### THE YEAR'S AT SPRING

The year's at the spring  
And the day's at the morn;  
Morning's at seven;  
The hillside's dew-pearled;  
The lark's on the wing;  
The snail's on the thorn;  
God's in His heaven—  
All's right with the world!

## For Rough, Wrinkled, Freckled, Pimpled Skin

As March winds, flying dust and dirt, are apt to injure any complexion, this information will be of special value right now. If you have an untoward skin don't use paint, powder or anything else to cover it up. Too often this only emphasizes the defect. Besides, it's much easier to remove the disfigurement with ordinary mercurized wax. Applied nightly, the wax will gradually remove freckles, pimples, much patches, sallowness, red or yellow blotches or any surface eruption. The affected article is absorbed, a little each day, until the clear, soft, youthful and beautiful skin beneath is brought wholly to view. Ask the druggist for one ounce of mercurized wax and use this like you use cold cream. Removing in morning with soap and water. Many who have tried this simple, harmless treatment report astonishing results. If bothered with wrinkles or furrows, a wash, before each day, with a 1 oz. powdered axolite in 1/2 pt. witch hazel will prove wonderfully effective.

Wright will entertain the club on March sixteenth.

It is utterly impossible to please all of the people all of the time. Farmers are now complaining that there is too much rain.

Every man who is not a burglar should learn to break into his own house before dark.

Candidates for commissioner of public safety and for treasurer of the school board are getting busy. So far no one has filed for the city school board.

"I am certainly glad the end of my trouble is near," said N. M. Carter, commissioner of public safety today.

"Nearly every man likes a game of good old style poker occasionally, and every true lover of the game despises the man who will issue a check in payment of his honor debt and then beat it to the bank and stop payment. Guthrie has such a creature," said a man today.

Rain, shine or blizzard Miss Doolittle continues to visit the country schools and aid in making Logan county the banner one of the state in the line of country schools. Said one farmer today: "She is the jim dandiest county superintendent we have ever had."

## MRS. LYON'S AGES AND PAINS

Have All Gone Since Taking Lydia E. Pinkham's Vegetable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone, and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

they do not need a long list of rules and regulations hanging before their eyes. Their natural sense of the fitness of things, insures an observance of all the proprieties. Unfortunately an innate sense of modesty and of the fitness of things cannot be trusted to regulate the public dance hall. Here rules are necessary to insure an observance of the proprieties.

The public dance hall inspectors of Elizabeth, N. J., have set forth succinctly correct rules for partners in five "don'ts": They could not be put more tersely:  
Don't hop.  
Don't dip.  
Don't breathe in the lady's face.  
Don't hold lady too close.  
Don't wave the arms up and down.  
All forms of dipping and "rolling of the shoulders" are forbidden by the dance censors as vulgar. These restrictions should not serve to spoil the sport of the average person of the dance hall.—Leslie's Weekly.

SPRING SONG.  
Cut this out and learn it. Then, when the weather opens up and your friends get their cars out, you can sit on the porch and hum it over. It's full of truth and human nature:  
In the gloaming, oh, my darling, when the cars are whizzing past,  
Sit we two upon our front porch till we see the very last.  
It is time to seek the feathers, but we linger still outside;  
Twenty persons said they'd take us out a riding but they lied.  
In the gloaming, oh, my darling, we will sit till midnight's hour.  
As the motor cars fly past us on the wings of benzine power.  
Do not give up hope, my darling, keep a smiling, and sit tight;  
If we wait for twenty summers—maybe one will stop some night.—Pardeville, Wis., Times.

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.  
By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve, and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.  
You will find all itching and disagreeing of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.
