Loving Cup To Mayor Hubbard

Committee Of Colored Citizens Presents Trophy In Appreciation Of Square Deal Policy.

"Tenderest Memory Of The Election To Me," Says Retiring Mayor.

The only token or expression of appreciation for his faithful service to the people of Tulsa during the past two years of worry and patriotic sacrifices that Mayor Charles H. Hubbard has received so far has come from the Colored people of this city in the shape of a \$45.00 silver loving cup which was presented to him last Monday afternoon by a committee of Colored citizens.

The Mayor was visibly touched by this expression of appreciation for his unselfish service to the people of Tulsa and said it would always be cherished as the tenderest recollection of his administration and of the recent election.

"This is the only token of any kind I have received," he said, "and

I want you to know that I appreciate it more than I am able to tell you. It is a sweet consolation to know that the many long days and nights of hard work and worry and personal sacrifices I have endured in my devotion to Tulsa and her people have not gone unnoticed and unappreciated. I shall always cherish this as the tenderest recollection of my administration and of the recent election."

The cup was engraved with the following inscription: "From the Colored Citizens of Tulsa, Oklahoma, to Mayor Charles H. Hubbard, in appreciation of his life's motto, A Square Deal to Every One."

The presentation committee were Dr. and Mrs. Charles B. Wickham, W. H. Phillips, J. G. McFall, J. T. Presley and A. J. Smitherman.

Malone Slayer Gets 26 Years

Jury in District Court Finds Man Guilty of Manslaughter and Fixes Punishment.

Imprisonment of 26 years in the state penitentiary on a charge of manslaughter, was the verdict returned by the jury in district court yesterday morning before which Spurgeon Pool, a Negro, was tried Wednesday. John Malone, a Negro, was shot to death May 11, 1919, on North Elwood avenue by Pool.

The defendant claimed self defense, testifying that a few hours before the shooting Malone at the point of a revolver, forced Pool to give up money won in a crap game from Malone. The State, however, contended that while Malone may have recovered his money from Pool, the latter without doubt armed himself and upon meeting Malone, shot the latter to death without warning.

WEAVER FAMILY ROOSEVELTIAN IN TYPE

Oklahoma Parents, Originally from Texas, Rear and Educate Twelve Children.

(Star Feature Special).

MUSKOGEE, Okla., Apr. 16.—The late illustrious and dearly beloved Theodore Roosevelt was a great American who believed in the purity and sacredness of home and family life. He always called attention to those families were blessed with a large number of children, and made much over them. We, as a race, ought to be proud of strong and sturdy progenitors, who have brought forth children, who in their turn will help to people the earth with strong men and women. Our attention has been attracted to one well known and highly esteemed couple, who are the progenitors of a line of descendants who are noted for their sturdy physique and literary attainments. The couple referred to are the Rev. E. B. Weaver and his wife, Mrs. M. J. Sedberry Weaver. The Weavers are originally from Waco, Texas, but have lived in Muskogee a number of years.

The Rev. Weaver is a minister of excellent reputation and long experience of the Baptist denomination, and though living in Muskogee has pastored a church in Texas. Through the practice of thrift, the

Rev. and Mrs. Weaver have not only accumulated considerable property, but have also reared and provided a college education for twelve children, and a number of them through marriage have large families and are educating them. The descendants of the Weavers, many of whom are favorably known in educational and religious circles are:

E. E. Weaver, principal Douglas School; Mrs. P. E. Bowen, teacher M. T. H. S.; Rev. L. A. Weaver, Texas; Dr. H. R. Weaver, Dentist; A. M. Weaver, tailor; Miss Irma Weaver, teacher; Ollie and Harold, students at Howard University and Miss Berenice Weaver, student at Bishop's College, Texas. Also Mrs. Dottie Byas and Leroy Weaver, of Louisville, Ky. The promising prospect for all these is such that there is every reason to believe that this generation and coming generations will have every reason for rising and calling these original progenitors, thrice blessed.

TULLAHASSEE'S POSTMASTER DIES

Mr. A. J. Mason, Leading Merchant and Planter Terminates Useful Career.

(Star News Service).

TULLAHASSEE, Apr. 16.—The citizens of this little Negro community have not yet fully reconciled themselves to their recent loss, through death of Mr. A. J. Mason, who in life was probably the foremost representative of the Race in Wagoner County. Mr. Mason died on March 31 last and his body was taken to Snehom, Texas, his birth place for burial on April 4. Mr. Mason was for many years the head and front of all commercial and civic enterprises in Tullahassee, and in spite of his many business connections he found time to materially aid and foster both educational and religious movements. He was associated with his brother in the conduct of a very large and complete country store and also served as Tullahassee's postmaster. Mason was the owner of considerable farm land and took great interest in agriculture. During the life of the late Hon. L. A. Bell of Wagoner, he and Mr. Mason were inseparable friends and interested in various enterprises. Mr. Mason is survived by his faithful wife, Mrs. Fair Mason, nee Shannon, four sisters and six brothers. He was a faithful and active member of the Baptist Church for many years and at the time of his death. He filled the position of postmaster here for many years and his face and figure will be missed for many a long day.

Tulsa To Get Mosaic Temple

Decision Was Reached at Meeting of Executive Board Thursday.

At a meeting of the Executive Board of the Mosaic Templars for the Oklahoma jurisdiction in this city Thursday it was unanimously decided to select Tulsa as the future home of the Mosaic Temple for Oklahoma and \$100,000 is the sum voted for the construction of the building.

Tulsa is expected to donate the site for this temple as an inducement or bonus for its location in this city.

This is a splendid opportunity for Tulsa and it is believed that the business men of the city will gladly give a lot as a site for the structure if they are assured that work will start on the building as soon as practical after deed to the lot is executed.

Members of the executive board attending Thursday's session were: Grand Master Wm. Ezell, Haskell; L. Higgenbotham, Miss Ethel Tucker and Hon. H. T. Walker, Muskogee; O. H. Bradley, Boley; Isaiah Warrior, Checotah, and Mrs. B. A. Nance of Okmulgee.

End Of The World Is Predicted Again

Our Delinquent Subscribers Will Please Remit Before Going Where We Have No Agents.

(Star News Service).

DETROIT, Mich. Apr. 16.—Another story predicting the end of the world has started the rounds of the press. This one originates in Detroit, and Mrs. Robert Timmons is the father, or rather the mother of the story. She says she will swear to the truthfulness of what she saw and found, on a stack of Bibles, and that she did not tamper with the egg she found in any shape or form. The prediction of the end of the world in five days, Mrs. Timmons declares she saw on outside of an egg she picked up immediately after it was laid by the hen. The following narrative tells Mrs. Timmons' version:

"While Mrs. Robert Timmons, 94 Buena Vista avenue, Highland Park, was in her poultry house about noon Sunday, she picked up an egg which she vows was laid almost at that moment by one of her barred Plymouth Rock hens, and on that egg was the following inscription: 'THE END WILL COME AFTER FIVE DAYS.'

The words were arranged in two columns, and between the columns a cross appears and on the side of the egg opposite the cross is a crown surmounted with a cross. The cross, crown and inscription are all raised slightly, as if the surface of the egg had been carved so as to leave them in relief. Except for the positive assurance given by Mrs. Timmons that she saw the egg laid one would say that the whole thing is the work of some joker who is handy with a knife.

RACE NOTES

Stargraphs Portraying Events of Interest to Our Group.

In thirty state out of the total 48, contests have developed in selecting delegates to the National Republican Convention in June. These contests are due to the attempts made by the "Lily White" republicans in thirty states by conventions to shut their Colored brother off from representation.

The time has arrived for all men, white or black, engaged in industry to unite for mutual protection. The Elevator Men's Union of New York draws no color line, and has pledged itself to stand by a square deal in employment of both races. At a monster mass meeting held at Arlington Hall, East Side, N. Y., last Monday, four thousand Colored elevator men lustily proclaimed their determination to stand or fall with the Union.

A. M. Byrd, who served during the Roosevelt and Taft administrations as White House butler died last week at his home in Washington. Byrd was transferred to another job when Wilson took charge. Byrd was a native of Virginia and 37 years old at the time of his death. He had a wide circle of friends.

The Seventeenth Annual Convention of the National Association of Teachers in Colored Schools will be held in Baltimore, July 28-31. An elaborate program has been prepared and an unusual attendance is anticipated.

E. A. Southern and Miss Marlow, two America's greatest actors, recently visited Dunbar High School. New York and gave readings.

Employment in Washington City Schools is very desirable to many. Out of 189 applications for teacherships, recently 54 were Colored. Those eligible after examination will be given probationary jobs.

New York News item: Editor R. L. Vann, of the Pittsburg Courier, and J. S. Finley Wilson and Chas. E. Lane, of the Washington Eagle were visitors in New York over the week-end.

Edward A. Johnson, Colored candidate in Harlem district, New York for delegate to the National Republican Convention at Chicago, was defeated by his white competitor, John J. Lyons. Johnson won in all the precincts where Colored voters predominated but fell down in precincts where the white republican vote was heavy. The whites thus defrauded the district of Colored representation.

Miss Ethel Richardson, one of the Race's most talented musicians, died on March 26, last. She began her career at an early age, and dedicated her life to the study and interpretation of real true art of music. Her favorite selections for recitals were: "Ondine," "The Water Sprite" from Three Poems and "Pour Piano" by Ravel. She was a product of the New York School of Art and a former student of the celebrated Ethel Leginski.

Our old friend "Pussyfoot" Johnson, who has been carrying on a "dry" campaign in England is on his way back and says "Ireland is going back on rum, and Scotland will be dry this fall." Johnson also declares America will never again be "wet."

Ask Pastors To Boost Inter Church World Movement

OKLAHOMA CITY, Okla., Apr. 16.—

Letters requesting that they present from their pulpits tomorrow, the plan of the Inter-church World Movement for raising a budget of \$336,777,572, of which, \$175,000,000 is to be paid this year, has been sent to all pastors of the thirty co-operating denominations by Rev. Perry E. Pierce, pastor of the First Methodist Church of Muskogee, who is here directing the state campaign.

The campaign is to open on Sunday, April 25th, and to continue through Sunday, May 2nd.

"Just as these great denominations have come together, and formulated

a program of co-operation in meeting the religious, social and educational needs of the world, will it be necessary, for members of your church and of all other churches to co-operate in putting over this campaign," Mr. Pierce said. "We have before us, the task of raising—for the co-operating denominations, not for the Interchurch World Movement,—what at first, appears to be a gigantic sum, but it is what a survey of the whole world has shown to be necessary and it is known in advance, what is to become of every dollar raised. It is a plan for putting church finances absolutely, on a business basis."

Alexander Howatt, leader of the miners of Kansas in the Coal Miners' Strike is still in the limelight. He along with several others, is confined in jail at Girard, Kansas, for contempt of court. In an address he was permitted to make by the sheriff from the balcony of the jail, he referred to Governor Allen, as "skunk, tyrant and destroyer of organized labor." Governor Allen stands pat and says he will act first and talk afterwards, but that the law will be enforced at all hazards against riotous miners or any other rioters.

Otto Wittern, Jersey City and Miss Katherine Filene of Boston, Mass., have been placed on the Executive Committee of the National Democratic Campaign Committee and two more are to be named, so that there will be six women and six men composing the committee.

BIXBY, OKLA. NOTES

Our good Bishop N. C. Cleaves, D. D. and his conference certainly made no mistake in sending us our mellow hearted Christian and gospel preacher. He is a matchless church worker. He knows what to do and when to do it, what to say and when to say. He is growing very popular throughout the country with both white and Colored. We pulled off a great rally Sunday, April 11. The weather was bad and hindered us quite a bit. At 11 A. M. his text was: "What think ye of Christ? Whose son is He?" Oh, how our hearts did burn. We had five clubs in contest: W. M. Washington, Miss V. Harris, Class No. 1 \$19.00; J. M. Edwards, Miss O. L. Pointer (were flees in their collar) Class No. 3, \$8.00. His text at 7:30 P. M. was, "Get on God's Side," and our pastor surely was on God's side. H. Broadinay, Reporter, Dr. D. A. Fellows, pastor.
