The formula by which Mischler's Herb Bitters is compounded is over two hundred years old, and of German origin. The entire range of proprietary medicines cannot produce a preparation that enjoys so high a reputation in the community where it is made as

MISCHLER'S HERB BITTERS.

It is the best remedy for Kidney and Liver Complaints, Dyspepsia, Cramp in the Stomach, Indigestion, Malaria, Periodical Complaints, etc. As a Blood Purifier, it has no equal. It tones the system, strengthens, invigorates and gives new life.

The late Judge Hayes, of Lancaster Co., Pa., an able jurist and an honored citizen, once wrote: "Mischler's Herb Bitters is very widely known, and has acquired a great reputation for medicinal and curative properties. I have used it myself and in my family several bottles, and I am satisfied that the reputation is not exaggerated."

MISCHLER HERB BITTERS CO.,
525 Commerce St., Philadelphia.
Baker's Pleasant Worm Syrup Never Fails

A PREVENTIVE

Of Typho-Malarial Fever and Our for Rheumatism at Last Discovered

By the firm of Hughes Bros., manufacturing chemists of Dallas, Texas. This enterprising firm have for the last five years been engaged in the manufacture of baking powders, wines, cider, vinegars, etc. Dr. F. E. Hughes, who presides over their laboratory, has for the last forty years been engaged in the study and practice of medicine and chemistry. They also have in their laboratory Prof. Geo. C. Calhoun, who has for many years been a teacher of chemistry, also Mr. J. Price Warlick, a graduate of chemistry in the University of Philadelphia. These gentlemen in manufacturing the various articles already mentioned, have found it necessary to combat excessive fermentation, whether vinous, acetous or alcoholic, which have ever stood in the way of successfully manufacturing vinegars and alcohol in our Southern climate. The experiments have resulted in the discovery of an agent which completely obviates this difficulty. This agent is the extract of the bark of a tree indigenous to the state of Texas. Carrying their experiments still further, they have ascertained that this same extract as completely controls the only remaining fermentation known to the arts and sciences, viz: Blood fermentation, which is the cause of fevers as well as of rheumatism. This agent they have combined with the extracts of ginger and lemon, thereby rendering it a most efficacious as well as delightful and palatable beverage. It is not only one of the best tonics in its effects, but the use of it effectually prevents typho-malarial fever. At the same time it is a sure cure for rheumatism. Dr. Hughes' Extract of Lemon and Ginger is put up in cases of two dozen bottles, and can be found at all first-class drug and grocery stores.

Silver Loaf Baking Powder has never yet disappointed the bread-maker.

A MELEE IN THE NATION.

A Fight With Horse Thieves—One Man Killed, Another Wounded.
Special.

FT. SMITH, ARK., March 20.—In the Creek nation a few days since a party of men in pursuit of horse thieves came upon the band in Concharitown, on the Arkansas river, at the house of a man named Bush Michael. Collins, one of the thieves, stepped to the door with a revolver in each hand and began firing on the pursuers who returned the fire and a pretty lively fight ensued, resulting in the death of Collins and the wounding of another of the thieves. The rest of the gang escaped to the brush. The pursuers, none of whom were hurt, recovered the stolen horses which were concealed about fifty yards from the house.

LIBERTY HILL.

A Crazy Negro Creates a Furor—Town Notes.
Special.

LIBERTY HILL, TEX., March 20.—Our town was thrown into quite a flurry this morning by the appearance of a crazy negro man, who was supposed to have escaped from the Austin lunatic asylum. Our legal authorities refused to take him in custody, so the boys at the depot found him and turned him over to Conductor Brookling, in whose care he was returned to Austin this evening.

Liberty Hill is improving. A number of new business houses are in the course of erection. Farmers are advanced with their crops, notwithstanding the backward spring. The fruit crop was never better.

PEACE PROCLAMATION.

Peace in Wilbarger County and Good Will to All.
Special.

VERNON, TEX., March 18.—After a long and continuous outburst of hard feelings and many serious troubles in this county, it seems that a new era has begun. The trouble of the county resulted in the arrest and confinement of some two dozen citizens, among them some of the best citizens of the county, all of whom, when arrested, quietly submitted to the officers of the law. The arrests were made principally by Capt. Schmitt of the ranger force. After about a week's confinement, and as soon as counsel for the state and defendants could be procured for trial, a preliminary was begun on the morning of the 16th inst., which continued but one day, during which the state introduced but one witness. On the morning of the second day of the trial, the counsel for the state and the defendants agreed to waive further examination, and about seventeen out of the twenty-three parties in custody were granted bail in sums ranging from \$1,000 to \$10,000. After the parties were liberated they went quietly about their business. The evidence of the one state's witness examined shows that there is, or has been a kind of mutual agreement between certain citizens of this and adjoining counties, the object of most, if not all the parties, being self-protection. The evidence also shows that during the existence of this agreement there has been a killing or two. All is now quiet, and from the conduct of all parties it is believed that it will remain so, notwithstanding the very great excitement that has existed in the county for some time past. From the testimony given at the preliminary trial and from all that can be gathered, it is believed that most, if not all, of the trouble in the county has been the result of a want of the rigid enforcement of the laws.

Certain men, and among them the best citizens of the county, have come to the conclusion that the law was insufficient to protect life, liberty and property, and have taken a step that, to say the least of it, will cost them time, money and probably their liberty. The laws on our statute books combine and contain the wisdom of ages, and are better than those gotten up by any small number of men. It is no defect in the law, but in the way it is executed. When men feel that they are not secure in their life and property they should call upon the officers of the law to protect them, and if they will not do their duties they should kick them out and get those who will. They should also know the law to which the smallest penalty is attached is nevertheless a law, and should be executed.

Capt. Schmitt and his men have done, and are yet doing, all that any one could do to secure peace and quietude. The writer believes that the trouble is over. The preliminary trial was held by County Judge Orr, the state was represented by County Attorney D. K. Britt, W. L. Gordon and George; the defendants, by Col. A. L. Mallock, Judge Hazlewood and most of the home bar.

The Austin Daily Dispatch.

AUSTIN, TEX., March 16, 1885.

Your usually correct correspondent was in error in saying that the Dispatch office was sold by the Sheriff and bought in by Dr. Stoddard. Dr. Stoddard bought an old deed of trust on the press in the Dispatch office, and this the sheriff, acting as trustee, sold and Dr. Stoddard was the only bidder. As the deed of trust had no validity, the sale amounted to nothing. The Dispatch has not passed out of my hands, and is not likely to now. It is published every day as usual, by yours truly.

W. Y. LEADER.

A Telegraphers' Strike.

BOSTON, MASS., March 19.—The entire night force of the Bankers' & Merchants' Telegraph company stopped work to-night. It is understood that the strike is general throughout the whole lines of the company owing to the heavy arrears in pay. The receiver offers to pay 70 per cent of the dues if accepted in full of settlement. Full payment is asked.

New York, March 20.—The strike of the operators of the Bankers' & Merchants' Telegraph company has been temporarily suspended, and the

men have returned to work. Receiver Butler of the company met the men this morning. They demanded that 20 per cent of the salaries due for February be paid Saturday and the salaries of March on the 23d inst. Mr. Butler told the men that such action on his part was impossible, but if they would trust him until the end of the month he would see that they were paid or he would go out with them. This proposition was accepted.

LOVED FOR HIS MONEY.

A Young German, Cast off by his Paramour, Kills Himself.
Special.

SAN ANTONIO, TEX., March 20.—Emil Lane, a young German of good family, about nineteen years old, committed suicide this afternoon on Market street by shooting himself in the head with a small five-shooter. Three shots were fired but only the third took effect. Lane was intoxicated when he committed the desperate deed. He had been very intimate with a young variety trapeze-performer at the Fashion theatre, who returned his affections as long as he had money, and then cast him off. This is the second successful suicide in the Lane family, each of the brothers effecting their deaths in a similar manner. Another one attempted to commit suicide by taking poison, but did not succeed. This tragedy was enacted in the variety boarding-house, where Emil had gone for the last time to call on his lady-love. He was under the influence of liquor, and the landlady ordered him off of the place, when he pulled his pistol and fired the fatal shots.

An Ex-Governor a County Attorney.

JACKSON, MICH., March 20.—A non-partisan convention to-day nominated Hon. Austin Blair, Michigan's war governor, for the position of prosecuting attorney for this (Jackson) county, and the ex-governor has accepted the nomination.

Arrested for Embezzlement.

ST. LOUIS, MO., March 20.—E. G. O'Beir, one of the oldest real estate dealers in the city, was arrested this afternoon on an indictment just returned from the grand jury charging him with embezzling \$5000 from John Eason of Westfield, N. Y., for whom he sold a piece of property in this city. He is alleged to have appropriated the proceeds to his own use.

Senator Garland's Successor.

LITTLE ROCK, ARK., March 20.—Before balloting this morning, a letter was received from Polindexter Dunn withdrawing his name. The fifth joint ballot was then taken electing James H. Berry to succeed Senator Garland in the United States senate as follows:

Berry, 72; Newton, 17; Fishback, 13; House, 5; Homer, 2; Crittenden, 8; necessary to choice, 62.

Accomplished Counterfeiters.

CHICAGO, ILL., March 19.—Federal officials have under arrest Joseph Skelton and George K. Osborne, charged with manufacturing and passing counterfeit silver coin. The officers say they shadowed them when going about passing money, and found in their houses in the outskirts of the city dies, presses, etc., of excellent workmanship, capable of turning out coins at a very rapid rate, and of a quality that would almost defy detection.

Prospects for a Good Fruit Crop.

PALESTINE, TEX., March 20.—The continued cold weather is causing uneasiness lest it reach the freezing point and rob us of the splendid prospect for a big fruit crop this year. Mr. Peterson, a Canadian, is now planting in the suburbs of the city eight acres of many varieties of grapes. He is an experienced grape culturist and has experimented extensively with the native grapes of this country, producing a most excellent quality of wine.

Complicated Litigation.

GALVESTON, TEX., March 20.—A verdict was rendered in the United States district court here to-day sustaining the attachment suits brought by the Graham Paper Co. of St. Louis against the Houston Post Publishing Co. last September, the judgment against the Post Co. being for \$2310, together with the costs of the suits. This disposes of the counter-suit brought against the Graham Paper Co. by the Post Publishing Co. for damages, which were placed at \$80,000, and under this judgment the stock and material of the Post establishment will be sold.

Blighted Hopes Cause of a Suicide.

BRENNHAM, TEX., March 20.—William Handel, aged 35 years, a native of Gottenburg, committed suicide in his room at 11 o'clock yesterday morning. He had been in Brenham since 1883, and had been out of employment over a year. He was despondent and out of money. He left a letter disposing of his effects, saying that he had no friends. The letter concluded: "I can do no more. God help me." He was highly educated and had letters of recommendation from Germany, where his father is well to do. He had a policy in the Endowment company, the dues all paid, in favor of his father for \$2000. A registered letter, containing money, arrived for him last night.

In Connecticut last week a trim and tidy widow at the frisky age of 75 captured in the meshes of matrimony a steady, sedate and somber man of 22. The bride is said to be well pleased, what there is of her, for she weighs a trifle over ninety pounds, and has a snug fortune of \$20,000. Some neighbors remark that the avaricious man had money in his view of matrimony, but the friends assert it was a love match.

The "Little Joker" is the best smoking tobacco.

For lame back, side or chest, use Shiloh's Porous Plaster. Price 25 cents. Sold by H. W. Williams & Co.

The impression has obtained with some of my customers that my Baking Powder and Candy Factories were destroyed by the fire which consumed my store house and stock of Groceries on the night of February 19th, that I was consequently not prepared to fill orders promptly for

SILVER LOAF BAKING POWDER AND PURE CANDY

Those branches of my business having been carried on in separate buildings, there was no delay whatever in the manufacture of either the Baking Powder or Candy, but on the contrary both factories have been run with double the ordinary capacity in order to keep pace with the demands for their products.

I am now in my new storehouse, Corner Fifth and Main Streets, and have the largest stock of fresh goods ever brought to the State.

Your orders are solicited and will have most careful attention.

W. A. HUFFMAN IMPLEMENT COMPANY

THE SCIENCE OF LIFE. ONLY \$1 BY MAIL POSTPAID.

KNOW THYSELF.

A Great Medical Work on Manhood.

Exhausted Vitality, Nervous and Physical Debility, Premature Decline in Man, Errors of Youth, and the untold miseries resulting from indiscretion or excession. A book for every man, young, middle aged and old. It contains 125 prescriptions for acute and chronic disease, each of which is invaluable for 50 years by the author, whose experience for 20 years is such as probably never before fell to the lot of any physician. 800 pages bound in beautiful French morocco, embossed covers. In gilt, guaranteed to be a finer work in its class than any other work sold in this country for \$2.50, or the money will be refunded for instruction, and by the afflicted for relief. It will benefit all—London, Lancet, Medical Review, etc. Address the Publisher, Medical Institute, or Dr. W. F. Parker, No. 4, South Street, Boston, Mass., who may be consulted on all diseases requiring skill and experience. Chronic and difficult diseases that have HEAL baffled the skill of all other practitioners, such as GLEET, Syphilis, Gonorrhea, etc., are cured without an instant of failure.

In the make-up of Silver Loaf Baking Powder, a combination has been found which places the inexperienced house-keeper on an equality with those who have made bread-making a study for years.

Not Hard to Find.

Any little boy in town can show you Anderson's gun-store.

Croup, whooping-cough and bronchitis immediately relieved by Shiloh's Cure. Sold by H. W. Williams & Co.

German Millet Seed.

Amber sorghum seed, German millet seed, Johnson grass seed and all kinds of grain and feed for sale by W. F. Patterson, corner Sixth and Houston.

That Silver Loaf Baking Powder has taken a position side by side with the leading brands in the market, evidence the merit claimed for it by the manufacturer.

"Why the unprecedented popularity of Silver Loaf Baking Powder" has been frequently asked, and the answer is found in the guarantee of J. H. Brown that every package is chemically pure.

Shiloh's Vitalizer is what you need for constipation, loss of appetite, dizziness, and all symptoms of dyspepsia. Price 10 and 75 cents per bottle. Sold by H. W. Williams & Co.

The ingredients that enter into the composition of Silver Loaf Baking Powder are guaranteed chemically pure, and to this is attributed its unprecedented popularity wherever it has been introduced.
