How to Have the Best Cough Remedy and Save \$2 by Making It at Home

Cough medicines, as a rule contain a large quantity of plain syrup. A pint of granulated sugar with 1/2 pint of warm water, stirred for 2 minutes, gives you as good syrup as money can buy.

Then get from your druggist 2 1/2 ounces Pinex (50 cents worth), pour into a pint bottle and fill the bottle with sugar syrup. This gives you, at a cost of only 54 cents, a full pint of really better cough syrup than you could buy ready made for \$2.50—a clear saving of nearly \$2. Full directions with Pinex. It keeps perfectly and tastes good.

It takes hold of the usual cough or chest cold at once and conquers it in 24 hours. Splendid for whooping cough, bronchitis and winter coughs.

It's truly astonishing how quickly it loosens the dry, hoarse or tight cough and heals and soothes the inflamed membranes in the case of a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of genuine Norway pine extract, combined with glycerol, and has been used for generations to heal inflamed membranes of the throat and chest.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

LOUVAIN PROFESSORS TO CAMBRIDGE

STUDENTS DRILL INSTEAD OF STUDY; LOOKS LIKE RECRUITING STATION

(By Associated Press.)

Cambridge, Nov. 5.—Cardinal Mercier has appointed professors from the University of Louvain to arrange for four courses of the faculties of theology, law, science and philosophy at Cambridge and the proposal that the destroyed university shall transfer its work here for the time being is taking practical shape.

Students at Cambridge have started a shilling fund for the assistance of Belgian students and weekly contributions will be made on behalf of the Louvain students. Several hundred of whom will doubtless begin their work at Cambridge in a short time.

Cambridge has much more the appearance of a garrison town than an educational center. Students have military drills instead of games for recreation. Instead of rowing and football, drill-masters of the officers' training corps put the students through three hours of rigorous military training every day and military lectures are held at night.

At the military hospital medical professors and demonstrators care for hundreds of wounded soldiers quartered here. Both Belgian and British wounded are sent to Cambridge. Other Cambridge men are running a hospital ship at sea and two thousand commissions in all have been granted Cambridge graduates and ex-students who are now at the front.

IF BACK HURTS BEGIN ON SALTS

Flush your Kidneys occasionally if you eat meat regularly.

No man or woman who eats meat regularly can make a mistake in flushing the kidneys occasionally with a well-known authority. Meat forms urea which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood then you get sick. Nausea, all rheumatism, headache, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The coolant you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act like clockwork. Jad Salts is made from the acid of grapes and lemon juice combined with bicarbonate and has been used for generations by such famous physicians and stimulates them to activity, also to remove the acids in urine. It is by longer water filtration, thus avoiding bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent mineral water drink which all regular meat eaters should drink now and then to keep the kidneys clean and the blood pure thereby avoiding serious kidney complications. Kansas City, Nov. 5.—Dr. E. Burt Downing, a dentist, stood in front of a mirror this morning at his home, 309 West Thirteenth Street, and ended his life by drawing a razor across his throat. The body was found by his wife when she came home this noon from a shopping trip downtown.

With Least Exertion

To do one's best work with comfort, body and brain must be in good condition. That requires proper food—food that contains all the elements that build brain and brawn.

Grape-Nuts

Is that kind of food!

Made of wheat and barley, it contains all the nutriment of these most nourishing grains, including those vital mineral salts—phosphate of potash, etc.—that are discarded in making white flour.

Long baking breaks down the starch cells of the grain and makes this food easily digestible by the most delicate stomach.

Economical, appetizing—
