A WELL-KNOWN OKLAHOMA WOMAN.

It's The Same Story Everywhere.
Enid, Okla.—"I used Dr. Pierce's Favorite Prescription for some 20 years. I was living in Liberal, Kansas. My husband said it was a wonderful medicine, because with it I could do my work and without it I could not. It strengthens the distinctively female organs and gives new tone and life. I could not have gotten along without it. Of course, I recommend it."—Mrs. CARIE BUDROW, 411 No. Grand Ave., Enid, Okla.

Thousands upon thousands of mothers, wives and daughters in every section of this great country, who have regained health, vigor and cheerful disposition after months of misery and even despair, are the ones who truly appreciate the marvelous restorative power of Dr. Pierce's Favorite Prescription.

Every woman who has reason to believe that backache, headache, unnatural pains, low spirits, sleepless nights, irregularities or a catarrhal condition is caused by a derangement of the womanly functions, owes it to herself and dear ones to speedily overcome the trouble before a general breakdown causes permanent prostration.

Dr. Pierce's Favorite Prescription is a non-alcoholic remedy that any ailing woman can safely take because it is prepared from roots and barks with pure glycerine, containing tonic properties of the most pronounced character.

It is not a secret remedy because its ingredients are printed on wrapper. Get Dr. Pierce's Favorite Prescription today, either in liquid or tablet form.

MOTHER OF SCHOOL GIRL

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health.

Plover, Iowa.—"From a small child my 13 year old daughter had feminine weakness. I spoke to three doctors about it and they did not help her any. Lydia E. Pinkham's Vegetable Compound had been of great benefit to me, so I decided to have her give it a trial. She has taken five bottles of the Vegetable Compound and according to directions on the bottle and she is cured of this trouble. She was all run down when she started taking the Compound and her periods did not come right. She was so poorly and weak that I often had to help her dress herself, but now she is regular and is growing strong and healthy."—Mrs. MABEL HENNING, Plover, Iowa.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for woman's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

If Coffee Came in Capsules

as its drug, caffeine, is frequently sold, coffee drinkers would wake up to the fact that coffee is not a food but a drug.

Yet in spite of the warnings of reputable physicians, many persons fail to realize the harmful effects of caffeine, coffee's subtle, habit-forming drug. Taken regularly this coffee drug—the frequent cause of nervousness, heart-flutter, headache and other ailments—sooner or later gets its hold.

Look coffee in the face—read what physicians and health experts say: (Names on application)

"Coffee is a dope and narcotic almost equal to opium. Slowly but surely it gets control of its victim and holds him in its grasp a pitiful, helpless victim."
"Coffee is a drug. Those addicted to its use are drug addicts."
"Some people get the craving for alcohol by first taking tea or coffee."
"They (the tea and coffee drug) are comparable to opium in that they induce a habit and should be avoided."

Right now, Mr. Coffee Drinker, is the time to find out whether or not coffee has a hold on you. It's simple and easy—quit coffee ten days and see
