### BURIED IN THE MISSISSIPPI.

A Fatal Bridge Accident by Which Four Lives are Lost.

KIRKLAND, Ill., Nov. 10.—A terrible accident occurred at a new iron bridge, which four men lost their lives and several others were seriously injured. A number of workmen were on a temporary scaffold attempting to raise an iron stanchion, preparatory to ironing a section of the long span of the bridge, when a corner post of the traveler gave way, and with a crash and roar like thunder, the whole sagging with men, machinery and ponderous iron column, fell into the deep water below.

Patrick Conway, James McCanna and John Olsen are buried under the debris, in the bottom of the river.

Pat Noonan of Clinton, Iowa, was killed.

William Bassett has both legs broken above the knees, and one leg below the knee. Another man, whose name is not known, has a broken leg and is injured internally.
