CITY COUNCIL.

The Good Work Done at Yesterday Morning's Session.

The city council met yesterday morning in adjourned session, Mayor Smith presiding, and present Aldermen Flannigan, Eiser, Askew, Aldridge, Adams and Haymaker.

The committee on police reported favorably on the petition of the city marshal for another officer for general duty, and recommended that the committee appoint the extra officer, to receive \$75 per month. The report was adopted.

The committee to whom was referred the purchase of a safe reported in favor of buying the safe offered by Capt. J. P. Alexander for \$275.

The committee on public buildings was authorized to close the contract for the public school building in the Thornton-Brown neighborhood.

A resolution was adopted instructing the city marshal to enforce the city ordinance in reference to the throwing of filth, garbage and rubbish into the public thoroughfares.

The following ordinance was adopted:

Sec. 1. Main street, Houston street, Weatherford street, and all the cross streets between Rusk and Throckmorton streets and including Fifteenth street, having been by contract with and by order of the city council of said city, graded, paved, guttered and curbed, and an estimate of the cost having been filed with the city secretary, by the city engineer, as well as the sizes and ownership of the property fronting and being on said streets;

Therefore, a tax of one-third the estimated cost of the grading and paving of said streets in front of the properties on said street is hereby assessed against the property fronting and adjacent to said streets so graded and paved.

Sec. 2. Said tax shall be collected one-fifth annually and shall be paid on or by the first day of March of each year after the levy of said tax.

Sec. 3. The list of the lots so placed on file in the office of the city secretary, which said list embraces all the lots on Main, Houston and Weatherford and cross streets between Throckmorton and Rusk streets, all of which front on and adjacent to said work so constructed by the city council of the city of Fort Worth, is hereby referred to and made a part of this ordinance.

Sec. 4. It shall be the duty of the officer collecting the tax herein levied to notify the owners of said property by postal card of this levy and the amount of tax due on his or her property by reason of this levy and when payable.

Sec. 5. A tax of one-third the cost of the work done in front of the property respectively is assessed against said property as follows: As per list marked E and A duly attached and considered a part hereof.

The committee on fire department was authorized to advertise the hand the apparatus, open correspondence with parties looking to the sale of it, and sell in case of a good offer, the proceeds to be applied to the purchase of improved apparatus.

A resolution was adopted asking the Missouri Pacific and Texas Pacific railroads to grade and gravel the street leading from Main to the Union depot, this street being entirely on the reservation.

The assessor and collector were authorized to collect all money due on sidewalks and curbing and pay it into the treasury, to be credited to the street and alley fund.

Adjourned.

The Conflict.

It is better to be provided with cheap and simple remedies for such common disorders as coughs, colds, etc., than to run the risk of contracting a fatal disease through neglect. DR. WM. HALL'S LUNG BALSAM is a safe and sure remedy for all diseases of the lungs and chest. If taken in season it is certain to cure, and may save you from that terrible disease, consumption. It has been known and used for many years in America, and it is no exaggeration to say that it is the best remedy in the world for coughs, etc. Ask for Dr. Wm. Hall's Balsam for the Lungs, and take no other.

All That Glitters is Not Gold.

For in this instance the glitter refers especially to the display of silverware made in the large jewelry house of H. Tully. An enormous variety of articles in pure silver, suitable for gifts on any occasion can here be found, and at prices adapted to the purses of all. Visitors to the city are cordially invited to call, as are all others.

Important Sale.

W. R. Curtis offers for sale all the property assigned to him as assignee of E. Dawson, which consists of about 15,000 acres of pasture land under fence in Clay county, Texas, 12,000 head of cattle and other personal property mentioned in said assignment. If this property is not sold at private sale it will be offered at public auction, in front of the court house door in Henrietta, Texas, on Tuesday, December 4, 1888.

RACES.

The Largest Attendance of the Week Witness the Fun.

Richball is Downed in Three Straight Heats by Westmont.

Will Benham, Brigand Belle, and Gilt Win Their Races.

Madame Marantette Beats Myrtle Peek in the Equestrienne Performance.

By all odds the largest attendance of the week so far was had at the track yesterday. The crowd was variously estimated at from twenty-five to thirty-five hundred. It was very gratifying to notice the large attendance of ladies in comparison with previous days. There was also a good attendance of business men and other employes.

Taken altogether the sport was the finest yet, and was certainly ahead of any day's racing ever had in Texas. A strong degree of interest in all the events was manifested, but the pacing contest excited more general interest and brought more people to the course than all the other events combined. Its result was a matter of considerable surprise, and some dissatisfaction was expressed, though most of the growlers were losers on the event. As on previous days there was no disorder on the grounds, and the police had an easy time of it. The various tables under the grand stand served to while away the interim between the races, and were the source of considerable profit—to their owners.

The officers of the day were as follows: Judges—A. M. Britton, Thos. Witten and R. McCart. Timer—Ira E. Bride of Montgomery, Ala.

Starters—Alderman Dick Flannigan and James Collins of Colorado City. WILL BENHAM WINS.

Promptly at 1 o'clock the three participants in the 225 trot were called to the start. This was an unfinished race of Wednesday, Will Benham having scored a heat, and Francis Alexander two. Notwithstanding this Benham sold a favorite over the field. Benham took the lead at the wire, Alexander at his wheel. Big Soap broke, following some distance behind. Benham won easily by two lengths, Alexander second, and Big Soap twenty lengths back. Time, 2:25.

Fifth heat—Benham took a lead by three lengths, after passing the wire, and held it at ease, at one time letting Alexander close up a length, and then shaking him off. Big Soap alternately trotted and broke. Time, 2:24.

FIRST RACE.

The great event of the day in the opinion of all was the free-for-all pacing for a purse of \$500. The starters in this were Richball, driven by J. S. Campbell, one of his owners; Fuller, driven by his owner, B. J. Johnson; and Fuller, driven by his owner, A. W. Campbell. Westmont took the pole, Fuller next and Richball on the outside. They got off well together, but Westmont at once began gaining on Fuller and he on Richball. An eighth from the wire the favorite broke. At the half Westmont was well in the lead, Richball several lengths in the rear. Westmont continued to gain on Fuller, while Richball began coming up. At the five-lengths the distances between the three began to grow interestingly less and at the three quarters the three were lapped. Coming into the home stretch the favorite was getting down to his work and was looked upon as a winner, when he broke and dropped behind fifteen lengths. Westmont won the heat, Fuller three lengths behind the favorite in sight. Time 2:19.

Second heat—The betting was hardly affected by the result of the first heat, Richball still selling a favorite over the other two. The second heat began as the first. Westmont going to the front and Fuller following. At the half four lengths showed between the horses. Here Richball broke and fell back twenty lengths. At the three quarters Westmont lead Fuller by a length, Richball fifteen lengths behind, gradually gaining. Coming down the home stretch it was a close contest between Westmont and Fuller, the former winning with the latter at his wheel, Richball six lengths in the rear. Time, 2:10.

Third heat—There was now considerable dissatisfaction among the backers of Richball, and they did not hesitate to request the judges to change the driver. The owner readily consented to the change. Mr. Maxwell was put on him, Westmont took the lead at the start and kept it all the way. At the entrance to the home stretch Richball came up from the rear and made a tremendous effort. He only succeeded, however, in reaching the wheels of Westmont at the wire, Fuller several lengths behind. Time, 2:18.

SECOND RACE.

The second race was a mile and a half dash, for a purse of \$500. The starters were Olivette, Mollie Moore, Retella, Calao, Princess, Brigand Belle and Mary S. The lead was taken by Olivette, Princess and Mollie Moore cutting out the running with her, the rest lunched, these three about two lengths ahead. Coming into the home stretch Brigand Belle pulled out from the gang and by a wonderful burst of speed pushed ahead of Princess, who had taken the lead half way down, and won. Princess at her withers, Olivette third a length behind. Time, 2:41.

The winner sold for \$6 in a pool of \$100.

THIRD RACE.

The next event was the 240 trot for a purse of \$500. Pirie, Jack Fletcher and Joe Morris were drawn and only four horses scored for the start.

In the first heat Bell O. had the pole and the best of the send-off, but Fred Neil took the lead soon after and held it to the finish though closely pushed by Bell O., who came in second. Whirlwind third. Time 2:34.

In the second heat King got the best of the send-off with Whirlwind, Bell O. and Fred Neil well up in the order named; the positions were unchanged at the finish, King winning in 2:29.

In the third heat King was leading under wire with Whirlwind second, but Fred Neil dashed to the front and held the lead to the finish in 2:29; Whirlwind second, King third and

Bell O. fourth. This race will be finished at one o'clock to-day. FOURTH RACE.

The next event of the day was the half-mile heats, for a purse of \$500. The starters were Aleemie, Queen Esther, Big Em, Mart Bohrem, Sorrel Dan, Emma W. and Gilt. In the first heat Bohrem started in the lead and kept it to the home stretch, the others well lunched. Entering it, Emma W. was seen in the lead, Sorrel Dan lapping her. Gilt came from the lurch half way down and pushed at once to the front, winning easily, Dan second and Emma W. third. Time, 5:11.

Second heat—In the second heat the green jacket of Gilt's rider was seen near the center of the pack after they had gotten off with a straggling start, but as they entered the homestretch she dashed through to the front and won with ease. Mart Bohrem second and Emma W. and Sorrel Dan tying for third place. Time 5:21.

The five-mile running race with change of horses at the end of each mile, for a special prize, between Miss Myrtle Peak and Madam Marantette, was run amidst the greatest excitement of the day. They changed positions several times in the race and Madam Marantette finally won in 11:18.

TO-DAY'S RACES. Though yesterday was the big day of the meeting thus far, it must not be understood that there will be no further events of interest. The management have provided for to-day a programme that will be decidedly interesting, and all events will be well worth seeing. Last night the pooling was not quite so active as the night before, but it was probably on account of heavy losses yesterday. There was no pooling on the 225 class, the horses entered in it being Isaac, Blue Cloud, Coriander, Billy C., Blue Jay and Whirlwind.

The rates of pooling on the other races were as follows: Free for all—\$1. Cloud \$25, Sleepy Joe, \$7; field—Francis Alexander and McGregor, \$2; total, \$34. Consolation, one mile—Olivette, \$10; field—Mollie Moore, Thady, Glendower, Matrimony, Earl of Beaconsfield, \$25; total, \$35.

Two mile dash—Brigand Belle, \$20; Trix, \$3; field—Mary S., Short Street, \$4; total, \$33.

TO-MORROW'S RACES. The association has already done a good work. The racing of the past three days has been of such a character as to rank the meeting as the best ever held in the state of Texas, and old turfmen attending this meeting say it is the best ever held in the South-west. It looks as if the enterprise and ambition of the association has no limit, however, for not satisfied with these four days of the regular meeting they have made provisions for an extra day to-morrow. The events will all be of a very attractive character, in fact as much so as any day of the week. The expenses of this extra day will be heavy, but doubtless a generous and appreciative public will respond by a large attendance to-day and to-morrow. The racing to-morrow will include a three-quarter dash for all ages, a purse of \$200; cow pony dash of half a mile; match race between two ten good ones; a ten-mile race between the equestriennes and other features not yet decided upon. The attendance to-day and to-morrow should be large. Everything is so well conducted no lady can find fault to object to, and where the fair sex can find no objection, the gallant Texans should be on hand with all their sweethearts.

TURF TRACKS. There is some complaint at the faulty coloring of the score cards. Unless the colors are correct it is certainly no advantage to have them.

Mr. Nat. Kramer did well in securing Mr. C. H. Stiles of New York as a pool seller and with his assistants, Sossman and Taylor, book and ticket writers, the pooling here exceeds that at either Gainesville or Dallas.

The Mullein Plant. Dr. Quilan, a celebrated physician in Dublin, has just written, in an English medical journal, of his wonderful experimental results with the common mullein plant upon lung and bronchial affections, citing cases where he has given it to consumptives with the most astonishing results, and recommends its use by the profession. Referring to the above, we would state that "Taylor's Cherokee Remedy of Sweet Gum and Mullein" made from the formula of the medicine men of the Cherokee Nation, is composed not only of the mullein plant, but has incorporated with it the sweet gum, the finest stimulating expectorant known, presenting an agreeable taste and a certain panacea for coughs, croup, whooping-cough, colds and all bronchial affections. For sale by all leading druggists at 25 cents and \$1 per bottle.

Manufactured by Walter A. Taylor, Atlanta, Ga., proprietor of Taylor's Premium Cologne. The most lasting and fragrant of all perfumes. For sale by

Base Ball. A picked nine of ball players go from this city to Dallas next Sunday to play the Brown Stockings of that place a match game. Two professional players will be on the Fort Worth nine—Stockwell of the Grand Rapids club and Geiss of Fort Wayne, who plays with the Detroit's next season. These two men will be the battery of the nine, and a good game is looked for between the two clubs.

Stoves. In great variety and of every grade can be had at Johnson, Amber & Young's store. The firm is offering especially an excellent assortment of cook-stoves to which they call particular attention.

A Diligent. The heartiness with which our merchants, as a rule, seek to aid any public improvement, is proverbial, and the closing of the stores was quite general. It was with difficulty, however, that one firm succeeded in giving liberty for the day to themselves and their employes. As one o'clock drew near the customers of the house continued to linger and buy, the bargains being such as were impossible to resist. Finally Messrs. Malone, Waller & Co. and their many clerks succeeded in retreating on their way to the races. They continue the same bargains right along, at No. 287, Houston street.

HO! FOR THE RACES.

The coming races in Fort Worth are attracting more than amount of attention generally bestowed on that enlivening pastime. The city will be thronged with visitors, and the only possible drawback to full enjoyment is the lack of hotel accommodations. Excepting this deficiency, no city in Texas can show a better list of attractions to us. We have a beautiful opera house, splendid drives, the best race-course in the state, and all who come are assured of having more fun than you can get in a bushel-basket. We have a word or two to say to visitors: To see the Fort Worth and miss seeing our handsome store, would be as bad as going to Rome without seeing the Pope. Besides a handsome store, we are offering the most attractive line of clothing and gents' furnishing goods in the city. Our prices are low, our goods are of the best material, and our price system is a guarantee that all comers will be well treated. We present every visitor with a handsome souvenir—something useful as well as ornamental. We are noted for our fair dealing. Be sure to visit us in town. You can find our place by asking any man or boy you meet.

WASHER & AUGUST, CORNER FOURTH AND HOUSTON STREET.

TEXAS INVESTMENT COMPANY, LIMITED.

Organization of a Powerful Factor in Fort Worth's Upbuilding.

Last night there was organized an institution that will do much towards the upbuilding of Fort Worth and the state of Texas. We refer to the Texas Investment Company, Limited, which succeeds to the business of the Texas Investment Company and will do business in the offices of the latter company. The Texas Investment Company, Limited, has a paid-up capital of \$100,000, and its directors are J. P. Smith, J. D. Reed, W. J. Boaz, W. A. Huffman, Sidney Martin, A. M. Britton, W. J. Morphy, J. F. Evans and Geo. B. Loving. The organization was effected by the election of W. J. Morphy as president; J. P. Smith and J. D. Reed as vice-presidents; George B. Loving as secretary, and W. J. Morphy, J. P. Smith, W. J. Boaz, W. A. Huffman and A. M. Britton as an executive committee. Mr. W. J. Morphy, the president, formerly owned property in this city, but is now a citizen of Sherman. He will move to Fort Worth and give his personal attention to the large interests of which he has been elected president, and thus our city gains a useful citizen and our business influence a valuable and energetic worker. Mr. Morphy is a wealthy dealer in live stock and a fine business man. With all the capital necessary and in the hands of such men as those named, it may confidently be expected that the Texas Investment Company, Limited, will prove a potent factor in attracting capital to the state of Texas and providing means for bringing together purchasers and sellers of real estate and ranch properties. It has exceptional facilities to do this work, running branch offices in London, New York and other American cities, as well as in all the principal stock centers of this state. These facilities, an abundant capital, and a directory whose names are a guarantee of good faith and practical knowledge of their business, must speedily make the Texas Investment Company, Limited, a recognized influence in the grand work of Texas progress and prosperity.

A Magnificent Saddle. California and Colorado are known to have had the lead in the production of fine saddles, no Oof the enterprising Fort Worth merchants, Mr. R. F. Tackabery, has secured the services of some of the Colorado and California workmen, and in Fort Worth they are reproducing exactly the finest work done in the states named.

Mr. Tackabery specially invites inspection of the \$100 saddle in his store, and many others can be shown graded down to \$25. The house acknowledges no competition in the quality of their work or material. Mr. W. J. Tackabery, manager of this business, will welcome visitors at 209 West Weatherford street.

THIRD AND FOURTH WARDS. An injured man whose name is unknown was brought to this city on the west bound Texas & Pacific passenger train last night and taken to the Railroad hospital. He was an employe of the road and was crushed between two cars at Jefferson yesterday. The result of his injuries are not known, but his face was horribly crushed.

Officers were seen at the trains last night. The Fourth ward was well represented at the races yesterday. Many of the ladies were out.

Four new cars are expected here to be run on the Main street railway.

WHAT MADE THEM SICK. Where have all those men been, mother? To the races, my dear. But they are walking, mother. Yes, my dear. Didn't everybody ride out, mother? Nearly all. Why don't they ride back, mother? They look tired. They have no money, my child. What did they do with their money, mother? They lost it on Richball. Why didn't Richball win? No, child. Didn't pa read in the paper that he couldn't lose? Yes. But he did lose. Yes. How was that, mother? Did he fall down? Oh, no! He was sick, child. Ma, did the men catch that sick look from him? Yes, sweet. Now please go split the wood for supper, and we'll talk about this some other time.
