FRENCH, FIGHTING LIKE MAD, RETAKE LOST TRENCHES

HAND TO HAND CONTEST WITH BAYONETS RESULT IN ALLIES VICTORY

GERMANS AGAIN MAKE USE OF DEADLY GAS

GREECE ON VERGE OF WAR, MAY JOIN WITH ALLIES; AVIATORS KILLED

BULLETIN:

(By Associated Press.)

London, Sept. 10.—The French trenchmen this afternoon charged the German positions in the Vosges and took the 1st, 2nd and 3rd tier by storm, using the bayonet. The slaughter was terrific and the fighting hand to hand.

TORPEDOES.

The Bulwar, a 600 ton French vessel was destroyed by a torpedo today. The crew was lost.

La Homme, English converted ship of 7600 tons was blown up by a mine in the channel outside the Dardanelles.

Paris, Sept. 10.—That the heavy artillery fighting continued yesterday and last night all along the lines in France, was officially announced today.

In the Vosges, the Germans used asphyxiating shells and flaming liquids, forcing the French to evacuate their first line trenches. A counter attack, however, resulted in the recapture of the greater part of the lost ground.

French Aviators are Killed.

Geneva, Sept. 10.—Two French aviators were killed near Deylingen, Alsace, when their machine struck barbed wire entanglements in landing. The Germans buried them with military honors.

Greece on Verge of War.

Athens, Sept. 10.—King Constantine and Premier Venizelos today began a conference, the result of which may determine Greece's future attitude in the war. Russian victories recently make Venizelos efforts to sway the king in favor of the allies difficult.

Trades Union Stand Pat.

Bristol, Sept. 10.—The trades union congress, representing three millions of organized English workmen today rejected a resolution calling upon the Parliamentary committee of the labor party to formulate and advocate terms of peace, satisfactory to the working classes.

Germans Capture Trenches.

Berlin, Sept. 10.—French trenches near Schatzbannele and Hertmans Wilkerkopf in the Vosges were captured today by storm by Germans. It was officially announced today.

WILLIS FURNITURE CO. WILL PUT ON BIG SALE

Joe Willis, Guthrie's pioneer furniture dealer has just bought a cabinet of "Border Queen" kitchen cabinets and will put on a big sale. The "Border Queen" is the best thing in the cabinet line that has ever been brought to Guthrie. It is complete in every detail and is reasonable in price. Watch for the first page announcing his remarkable sale.

GASOLINE AT 20 CENTS

New York, Sept. 10.—Gasoline sold in New York today for 20 cents a gallon, a new high level.

GERMAN TOOL MAKERS BALK ON CONTRACT

STRIKE WHEN THEY LEARN THAT GOODS WILL GO TO ALLIES

Chicago, Ill., Sept. 10.—Seventy-five German and Austrian machinists employed by Torris, Wold & Co. tool manufacturers, went on a strike today when they learned that the company had taken a contract to make tools to be used in manufacturing shrapnel for Great Britain and her allies.

The concern until recently had been engaged in the manufacture of canning tools. The strikers stationed pickets about the plant and refused to permit workmen to take their places, according to officers of the company. William Cameron, president of the company, said: "The men have no reason that we know of for striking. They have made no demand for higher wages, shorter hours or changes in working conditions. They just walked out and tied up our plant."

President S. M. Hasting of the Illinois Manufacturing association said he strike at the Torris, Wold & Co. plant was one of many that had been called to his attention within the past few weeks.

Report to Wilson.

"We are investigating these strikes and may report the results to President Wilson after he has acted in the case of Dr. Dumba, Austro-Hungarian ambassador to the United States. The circulation of a report that a company is to manufacture war munitions is closely followed by labor troubles in Chicago and Illinois. We are considering taking action in regard to the matter, but have not decided just what we will do."

JIRGUS BILL POSTERS INVADE THE CITY

BAR NO. 1 HERE TODAY; RINGLING'S SHOW BIGGER AND BETTER THAN EVER NOW

The billposters, the men who hold the keys of heaven for the "kids" are abroad in the land today. Early this morning they started driving through the streets with big barrels of paste and long-handled brushes.

Ringling Brothers' Circus is coming to Guthrie on Friday, October 1 and the advance men and their co-workers, the billposters, have started their annual crusade.

The program will be especially bright and promising of thrills and excitement this year. The circus is advertising many new "acts" that will be seen for the first time in America this season.

This year the performance opens with a big spectacle, "Solomon and

COUNTLESS LIVES SAVED YEARLY BY PRINTERS' INK

TO CURE THE PUBLIC ILLS NEWSPAPER PUBLICITY NECESSARY

(By Associated Press.)

Rochester, N. Y., Sept. 10.—"Printers' ink is saving more lives than any other single agency employed by modern health-workers," said Edward A. Moree, assistant secretary of the New York State Charities Aid association, in an address today before the American Public Health association here.

"Printer's ink," said he "should be entered in the pharmacopoeia as an accredited remedy for human ills. Among other things, it prevents tuberculosis and builds hospitals to cure it; it saves the lives of children and controls epidemics of small-pox. Thousands of babies are today alive in New York State largely because big doses of printer's ink were administered to the public by the state and local departments of health. One of the most important cities of this state endured an epidemic of small-pox that increased rapidly for a whole year. Then the newly reorganized department of health announced that its policy in dealing with local epidemics would be state-wide publicity. When the people of that city realized that their lax health standards were to be spread broadcast through the pages of the newspapers and would come to the knowledge of the people of the whole state whose lives were being menaced, the officials of the city readily adopted the program of the state.

"You may cure individuals of their

URGES U. S. TO PREPARE FOR INEVITABLE

HALF PREPAREDNESS WORSE THAN NO DEFENSE AT ALL SAYS SPEAKER

(By Associated Press.)

Seattle, Wash., Sept. 10.—Henry D. Estabrook, a New York attorney, declared in an address before the American Bankers' association here that it would be better for the United States to scrap every gun and warship it now owned than to attempt to resist invasion by a nation prepared for war.

"No nation threatens us in so many words," said Mr. Estabrook, "but who is oblivious to hints and intimations that speak louder than words? We boast our strength to repel attack when we know we are weaker than dishwater. While every other nation has been preparing for aggression we have not even prepared for self-defense.

"I would heartily advocate Mr. Bryan's Quaker policy of non-resistance rather than a policy of half-preparedness. I had rather see every gun and warship we own scrapped if we are not to add to them. For if we were without strength to repel invasion we could at least claim the privilege of the weak and surrender without loss of life. Whereas, to fight inadequately armed and certain of losing would be nothing short of murder for which every taxpayer in the United States would be measurably responsible.

VILLA SET TRAP, CARRANZA MEN STEPPED INTO IT

BLOODY BATTLE RAGING NORTH OF TORREON; VILLA-LAISTAS ARE VICTORS

CIVILIANS ARE WARNED TO KEEP FROM BORDER

TORREON EVACUATED BY FORCES OF VILLA; OBREGON IN CHARGE

El Paso, Texas, Sept. 10.—A battle is raging this afternoon north of Torreon between Villa and Carranza forces. The move made by Villa Thursday in evacuating Torreon led the Carranzistas into a neat trap. It is reported here that Villa has won a great victory.

Torreon Evacuated.

Washington, Sept. 10.—State department advices Thursday night from Laredo contained a report that the Villa forces had evacuated Torreon. The city is the present objective of the Carranza army moving northward under Obregon and its evacuation probably would lead Carranza forces north to Chihuahua before any decisive engagement.

It has been suggested here that Villa might purposely abandon Torreon to draw the opposing army as far away from its base as possible.

Secretary Lansing announced Thursday that General Carranza's answer to the Pan-American appeal for a peace conference probably would be received Saturday. Carranza's adherents here say the reply will be a courteous refusal to enter the conference proposed by Pan-American diplomats. Another meeting of the Pan-American conferees will be called as soon as the response arrives. Bolivian Minister Calderon, one of the conferees, called on Secretary Lansing Thursday and discussed the situation informally.

General Villa's agency here Thursday night issued a statement from Diaz Lombardo, minister of foreign

WORK STARTED ON MERIDIAN HIGHWAY

A force of men and teams started work this morning grading on the state highway between Guthrie and Meridian. This is one of the highways located by the Commissioners, Tuesday, and is the first one to have work done on it. The farmers and land owners along this line subscribed over a thousand dollars in work and money to be put on the line under the direction of the county commissioners.

BAND CONCERT TONIGHT

The usual Friday night band concert under personal direction of Prof. Ryan will be given this evening at 8 o'clock in front of the federal building. All invited. Chairs will be reserved for the ladies.

LAKE FOR MINERAL WELLS PARK PROPOSED

CITY COMMISSIONERS AND PARK BOARD TENTATIVELY AGREE ON NEW PLEASURE FEATURE

The city commissioners and the park board are favorably disposed to the advisability of filling a little lake at the fair grounds, which is a portion of Wells Park, believing that now a number of years lying open ground will hold a body of water definitely. It certainly would much to the pleasure and comfort of the thousands who will visit the fair next week. A pipe line is now being laid from the waterworks building to the grounds, for the purpose of making daily exhibitions, and to help keep the dust down, that all may be comfortable during their stay on the grounds. The water for the lake may be taken from this pipe line. Another much desired improvement will be made: sprinkling the grounds and the roadway entering the same each morning for the comfort of the great crowds. If anything will drive a weary mother home early in the day, with a number of tired children, it is the shoe-mouth depth of the dust of the average fair ground. Ample seats in out of the way places in the adjacent part and grounds, will be provided, where families may picnic, or spend an hour or two in rest during the day.

These little conveniences will add much to the enjoyment of those who are compelled to drive several miles over the dusty roads, and the cost will not be worth mentioning.

JURY SECURED IN ELECTION FRAUD CASE

(By Associated Press.)

Indianapolis, Sept. 10.—The jury that will try Mayor Bell and others charged with election conspiracy has been secured. Six of the jurors are farmers.

STREET CAR STRIKE AT ALBANY HAS BEEN SETTLED

(By Associated Press.)

Albany, N. Y., Sept. 10.—The street car strike has been settled. The disputed points will be decided by arbitration on October 1st.

WENNER, EARLY DAY MAN, COMES BACK

Charles L. Wenner and family, of Perry, have moved to Guthrie and taken up their residence at 418 East Mansur. Mr. Wenner, who is a brother of Secretary Wenner, of the Chamber of Commerce, travels for the Empire Cream Separator and Milk-Machine Co., and came to Guthrie because of the more convenient railway connections to reach his territory and the better educational facilities for his children. He was one of the early day residents of Guthrie and went to Perry at the opening of the Strip.

NEW POULTRY BUILDING FOR FAIR GROUNDS

A large force of laborers went to work on the new poultry building at the Cimarron Valley Fair Grounds this morning and it will be rushed to completion and ready for the poultry exhibits Monday morning. This will be a well arranged and equipped building 36 by 60 feet, located north of the big agricultural pavilion and will house all the poultry and get stock exhibited in fine shape. Poultry fanciers and every resident of Logan county who has any good poultry should now take hold and make the poultry exhibit a feature of the fair.

KEEL LAYING CEREMONY HAS BEEN POSTPONED

(By Associated Press.)

Washington, Sept. 10.—Secretary Daniels today postponed the keel laying of the California to October 14.

DUMBA DENIES COMPLICITY IN LABOR PLOTS

BARON ZWIEDINEK, COUNSELLOR OF AUSTRIAN EMBASSY DEFENDS CHIEF

PASSPORTS MAY BE HANDLED TO OTHER DIPLOMATS

AMERICAN NEWSPAPER MAN IS MIXED UP IN AFFAIR; LANSING OBDURATE

(By Associated Press.)

Washington, Sept. 10.—The President's request to Austria to recall Dumba brought about a situation which contains possibilities extending to other diplomats of the Germanic Allies. Dumba used James Archibald, an American newspaper man as a messenger to carry communications to Vienna. The state department understands that Archibald also carried a communication from Captain Von Papan, military attaché at the German Embassy. Secretary Lansing said the American government considers the sending of any communication, in the manner in which Dumba used it, an abuse of the American passport.

While state officials are reticent, it is known that the activities at Consul General Von Nuber of Austria, as well as those of Count Bernstorff, the German Ambassador are being reviewed by the state department. There was serious consideration as to whether Von Papan or Von Nuber be allowed to remain in this country.

Von Papan's letter, which was to his wife, is now on the way to the state department from London. It is understood the writer made slight reference to American officials.

Another document is an enclosure in the Dumba letter, which referred to negotiations between von Nuber and the editor of a foreign language newspaper, concerning the bringing about of strikes in the Bethlehem works, and other munitions factories. Archibald carried the communication from Bernstorff, but it was a copy of the statement which was forwarded to the German Ambassador by Lansing.

German Counsellor Defends Dumba.

Lenox, Mass., Sept. 10.—Baron Zwiedinek, counsellor of the Austro-Hungarian embassy, who became the charge d'affaires after the recall of Dumba, has issued a statement maintaining that Dumba planned no strike.

"We have certainly and naturally felt satisfaction when reading in the papers of the difficulties and strikes in the factories that are making munitions for the Allies, but to foment such a thing ourselves would have been such an absolutely impossible undertaking that it be for me, quite inconceivable, that Dumba should have suddenly had such an idea."

"I am especially sorry that the whole matter of sending this letter has been done in such a rush," he added.
