CALL FOR A NATIONAL COLORED AMERICAN MEET

NATIONAL EQUAL RIGHTS LEAGUE INVITES COLORED RACE TO ASSEMBLE IN CHICAGO ON SEP. 17-19, TO GET RACE ORGANIZED TO PUSH CLAIMS FOR FULL AND EQUAL DEMOCRATIC RIGHTS — AN UNPRECEDENTED OPPORTUNITY.

To Colored Americans:

The year 1918 is a time unusual and unprecedented in the history of Americans of African descent. Now are the taking part for their country in an European war for democracy but within two months two National Colored gatherings of entirely different make-up have laid before the government of the United States the prescriptions of our race. The Conference of Colored Editors and others was called together by the War Department, to which it made complai-

The National Colored Liberty Congress was called by a race committee to hold a peoples convention. From both meetings good is result.

Expressed in plain uncompromising English, our just grievances were brought squarely before the House of Representatives, and before the American people. By said Liberty Congress, and were made a prominent and permanent part of the Congressional Records, (June 23, 1918.)

It seems providentially fortunate therefore, that this noteworthy achievement on the part of the Liberty Congress is to be so soon followed by the Eleventh Annual Convention of Equal Rights League, to be held in September, in the City of Chicago.

Last September at the memorable tenth annual convention of our League in New York City, Mrs. Ida B. Wells-Barnett, that invincible champion of equal rights, brought to us a cordial invitation to hold the

League's 1918 Convention in the City of Chicago.

At Chicago, Sept. 17-19. Therefore by the authority vested in me as President of the Equal Rights League, I do hereby issue this call for the Eleventh Annual Convention of said League to convene on Tuesday, Wednesday, and Thursday of Sept. 17th, 18th, and 19th, in the City of Chicago, Illinois.

Fellow Comrades of the National Equal Rights League, and others, I cannot even begin to express how urgently important it is that our people in all sections of the country, should give prompt and earnest heed to this call.

By means of the great world-war all nations and races are being tried as it were, by fire; their real worth and stamina are being severely tested and none more so than that of Colored Americans; and we must not allow ourselves to be found wanting.

A double burden rests upon our shoulders while this war lasts; we must redouble our efforts to perform all the duties of citizenship, freely sacrificing our time, our money and our blood for our country; and, at the same time, we must double, rather than diminish, our exertion in our own behalf, unceasingly pressing to the front our own claims and demands for an equal share in the possession and enjoyment of all those rights for which we are fighting.

The Half Doubt Duty
They are the cowardly who while fighting for their country, will not at the same time, demand an equal chance and a square deal. And they who seek and demand their rights while unwilling to shoulder their full share in the nation's and the world's struggle for freedom, will meet their deserved defeat.

Every considerable race on earth is involved in this war, and the future of twelve million Colored Americans, with that of other groups of peoples, is to be determined in its issue.

Besides our standing grievances there are new and perplexing racial relations and conditions evolving out of this war that call loudly for our most earnest and immediate attention. These new and created conditions are of such vital significance as should speedily bring together our entire race leadership. The war will result in permanent benefit to us only in the proportion as we as a race, through our own appointed leadership, and with organization nation wide, exert ourselves, promptly and wisely in our own behalf.

Let every community join this Colored Liberty Organizing Drive. Let us as a race get together and get ready to enforce our claims to World Democracy as an issue of this world war.

Therefore let us get together for organization as a race to enforce our claims to world democracy. Every church, civic, educational, fraternal, political, and business, organization among our people, without regard to sect, sex or party are invited to be represented in the Chicago meeting by one, two or several delegates to deliberate on the organizing of our race for self defence. An especially appeal to the government, for our rights.

BYRON GUNNER, President Nat'l Equal Rights League.

Mr. Willie L. Gamble of this city left this afternoon for Little Rock, Arkansas, to visit his parents a short time before going to camp.

ILLINOIS MAN VISITS OKLAHOMA
