Shipper

Hon. L. H. Johnson, speaker of the Minnesota house of representatives, was an undeviating attraction in the senate, this morning, one half hour being consumed in listening to the Scandinavian chief with the power of the gavel, reinforced with that indomitable will which belongs to his race, made the great steel trust agree to spend a quarter of an hundred million dollars in his state ere the tax was taken off that made them special taxable objects. He told the story simply, as a business man who had figured that the six hundred millions of tons of steel and iron ore shipped from Minnesota each year justified that state asking for mills, when the company out of the profits from his state was making expenditures from sixty to ninety millions of dollars for model cities in Indiana and Illinois.

Mr. Johnson told of the Minnesota school lands. He declared the \$2,900,000, 000 dollars realized on the sale of the public school lands had been preserved through purchase of the bonds of Southern states, and of late years by purchase of bonds of the cities of the third and fourth class in the state of Minnesota.

In stating there were approximately 3,000,000 acres left for sale, he told of their manner of disposal: all by auction bids and made after advertising, the amount being paid in full for all improvement, with the credit arrangement for a fifth cash, the remainder to run from twenty to forty years, with four per cent interest to the state.

On the millions loaned the state receives five per cent, and not a dollar has as yet been lost.

Morning Opened With Setto

When the senate had witnessed the signing of the bill already passed, by the president pro-tempore, the Baldwin bill from the house making separate court towns in Bryan county was referred to the committee on county and county affairs, but struck the Hatchett was ax, the contention being that reference should be made to the legal advisory committee, and the contention won.

The Echols demurrage bill, No. 162, was grilled by Mr. Yeager, who sought to strike out the second section, requiring 15c shipper to put up \$19 per car on demand of the road, the motion being seconded by Eggen, Hatchett, Bennett and Curd. On final vote the section and bill were adopted. Brownlee Has Bill.

Senator Brownlee arose to ask if Mr. Wortman was still a reading clerk of the senate, and receiving an affirmative answer, solemnly read the constitution forbidding same, showing by a newspaper report that the clerk had been elected city attorney of Claremore.

WILL ARGUE MOTION FRIDAY

Failing to Secure New Trial Sentence Will Be Passed on President of Defunct Bank.

Special to Daily Leader. Oklahoma City, April 8.—Argument on the motion for a new trial in the case of C. E. Billorey, former president of the Capital National bank of Guthrie, convicted of misapplication of the funds of that institution on four counts, will be heard by Judge Pollock Friday.

Sentence will be passed on the third appeal, after dual disposition has been made of the motion for new trial. A minimum of five years and a maximum of ten years in the penitentiary on each count is given as the punishment under the federal statutes. Another Banker Convicted.

Charged with making a false report to the territorial committee of the assets of the First National Bank of Lexington, Okla., on two indictments, S. A. Hays, former cashier of the defunct institution, was found guilty in the United States district court last evening on one indictment and not guilty on the other. The same will be appealed.

"I am no more guilty than I am one who was never connected with a bank"

Several senators joined in the jest, and several took it seriously, as did the clerk, who was not prepared for the removal before he had taken up the duties of his office.

After the senators had threatened the subject around awhile, the president pro-tempore ruled the entire subject out of order, and proceeded to the completion of the morning business.

A Resignation Recorded. The resignation of Bruce Ott as clerk of the appropriations committee was read, and several senators held that Mr. Ott must be sick, as this was the first resignation recorded in the session.

Mr. Davis called for consideration of No. 221, last being before the committee of the whole, to be followed by consideration of the university-normal school fund appropriation bill, No. 232, which had been awaiting the return of Mr. Brazell.

Furious opposition upon the part of Matthews followed, the contention being that steering committee had not recommended such action. Blair and Morris stated that postponement was with the understanding that Mr. Brazell's return was the time set for the consideration, and the effort to get at an understanding caused the chair to rule the steering committee was far from following any parliamentary procedure.

Calla County Seat Election. Governor Haskell last night issued a proclamation calling for a special election to be held in Harper county on June 2 to decide the permanent location of a county seat. He also issued a proclamation calling for a similar election in LeFlore county on June 15.

AGAIN THE ADMINISTRATION

By Associated Press. Wichita, Kans., April 8.—As the result of the hardest fought local campaign in years the "anti-administration" forces went out in today's election. The republicans elected all the councilmen with the exception of one.

TOPEKA VOTED BONDS.

By Associated Press. Topeka, April 8.—In the election here bonds not to exceed \$45,000 for repaving the city electric light system carried by a large majority. Of the six wards four elected republican councilmen and two democratic.

GOES BACK TO OLD JOB.

By Associated Press. Milwaukee, Wis., April 8.—David M. Rose the democratic candidate was elected mayor of Milwaukee by about 3,000 votes plurality. Rose's election makes him mayor of Milwaukee for the fifth time.

LA FOLLETTE AN EASY WINNER.

Milwaukee, Wis., April 8.—Returns from throughout Wisconsin indicate that delegates at large are favorable to the nomination of Robert M. La Follette at the republican national convention here being elected.

Woman's Hard Luck

By Associated Press. Montgomery, Mo., April 7.—Mrs. Gertrude Barney, who yesterday was elected city collector, was refused a commission by the city council this morning because she is a woman and therefore not eligible. She was the candidate of the republicans and temperance people. Her husband was killed on a train at Joplin recently and she was given the nomination out of sympathy, with the hope that the question of eligibility would not be considered.

DEMOCRATS WIN IN EL RENO ELECTION.

Special to Daily Leader.

El Reno, Okla., April 8.—The democrats made a sweeping victory in the city election. Three of four aldermen were elected and three of five members of the board of education. In every case increased majorities indicate a gain in democratic votes. Although still hostile, Lieutenant Governor Bellamy insisted on being taken to the polls that he might cast his ballot for the nobleness of the party. The result of election gives the democratic party complete control of the city.

QUEER MIXUP AT FREDERICK.

Special to Daily Leader.

Frederick, Okla., April 8.—The democrats failed to hold a caucus to nominate city officers in time for a city election. The republicans held a caucus nominating their officers but certified the same to the clerk instead of the city clerk as provided by law. The meeting of the republicans was so secret that the fact was not known to the city officials and a mix-up resulted. The city clerk disclosed the fact.

ENID GOES DEMOCRATIC.

Special to Daily Leader. Enid, Okla., April 8.—An unexpected and sweeping victory was awarded to the democrats in the city election although the city is conceded to have a heavy republican majority. The democrats showed four out of six councilmen in wards where contests

APATHY MARKED ELECTION

RAINY WEATHER KEPT GUTHRIE WHITES FROM POLLS

SO THE DUSKY VOTER HAD A FREE HAND

Returns From Over the State Show About Even Break for Both Parties

The local election yesterday was a lifeless affair, the rain keeping the whites, especially women, away from the polls, whereas the darkeys went out in force. Under these circumstances it is no surprise that the city went republican. The winning candidates for the city council were: E. A. Douglas, H. M. Fielding, William Spurlock, G. A. Heller and J. J. Kennedy. The members of the school board elected were: G. W. Bruce, C. M. Barnstable, J. A. Ramey, L. Patton and C. W. Butler.

CHANDLER IN RIGHT COLUMN.

Special to Daily Leader. Chandler, Okla., April 8.—The election here yesterday was a democratic victory, eight democrats and three republicans being elected. The city is naturally republican by a safe majority. For the first time in many years the city will have a democratic mayor, Samuel A. Keys having been elected by an majority.

The city marshal and street commissioner will be democrats, as will also three of the four councilmen. The board of education was a "standoff" each party electing two members. Of these the democrats elected Representative Stettinman, now in the legislature from the Lincoln-Pottawatomie county district.

LITTLE INTEREST AT OKLAHOMA CITY.

Special to Daily Leader. Oklahoma City, Okla., April 8.—In an inert election, in which not nearly two-thirds of the registered vote was cast and not half of the voting strength of the city shown, the democrats yesterday changed the complexion of the city council, electing two aldermen in the Second and Third wards. This makes the council stand five democrats and five republicans, with the deciding vote vested in the mayor, a democrat.

The republicans remain in control of the school board, returns indicating that O. D. Halsey, nominee in the first ward, was the only democrat elected.

CLAREMORE IS DEMOCRATIC

Special to Daily Leader. Claremore, Okla., April 8.—Claremore went democratic by a big majority. The city will now be organized under the Brook bill. M. Labay lead the ticket for mayor. The following were elected: Joe M. Labay, mayor; C. S. Wortman, city attorney; J. Ryan, judge; J. L. Comer, clerk; Earle G. Bayless, treasurer; John Leach, chief of police.

WEATHER FORECAST.

(By Associated Press.) Chicago, Ill., April 8.—Partly cloudy tonight, Thursday fair.

was made. In the first ward there was no contest.

The new council will be composed of six democrats and six republicans where it has been eight to two in favor of the latter party. The school board remains republican. A special tax of 10 mills for school purposes was authorized.

KINGFISHER DEFEATS OCCUPATION TAX.

Special to Daily Leader. Kingfisher, Okla., April 8.—The election was very quiet. The greatest interest was centered in the proposition to vote \$30,000 in bonds and to take up some delinquent city warrants and the vote stood 238 against 147 for the bonds.

The occupation tax was lost by 108 votes. One councilman and one member of the school board was elected from each of the five wards. Everything went republican except Carroll (democrat) candidate for school board, whose opponent was colored.

CLEVELAND HAS REPUBLICAN MAYOR

Special to Daily Leader. Cleveland, Okla., April 8.—The election at Cleveland resulted in the democrats electing a majority in city council. The democrats also elected Wolfard city clerk; Hanson, police judge; Thorne, street commissioner. The republicans elected Shifon, mayor.

Last year the republicans elected the entire ticket by an average majority of 80. This year the democrats have absolute control of the council. Bill Murray's letter to the city council was the issue. There was a hot contest.

EDMOND GOES REPUBLICAN.

Special to Daily Leader. The republicans carried two wards for both council and school board, and one ward for school board. The democrats carried one ward and in the other, the second, were in a tie.

TULSA'S ELECTION CALLED OFF.

Special to Daily Leader. Tulsa, Okla., April 8.—After the election judges and clerks of the fourth ward had been organized and 16 votes cast, Mayor Rhode, observing that the revolutionary tactics of the republicans in opposing the election on the ground that it would be illegal, issued a proclamation declaring the election postponed. In the second ward eight votes had been cast when the proclamation was issued.

An additional reason for the postponement of the election given by Mayor Rhode involved the proposed issue of \$250,000 in municipal bonds. The election was called for the double purpose of electing city officers and voting on the bond issue. The mayor feared that the grounds of objection to the election might eventually be sustained in court and the bond issue be declared illegal.

TAFT LOSER IN DELAWARE.

(By Associated Press.) Dover, Del., April 8.—The republican state convention elected a full delegation to the national convention at Chicago. The delegates were not instructed. The only show of a contest was over a resolution directing the national delegates to support Secretary of War Taft for the presidential nomination. It was defeated overwhelmingly by a viva voce vote.

DECLARE THAT RAILROADS MUST FURNISH EQUAL ACCOMMODATIONS TO BOTH RACES

(By Associated Press.) Washington, D. C., April 8.—President Roosevelt today made public his letter of April second to the attorney general directing proceedings by injunction to compel certain railroads of the south to furnish equal accommodations for white and negro passengers. The president said that where separate accommodations are provided for whites and colored passengers the accommodations for colored passengers shall be as good as those furnished whites for the same money. He directed that unless the railroads comply with the law by June 1st the railroad commission should take steps to enforce the order by injunction proceedings.

COURT OF CRIMINAL APPEALS

BILL CREATING IS SLATED FOR PASSAGE IN HOUSE

FINAL ROLL CALL ON NUMBER OF BILLS

Measure Providing for Unpaid Expenses of Constitutional Convention Passes

In the house this rainy morning considerable routine work was disposed of. Petitions were received from the M. W. A. in regard to the sale of school land.

A new bill was introduced by the committee on charities and corrections, providing for the recognition and treatment of persons suffering from diseases of the brain and nervous system and to establish a state sanatorium.

Wortman Bill Reconsidered.

The Wortman bill, compelling the burning or burial of animals dying of disease, was the first bill up—a bill containing many excellent features. After a long discussion the bill was recommitted to the committee on agriculture with instructions.

Rainey's Court Bill.

The house went into the committee of the whole, Ben Harrison in the chair, for the consideration of Bill No. 297, by Rainey, of Atoka. This bill is one that was specially commended for early passage by the governor in his recent message. It creates a court of criminal appeals as provided for under the second section of article 7 of the constitution. An appropriation is provided for not to exceed \$10,000. The court is to consist of three members, any two of whom shall constitute a quorum and a concurrence of two judges is necessary to a decision. The judges are to have the same qualifications and receive the same compensation as members of the supreme court, and are to be appointed by the governor. They are to hold until the first Monday in January, 1911, and the court shall terminate the unless continued by an act of the legislature. The court is to sit at the capital of the state. The court will have jurisdiction in all criminal cases of whatever grade, co-extensive with the state, except where the construction of the state and federal constitution are involved, when a writ of error will lie to the supreme court. The supreme court may transfer to the court of criminal appeals all criminal cases now or hereafter pending before the supreme court. Civil cases may also be referred to it by the supreme court. Rainey made a strong speech in favor of the bill, as did a number of other members. It seems that the supreme court docket is now badly congested, and this measure is intended to relieve this condition. There seems to be no opposition to the measure.

Bills on Final Passage.

The committee rose to allow roll call on a number of bills. Tillotson's bill was passed, providing for changes in county lines, election of officers, etc.

Durant's bill, appropriating money for pay for clerk, hire, printing and other expenses of the constitutional convention after the congressional appropriation was exhausted, was also passed. The members of the convention, having an interest in the bill, did not vote. The minority were solidly against the measure, the vote being 73 to 12.

Mileage and Per Diem Bill.

Bill No. 599, by Durant, provides for paying the balance of the mileage and per diem of the constitutional delegates. Utterback, of Kingfisher, opposed the bill, and again ridiculed the constitution. Tillotson was for paying the delegates and stated that the legislators had a perfect right to pay the bill. Hobbs offered an amendment submitting the bill to the people. It was defeated and Hobbs voted "no" on the final roll call. Again the delegates passed and the minority were against the bill, but it passed by a safe majority.

While the vote was being counted, Ellis spoke in refutation of statements against the delegates, and was applauded when he severely scolded B. Any constitution. Embarrassed chatters followed when he lauded the delegates and their work.

Hobbs still believed the state ought not to pay the bill, and spoke to that effect, receiving hearty applause from the minority.

Hobbs spoke for the bill and was getting to face his opponents on his vote on the bill.

Vandewater, Murdoch and Tillotson spoke along similar lines and secured congress for its partisan action in refusing to make an appropriation to cover the deficit incurred.

A Bank Break From Durant. Durant threw a bomb shell into the ranks of the minority when he read the following letters:

Staples, Okla., April 6, 1908. Hon. Wm. Durant, Guthrie, Okla.

My Dear Sir: I notice by the papers that you have put a measure through the lower house which provides for the payment of the members of the constitutional convention. Of course, I am personally interested, but aside from personal interests I feel that it is right and think congress should pay it. I extend to you my personal thanks and hope for the sake of the men who were faithful to the trust reposed in them, and who made money and time a sacrifice to fulfill their trust, that you will be successful in your endeavor.

Assuring you of the continued high regard which I have had for you as a gentleman since we first became acquainted, I beg to remain, Yours most respectfully, (Signed) J. H. N. COBB.

Durant spoke in praise of Mr. Cobb's work in the convention, and commented him as one of the "best, squarest and most conscientious Republicans in the whole state." There was a roar of applause from the democratic side, and the letter was ordered placed in the records.

The house took a recess until 2 o'clock.

Two Pardons Granted. Governor Haskell last evening issued a pardon to "Mary Doe" of Dewey county, who was sentenced to thirty days in the county jail and fined \$25 last month for disorderly conduct. The pardon was recommended by the county officers and numerous citizens, the county physician stating in a letter to the governor that if the woman had to serve out her sentence she would die on account of the unsanitary condition of the jail and her ill-health. A pardon was also given to Sam Marshall, an aged white man, who entered a plea of guilty to the charge of selling intoxicating liquors in the district court of Pontotoc county, and was sentenced to thirty days in the county jail and fined \$100. He was selling "soft" drinks, not knowing that it was a violation of the present prohibition law. The pardon was recommended by the county officials of Pontotoc, the trial judge and prosecuting attorney.

Warrant Issue Limited.

According to an opinion rendered yesterday by Assistant Attorney General E. G. Spillman, county commissioners are not authorized to issue warrants over the 80 per cent of the taxes levied for any particular year.

Members of Group Three Now in Session in Guthrie Declare Against Measure Pending in Legislature.

The first annual meeting of Group Three, of the State Bankers' Association of Oklahoma was held today in the Elks club rooms on North Division street, with about seventy-five of the 173 banks in the group represented. President J. J. Quarrels was not present and Frank J. McCoy, president of the National Bank of Commerce at Stillwater, presided. The morning session did not begin until ten-thirty o'clock on account of the late arrival of the train bringing the delegates.

L. D. Marr, secretary of the school land commission, delivered an excellent address on "Banks and Banking," bringing out points that pertain to the business interests and welfare of bankers. He spoke on the reform money bank, with its cause, pointing out that such a condition of affairs would probably not occur again in a hundred years. He talked at length on the prosperity of the West, and the Oklahoma guarantee deposit law. Bankers from Kansas City, St. Louis, New York, Chicago and other eastern cities were in attendance at

J. A. M'LAUGHLIN SUCCEEDS AS PRESIDENT AT EDMOND

CHANGE DETERMINED BY BOARD OF REGENTS

New Vice Presidents at Alva and Weatherford Also Selected

The board of regents for the state normal schools today elected J. A. McLaughlin superintendent of the city schools of Mangum, who is reported to be one of the best teachers and instructors in the new state, as president of the Central State Normal school at Edmond, to succeed T. W. Butcher, the present incumbent. The change becomes effective June 1.

Professor McLaughlin is a native of North Carolina, and is a graduate of the university of that state. He spent several years teaching in Kansas, and has been in the new state practically ever since the opening.

W. Z. Smith, superintendent of the city schools of Perry, was elected as vice-president of the Northwestern Normal school at Alva. He is a graduate of the university of Indiana and is a competent man.

M. E. Moore, superintendent of the schools of Marietta, one of the leading educators of the new state, was elected as vice-president of the Southwestern Normal school at Weatherford. Mr. Moore is at the present time a member of the text book commission recently appointed by the state board of education.
