## TO THE COLORED CITIZENS OF TULSA.

The editor and manager of the Tulsa Star is making an earnest effort to give to the colored citizens of our city a good, clean and newsy weekly newspaper, in the interest of Tulsa and the colored people of Tulsa. Remember that it is your paper, your mouth-piece and your protection, therefore, we earnestly appeal to you as good citizens and lovers of race pride and progress for your support. Not in talk or compliment of our work and efforts, but by your CASH, of which we are much in need to run the business and give you the kind of a paper that we know you want and like. The columns of the Tulsa Star shall always be open for all local news such as personals, deaths, births, socials, entertainments or anything of interest to our people and it shall be our aim to always present to the public the bright side of all the people. ## PATTERSON MUST FACE SOUTHERN OBJECTIONS

The news comes from Washington that Hon. A. E. Patterson, a prominent lawyer of Muskogee, has been appointed to succeed J. C. Napier as registrar of the U. S. treasury.

This comes as glad tidings to the friends of Mr. Patterson and somewhat of a surprise to the many "prophets" who have maintained that President Wilson would not appoint an Oklahoman to this office. Mr. Patterson, aside from being a consistent and persistent Democrat, is well qualified to fill the position with credit to both himself and the race. He is a successful business man, a good lawyer and an astute politician. But above all this, he is a true race man. It is regretted that any objection should come from White Democrats of this state to Mr. Patterson's appointment. It only shows the smallness of that class of Southernized Democrats who always oppose Negroes in everything. It remains now to be seen if the Congress of the United States will stoop to appoint this little wave of race prejudice.

There is no question but the Negro vote decided the victory for the Democratic party last fall and that party is now on trial with the Negro voting in judgment.

True, there is of course a number of hungry White Democrats who need feeding but that is no good reason for denying the Negro his representation when he has kept faith with the party. Our guess is that Mr. Patterson's appointment will be unopposed and he will be sworn in as registrar of the U. S. treasury.

## New York Race Must Open All Doors

The hotels and other public places in New York are open to all people and other races. After September 1, when the new anti-discrimination law passed by the state legislature goes into effect, the new law is a fine of \$100 with imprisonment for the proprietor of any hotel, rooming house or any kind of public place where discrimination is allowed on account of race or color. This is certainly a progressive step on the part of the Empire state and indicates that such civilization will eventually come about in other states.

## Who Collects the Rent for Houses of ill Fame?

Prominent Church Members Said to Be in the Game

As an aftermath of the good work of the committee on law and order appointed by the Chamber of Commerce two weeks ago to improve the moral conditions of this city, a number of the underworld have "drawn in their tents like the Arabs and as silently passed away."

The famous "Supple Sox" resort has been closed and other places are taking the hint.

Who collects the rent for these hellholes? is a question that might bear investigation by the authorities. It is now rumored that a "big man, a 'high muck' in the church circles, a conspicuous figure in the 'amen' corner, is actively engaged in collecting rent from these disreputable dens of vice and corruption. Whoever heard of a man engaged in the work of saving souls collecting toll for the destructions of them? This kind of hypocrisy is altogether too much in evidence in

Tulsa. Let the churches get busy and clean out the temple of the Lord. The officers of the law can do very little good to make public morals better as long as such devils as these collect revenue from the shame and degradation of humanity and shields it in the church. Clean up the churches.

Professional Registrar (in Hardupp's office)—I've been out of work for over a year, mister, and ain't got the price of a night's lodgin'. Can yer do anything to help me out?  
Hardupp (sardonically)—I'd like to, but I sprained my foot on a catfish yesterday.

Conscientious.  
An editor of a New York magazine recently received a story of which the scene was laid in the state of Washington. He wished to have the story illustrated, and in order to obtain the best local detail he sent the manuscript to a young artist out in Washington. Before doing so, however, he scrawled hastily across the top of the first page the address of the writer, which did not otherwise appear on the manuscript. It was "Shelton, Wash." With the story the editor sent a letter asking the artist to make a wash drawing of a certain effective scene and forward it as soon as possible. By return mail the editor received an anxious reply from the youthful artist, saying: "I note that you wish me to use Shelton Wash. I do not know of any such wash, nor do any of the dealers out here. If you can send me a tube I shall be glad to make the drawing."
