CLYDE POULTER, ENTERTAINER

"THAT LITTLE MAN."
The attention of the public is called to the fact that Clyde Poulter, of Kansas City, Mo., has been engaged for an entertainment in our city. No other artist has so won the hearts of the people wherever he has appeared. Mr. Poulter is the smallest entertainer on the American platform, being only a little over three feet tall, but he uses the talents God has given him to make the world better, brighter and happier. He is a man of high ideals, and while his programs are mostly humorous, back of all that humor is a purpose. All his programs, abounding in humor and pathos, so varied as to please alike both old and young, he presents his characters of real men and women with out the use of costumes or make-up accessories. Absolutely different from the usual humorous entertainer. Just to see what "That Little Man" can do is an inspiration to everyone.
This is a guaranteed attraction you cannot afford to miss. One night, Monday, March 15th, First Baptist church.

LITTLE PIMPLES ON CHILD'S HEAD

Itched So Badly Could Not Rest. Covered Whole Top of Head. Cuticura Soap and Ointment Healed.

Cottage Grove, Tenn.—"When my little boy's trouble began his head itched and then broke out in little pimples and heched so badly that he could not rest, he could not sleep at night. We cut his hair just as close as we could. The eruption covered the whole top of his head.
"We tried different treatments but found no relief until we got Cuticura Soap and Ointment. I would wash his head with the Cuticura Soap and then use the Cuticura Ointment. I could tell that it was getting better from just a few applications. Cuticura Soap and Ointment healed his head." (Signed) Mrs. Ashley Riley, Nov. 6, 1914.

A BAD CASE AND ITS RELIEF

Lady Tells Details of Ten Years Of Suffering Which Now Lies Behind Her.

Wallace, Va.—Mrs. Mary West of this town, says: "About ten years ago, I had very poor health, and for five years it steadily got worse. I could not stand on my feet, I got so I could only drag about in the room. Most of the time I was not able to do my work.
I had terrible bearing-down pains, my back ached all the time and was very weak. I could scarcely carry anything and suffered agony when I lifted anything. The muscles in my abdomen were so weak I could scarcely lift myself up straight, and I thought I would surely grow crooked. I had difficulty in walking. It was so painful, I suffered in hips and back and could hardly raise up at all. At times I couldn't sit on the chair—would have to lie down. I was in such agony. I just sat around and cried.
At this time, about five years ago, I began to take Cardal, at my mother's insistence. After two or three weeks' use I saw an improvement. The pains got less gradually until they disappeared. In two months I could walk without pain and could do most of my work. For about three years my improvement was steady and continued until I had back my health and strength.
The cure has been permanent, for I have been in good health for the last two years, due to my having taken Cardal, which effected the cure." All druggists sell Cardal. Try it.

THE HOUSEKEEPER'S PROBLEM.

THE FACTS OF THE CASE.
The tenacity of the times is for young women to prefer work in a factory rather than doing housework. Yet the work in the office or factory is usually more nerve-racking because it is a constant repetition of work at high speed—a tension which racks brain and body and from which there is no relaxation. On the other hand the housekeeper, if she be a mother of a large family, is weighed down with worries and cares—her housework is beyond her strength, perhaps, yet if she studies her work, puts her housework on a business basis and manages well, she can easily take twenty minutes or half an hour in the middle of the day to completely relax. By complete relaxation, Dr. Pierce means that the tired woman should lie on her back without pillow or bolster; let every muscle be at rest. Put a damp cloth over the eyes to rest them. Think of nothing, or as near nothing as you can. If the brain is still occupied with plans or worries, count several hundred, or recite to yourself some of your old school-day rhymes or verses.
If you suffer from hot flashes or dizziness, fainting spells, hysteria, headache, bearing down pains, nervousness—all are symptoms of irregularity and female disturbances and are not beyond relief.
Dr. Pierce's Favorite Prescription is directed to the real cause and promptly removes the disease, suppresses the pain and nervous symptoms and thereby brings comfort in the place of prolonged misery. It has been sold by druggists for nearly fifty years in fluid form, at \$1.00 per bottle, giving general satisfaction. It can now be had in sugar coated tablet form, as modified by Dr. Pierce. Sold by all medicine dealers or trial box by mail on receipt of fifty cents in stamps. Every sick woman may consult us by letter, absolutely without charge.
