

DIZZY, HEADACHY, SICK, "CASCARETS"

Gently cleanse your liver and sluggish bowels while you sleep.

Get a 10-cent box. Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache. Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels. A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months. Adv.

Sizing It Up.

"Hiram," said the wife of a countryman who had moved to the city, "I'll just bet the best cow we ever had that you've done went and forgot to bring a roast for dinner!" "Hardly," mumbled Hiram, as he placed an armful of packages on the kitchen table. "In fact, I bought seven cents' worth of roast." "Seven cents' worth! Hiram, be your mind fallin' ye?" "But I had to pay fifty cents for it," smiled Hiram.

TAKE SALTS TO FLUSH KIDNEYS IF BACK HURTS

Says Too Much Meat Forms Uric Acid Which Clogs the Kidneys and Irritates the Bladder.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he tells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

And There You Have It.

Visitor—Tommy, do you know the difference between maximum and minimum?

Small Tommy—Yes, ma'am, Minnie Mumm is Maxie Mumm's sister.

Important to Mothers

Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the signature of *Dr. J. C. Fletcher*. In Use For Over 30 Years. Children Cry for Fletcher's Castoria

Hence These Tears.

"Do you ever weep over a story?" "Sometimes when I get it back from the publishers."—Houston Post.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels. Do not gripe. Adv.

POULTRY FACTS

COLONY HOUSES FOR WINTER

Some Poultrymen Arrange Summer Coops in Suitable Manner for Use During the Cold Weather.

When young birds are brought in from the range we often find ourselves in need of more house room to winter the increased flock.

There are several ways in which the summer colony coops may be made to piece out the winter houses. If there is but one it may be placed close to the main house and used as an extra scratching and exercising room. The fowls may then pass from the main room to the addition by means of a tube constructed of boards and set into the opening about 10 by 20 inches in size, cut near the floor of each building. A dry goods box with top and bottom removed will answer nicely as a connecting passageway.

Some people fit up the summer colony coops as laying rooms, arranging all nests in them and thus leaving the whole space in the main building for use of the hens in the daytime. Still others use the coops as dusting rooms. Especially do the early brooder houses answer nicely for this, as there is usually plenty of sunlight. The dust may be kept moist and free from trash and so does not get into the food and water vessels, as it often does when nesting and feeding must be done in the same room. Sometimes two or three of these coops are used together for a small flock, one being used for a roosting room, one for a nest room and exercise. In each case they are joined by a wooden tube or passageway.

Some make their summer colony coops of knockdown sections so arranged that some five or six of them may be set up together in one continuous shed for sheltering the birds in winter. Such a pen must either be banked with straw or covered with paper for the winter to make it wind-proof. By the time the young birds are ready for the colony houses another year the old ones are having free run of the farm.

DRINKING PAN AND GRIT BOX

Vessel is Elevated to Prevent Litter Being Scratched into It—Convenience is Easily Made.

The accompanying illustration of a combination drinking pan and grit box appeared in a recent issue of Successful Farming. The idea of elevating the drinking pan is to keep the water clean and prevent litter being scratched into it. The birds soon learn to fly upon the perch in front of the pan, to get the clear water.

The pan itself is made about three inches deep, so that when the water becomes frozen it can be easily dumped out.

The small hopper or box under the grit, or be divided into compartments drinking pan is made on the self-feeding principle, and may be used for grit, or be divided into compartments

Drinking Pan and Hopper.

for oyster shell and grit, or beef scrap. The frame on which the pan rests is made to fit over the side of the hopper, the cross slats being firm on the top of the hopper. The whole contrivance can be easily made out of odds and ends of lumber found lying around most poultry or barn yards. The combination, when finished, is hung on the wall at a convenient height.

PROFITABLE TO GRADE EGGS

Better Prices Are Always Secured When Eggs Are Sorted According to Size and Color.

Even buyers at the country store will appreciate your efforts if you will sort your eggs according to size and color. Graded eggs show up a great deal better than those that are piled in promiscuously, and should—and will—command a better price if the dealer's attention is called to the fact.

There are few, even of country stores, that would not be able to command a higher price for uniform, clean, fresh eggs, attractively picked, and one that produces that kind the year round can secure an advance in the market price. Large shippers will jump at the chance to secure eggs of this class, and are always ready to pay a higher price.

THE MAYOR SAYS:

In His Home No Other Remedy So Effective for Colds as Peruna.

MAYOR B. S. IRVIN.

Washington, Georgia.

"I herewith reiterate my commendation of Peruna. It certainly has benefited our daughter in every instance when she was suffering from cold. I have frequently used Peruna in my family and have found it an excellent remedy for colds and also as a tonic. I often recommend it to my friends. Peruna seems to be indispensable in my family, as no other remedy has been so effective in cases of cold."

EVERY FAMILY wishing to be protected from cold should have Peruna in the house constantly. Also a copy of the latest edition of the "Tills of Life," sent free by the Peruna Co., Columbus, Ohio.

Those who prefer tablets to liquid medicines can now procure Peruna in tablet form.
