EL PASO VOLUNTEERS.

A Full Company Has Been Gathered Without Effort.

Recruiting of a company for the Galveston regiment has been proceeding most satisfactorily at the Times office, under the charge of Juan S. Hart as acting recruiting officer. There is still room, however, for many more recruits, as there is no established quota for El Paso, and moreover it is likely that many of those already enlisted will be rejected on examination.

Recruiting officer John Kinney is expected to reach El Paso on the G. H. train this afternoon, and it is desirable that as many of the recruits as possible be at the depot when he arrives. He will arrange for a called meeting of the company soon afterwards and will announce when the examinations are to be held.

The Galveston regiment of volunteers will be commanded by Colonel Charles S. Rife of the corps of engineers, United States army, who has for years been engaged in work on the jetty system at Galveston.

The following is a complete list of the names enrolled up to this morning: Sam Seeger, John Seewell, John L. Paegan, Edward Selig, Isaac E. Archer, Charles L. Adams, Adam J. SECRECY INDEED.

It is Now Reported That 10,000 U. S. Troops Have Been Landed in Cuba Already.

ATLANTA, May 23.—It is believed that 10,000 United States soldiers have already landed on the Cuban coast, and have by this time effected a junction with the insurgent forces. This is told in a letter from one of the Georgian volunteers at Tampa to a friend in Atlanta.

It appears from this communication that for the last week the nights have been occupied in lodging transports with ammunition, troops, equipments, horses, and provisions, and that they were then forwarded to some spot already designated on the Cuban coast.

So urgent was the necessity for secrecy deemed that the point at which the men would land was not even divulged to many of the officers in command at Tampa.

About 1:15 o'clock this morning a policeman discovered a slight fire in the back yard of Mr. Emerson, M. 44 avenue and Idaho street. A pile of manure was burning, and the fire had already been communicated to a fence dangerously near to a frame stable. Mr. Emerson was called and the fire extinguished.

The proposal made by the company has been accepted by the Knights and tickets will soon be on sale in all parts of the city at a cost of \$150 for the round trip to La Luz and return. Nice little boys and girls under twelve years of age will be charged half price. Ample arrangements will be made for the comfort and convenience of the excursionists especially the ladies and children. It is expected that this will be the largest excursion ever sent out from this city, and every effort will be made by the Knights to take it enjoyable for all.

High School Commencement.

Last evening a large part of the population of the city gathered at Myra's opera house to hear the commencement exercises of the graduating class of '98 of the city's high school.

Long before the time set for the first number the house was overflowing, and chairs had to be brought in and placed in the aisles to accommodate the people who came late. This was the eleventh of the annual commencement that have been held in the opera house, and never before has so large an audience assembled to witness an entertainment of this kind.

The decorations of the auditorium were very beautiful. Roses, palms, and ferns in the grand and tasteful arrangement. The very appropriate class colors of red, white, and blue were brought out again and again, in the decorations, and in the costumes of the pretty girls on the stage. The stage background was an immense flag; among the flags used in the decorations were two of three sizes, draped over the balconies and boxes, and about the stage. The stage background was an immense flag; among the flags used in the decorations were two of three sizes, draped over the balconies and boxes, and about the stage.

There was arranged in the center of the graduating class pyramid, which were seated the eighth, ninth, and tenth grades of the high school. The girls were all dressed in white, with red and blue conspicuously present also. The boys of the graduating class were seated at the left of the stage, while Superintendent Putnam and his assistants were seated at the right.

The proscenium box at the left of the stage was occupied by Mayor Magoffin and the members of the school board. One of the prettiest features of the occasion was the four little flower children, two of whom sat on either side of the stage. The services were essentially needed during the whole evening.

The girls graduating were Miss Mabel Maria Falvey, Miss Allene Blacker, Miss Mary Ellen Kellar, Miss Sara Annie Edwards, and Miss Gertrude Stanfield Higgins. They were all prettily dressed in white and each carried a large bouquet of white roses, the class flower.

The boys of the graduating class were James Franklin Hagan and Salomon Wolff.

At the opening of the exercises Rev. J. T. French offered a very beautiful invocation, offering thanks for the success of our public schools and asking that a guiding hand care for this graduating class throughout the coming years.

The whole school then came to the front of the stage and sang "Hail Columbia" and the "Revel of the Leaves" with much spirit. Miss Kate Moore was at the piano and she well performed her part of the entertainment.

Miss Falvey delivered an excellent and well written essay on the subject "Life should be unique." Miss Falvey acquitted herself admirably, her delivery being excellent.

The recitation of the class of '98" was given by the class historian, Miss Allene Blacker. The audience fully appreciated her description of the events during the high school days of this class. "Spring song" was beautifully rendered by Misses Grace Allen and Alice Le. Shelton, who deservedly won great applause from the audience.

The musical farce that followed was very good. The participants were Miss Alice Marvin, Miss Rosewood Windsor, Jas. R. Edgerton and Wm. K. Marr. This little diversion from the exercises was very much appreciated, and Mr. Marr as the German displayed considerable talent as a comedian, who was well called for but they would not return.

The oration, "Unknown Heroes," by James Franklin Hagan, was ably delivered. Following that came the "Class Prophecy" by Miss Gertrude Stanfield Higgins, the martial class of '98 was very beautifully portrayed by Miss Higgins, and she was listened to most attentively. The tributes paid to each of the graduates were quite pretty and will be long remembered by each.

Then a chorus of girls of the high school sang a "Serenade," from Trotter. This selection was highly appreciated. Following this came the valedictory by Salomon Wolff. Mr. Wolff had chosen for his oration "Under the American flag." This young man very ably gave a history of the flag, and of the rights that our glorious old banner proclaims wherever it waves. The ability with which Mr. Wolff handled this subject showed that he was familiar with it. This thoroughly patriotic and timely essay properly interested the audience.

The high school quartet sang two very pretty songs that brought forth rounds of applause. This quartet was composed of Misses Shelton, Martin, Allen, and Marvin. Two high school club members of young men, gave a pretty selection. Here Supt. Putnam stepped to the front of the stage and stated that the Hon. J. M. Arledge, state superintendent of public schools, promised to deliver the closing address, but that he was unable to come on account of sickness, so that part of the entertainment had to be dispensed with. Prof. Putnam made a brief address to the audience as a class after which he delivered to each one of the class the certificate of graduation, tied with red, white, and blue ribbons, the class colors.

Awarded Highest Honors—World's Fair. Gold Medal, Midwinter Fair. DR. WOLF'S CREAM BAKING POWDER. A Pure Grape Cream of Tartar Powder. 40 YEARS THE STANDARD.

The exercises of the school were brought to a close by the singing of patriotic songs, after which Rev. J. T. French pronounced a most fitting benediction.

On Monday night the graduates will be given an informal dance at the court house by the young men of the city. The invitations have been issued and a pleasant time is expected by these who will attend.

A pleasant surprise was planned for Miss Kate Moore by the pupils and teachers of the high school, was called to the assembly room of the school, not knowing what was in store for her. She was too much surprised and too happy to express her appreciation as she would like to have done. Miss Moore has been the teacher of music in the public schools for some time, and has devoted a large part of her time after school to the high school pupils. They are soon to lose her willing services as an assistant, and they took this pretty way of expressing the deep appreciation they feel for her work in the past, and the love they have for her personally.

The following pupils of the Mesa school are promoted with honor: Milda Connolly, Winifred Roe, Duclie Smith, Grace Stewart, Jose Flores, Edgar Locker, Hilda Wolf, Arvya White, Annie Staroff, Elsie Kohlberg, Louise Hopper, Rina Caldwell, Elbert Townsend, Ralph Thompson, John Ryan, French Malone, William Leighton, Fred Dickerson, Alfred Budd, Myron Hensley, August Hensley, Meland Davis, Margarita Wright, Roy Brown, Donald Gallagher, Tom Newman, Bessie Roe, D. Malcolmson, Mason Vollard, Octavia Barlow, Elsie Staroff, Mary Staroff, Glad Russell, Leonor Hernandez.

Not Spanish Sympathizers.

Dr. Courchesne, French consul, and Mr. Marsden, his secretary, wish to reiterate most emphatically the charges that the French colony here or in Juarez is sympathetic with the Spanish cause. In a talk with a HERALD representative this morning, Mr. Courchesne said that the spirit of antagonism shown in certain quarters toward the French and Italians was most unreasonable; that he was personally acquainted with all the French people here and many of the Italians, and he knew they were loyal to America, and that those who had become citizens were as loyal as any native American.

The French are republicans, that is, liberals, and it would be absurd for them to side with a monarchy. Mr. Courchesne hoped that the good people of El Paso would not be prejudiced by the malicious statements of irresponsible people.

The version of the HERALD reporter got of the melee in Del Arra's saloon last night seems to dispose of the story that Old G. was involved in it at all. It was simply a saloon fight of no uncommon sort, and the Italian parties to the affair say that they saw no flag, wore no flag off any coat, rampled no flag or anything else under foot, and did nothing but simply fight; and that there was no race question, a nationality question, no flag question involved in any possible way. They say they are perfectly loyal to the Stars and Stripes, and love their country above any other.

Officer Clements is on the sick list and Officer Dwyer is in his place. Officer Archer is doing night duty in Dwyer's place.

The ball-tossers will meet on the grounds near the Santa Fe depot tomorrow afternoon.

A Card. I, the undersigned, protest with all my energy and indignation, against the slanders of a man like I. E. Archer as published in a morning paper, charging me with trampling the glorious flag of my adopted country under foot. It is simply a lie out of whole cloth. My sympathy and love is for this noble country from which I have received so royal a hospitality and in the present war in which the United States is fighting the Liberty and independence of an oppressed people, I am ready to give my services, and blood if necessary, to the American Republic. This I believe to be the sentiment of all Italians in the city. EUGENE DELL ARA.
