

# 151,000 PARADE AS PREPAREDNESS PLEA IN GOTHAM

### Marching Column Filling Street Stretches Out Twenty Miles.

### PAGEANT IS WATCHED BY MILLION PERSONS

### Women's Peace Party and Socialists Seek to Offset Effect.

NEW YORK, May 12.—New York's big parade that the nation should prepare for war was expressed Saturday night. 151,000 men and women marched in one of the greatest pageants ever assembled for the promotion of an idea.

Parents abroad, filling the streets from each to early morning, step to the patriotic tunes of 200 bands, the parade stretched out twenty miles.

There was hardly one in line who did not wear the stars and stripes. Many who had witnessed other great parades in New York declared that they had never seen a demonstration where patriotic enthusiasm reached to such a pitch.

Many business houses were closed. It is estimated that at least 1,500,000 saw the demonstration.

### 23,000 Women in Pageant.

Twenty thousand women were in the parade. In 200 companies, professional men, city officials and employees, 1,500 members of the national guard in uniform and thousands of veterans of the Spanish-American war composed the parade.

### Sixty Thousand Rejected.

The parade was divided into four divisions. The first set for the start was 9:30 a. m. and it is expected that the last division will reach the starting point until 10:30 p. m. Demands for a place in the parade are greatly exceeded the time and space that the promoters were compelled to reject 60,000 applicants.

From a stand in Madison square, containing thousands of spectators, Major General Leonard Wood, Rear Admiral Nathan C. Miles and Major Mitchell reviewed the parade.

# With Women Doing the Work of Men in England Workers Find Solace in Pipes

With women doing men's work in England, the pipe has been found to be a good substitute for the cigar. For some time many women, who formerly used the "fags," have been smoking small pipes filled with a mild, fragrant tobacco. The woman shown here works in a munitions factory.

endeavored to offset the preparedness spirit by the circulation among the pipe smokers of circulars. Across Fifth avenue from the recruiting stand, the Women's Party hung out a banner with the inscription:

"There are only 100,000 of you. You are not the only patriots. Two million families—50,000,000 wives, mothers and school children of America are opposed to what you and Wall Street are marching for. Are you sure you are right?"

# Thousands Inspect U. S. Naval Vessels

BOSTON, May 12.—The Charlestown Navy Yard in which forty vessels at war are assembled, was visited by thousands of persons Saturday in connection with a busy day program, arranged by the Massachusetts auxiliary of the Navy Relief society.

Among the principal demonstrations of naval preparedness were the maneuvers of the 1st, representative of the latest type of submarine in the United States navy and the launching of a torpedo by the destroyer "Chickie." The fighting ship "Puritan" from Annapolis to the post-land battles, were displayed for the inspection.

# Water Bond Ballots Ready for Printing

Drafting of the ballot to be used at the special election May 20 has been completed and the form is now in possession of the city controller's office to await the approval.

At the head of the ballot is a stark attack which the voter must fill out if he has no other way of proving that he is qualified. Each of the three propositions contained in the issue must be voted upon separately but all contained on the same sheet. This is described in full on the ballot.

# HOT WATER AND "ANURIC" BEFORE MEALS—AND HEALTH

All people in America, and especially those who are past middle age, are prone to get too much meat and in consequence deposit time-to-time in their arteries, veins and joints. They often suffer from twinges of rheumatism or headache, sometimes from gout, swollen hands or feet, such people are not always able to exercise sufficiently in the outdoor air or drink enough pure water in order to sweat freely and thereby liberate poisons through the skin. Dr. Pierce's Compound, which is not only a powerful purgative, but also a tonic, and is the only one of its kind, is the best remedy for this condition. It is the only one of its kind, is the best remedy for this condition. It is the only one of its kind, is the best remedy for this condition.

# Water Bonds

## Another Reason—

Two gentlemen were talking on the street about the coming election of the water bonds. One said: "Here comes a fellow that's in favor of the bonds."

Of course I said all good up-to-date plumbers should be for them, and especially owners of property that have plumbing repairs to make.

For when there is a scarcity of water in the river and the water is turned on only twice a day, having the water off it dries all the washers out in the laundries and other plumbing, causing them to crack, and they have to be replaced. This puts the property owners to thousands of dollars expense for replacement. So vote early for a better water system.
