

ON WALL STREET.

The Entire Interest in the Share List was Monopolized by Two or Three Leading Stocks.

The Close Strong at About the Best Prices of the Day—Railway Bonds Firm. Transactions Large.

GOVERNMENTS, STOCKS AND BONDS.

New York, Dec. 23.—The stock market was less active to-day and the entire list in trading centered in Reading, though there was some activity in Lackawanna, Union Pacific and Western Union. Prices were firm almost from the opening to the close, leaving the list in many cases moderately higher than last afternoon. The trading during the morning hours was without a feature except an attempt to depress coal stocks, evidently with the intention of covering shorts, and these stocks furnished nearly one-half of the business done. All the recent reports in regard to Reading and the coal trade in general were persistently repeated, but as an offset to them the rumor was circulated that Messrs. Corbin & Sully had formed a syndicate to take the entire issue of new 4 per cent. bonds, which, however, met with a prompt denial. The efforts to break the stock were successful and after a slight recession in the early trading its course was steadily upward for the remainder of the day. Prices became more pronounced toward the close and the whole list moved up, Union Pacific being a special feature among the inactive stocks. Consolidated Gas and San Francisco preferred made sharp gains late in the day, but the rest were dull and listless throughout. The weak spots were Chicago, Burlington and Quincy and Hocking Valley, both of which reacted from their advance of yesterday. The opening was firm but very dull, and coalers and Union Pacific monopolized trading. There was a weak tone in the first few minutes, but this soon disappeared and the entire list moved up slowly, Western Union becoming prominent. Towards noon the four stocks mentioned were the only ones exhibiting any animation after 12 o'clock until the last hour when there was a more active market with decided strength in some of the general list. The close was dull but firm to strong at about the best prices of the day. The result of the day's bidding is that all the active list with few exceptions are higher, and Union Pacific and consolidated gas advanced 1/8 each, Lackawanna 1/8, Richmond and West Point preferred 1/4, Fort Worth and Denver City 1/4, and Jersey Central and Manhattan 1 per cent. each, while Chicago, Burlington and Quincy lost 1/4.

Estimated bonds were dull, but mostly firm. Sales \$709,000. Hocking Valley's rose 2/4 to 7/8. Minneapolis and St. Louis supplements lost 1/4 to 5/8.

Government bonds dull but firm. State bonds entirely neglected.

JEFFERSON.

Shot While Cursing Train Robbers—Attached Stock of Goods Sold.

Special to the Gazette.

JEFFERSON, Tex., Dec. 23.—There was a shooting scrape last night in the office of the Grigsby hotel in which Phillip Plinton was shot in the shoulder, but fortunately it is not a serious wound. Plinton had been talking about the train robbers, and cursing them quite vigorously, when a man by the name of D. F. Moulouin, who had been sitting in the office and was a stranger in town, jumped up and uttered an oath and said he had heard enough of the abuse of the robbers, at the same time drawing his pistol. He fired twice with the above stated result. No explanation as to why he acted so was given. He was promptly arrested by Sheriff Deware and is now in jail awaiting the action of the grand jury now in session.

G. F. Cready's stock of goods sold to-day for \$1805, and was bought in by J. J. Sigel, one of the attaches.

Arrested for Theft.

Correspondence of the Gazette.

COUTLON, Tex., Dec. 21.—Deputy Sheriff Tunnell went over to Edgewood, in the northern portion of this county yesterday evening and arrested one Dan Kelly, an Irishman, on a charge of theft. Kelly was in the employ of the Texas and Pacific Railroad Company, repairing the track in this county. He is charged with the theft of a watch, valued at \$25, said to be the property of J. S. Cassidy, an Irishman, also in the employ of the Texas and Pacific Railroad Company. Kelly is in the county jail.

Oil at Trichham.

Correspondence of the Gazette.

TRICHHAM, Tex., Dec. 21.—Last night J. L. Sheldark the oil prospector on Hon. L. L. Sheldark's land struck a very strong flow of oil at 145 feet. It is the same that was found at 100 feet, which has been tested by geologists and found to be a very fine quality of kerosene. This morning three gallons of the crude oil were skimmed off the six-inch well. It is as black as tar and almost as thick, and burns very readily when exposed to the flames. The quantity is undoubtedly sufficient to pay and there is very much excitement in this vicinity.

Miami.

Correspondence of the Gazette.

MIAMI, Tex., Dec. 20.—The Roberts County Ranger, published at Miami, made his appearance Saturday the 17th inst., with R. W. Grierson as editor and proprietor. It is a neatly gotten-up, four-page six-column paper, published every Saturday. Mr. Grierson is the former editor of the Longton, (Kan.) Leader, and bears the name of a good writer. Roberts county is rapidly settling up with a good class of farmers, mostly from Kansas, Iowa and Missouri, and it is predicted that there will be a thrifty farmer on every section of school land in

WACO.

Assignment at Cameron—A Bloody Mystery—Firemen's Ball.

Special to the Gazette.

WACO, Tex., Dec. 23.—There was found this morning several pools of blood on the sidewalk in front of the Waco State Bank. It is rumored that a serious difficulty occurred there late last night. So far neither officers nor reporters have been able to discover any clew concerning the affair.

The firemen's ball and supper of last night was the greatest success of the kind of the season. The firemen here are all volunteers, and receive nothing for their valor and work in time of fires. The business men appreciated their annual celebration of last evening.

Mrs. J. T. Wilson, wife of John T. Wilson, one of Waco's prominent citizens, was buried to-day. She died of consumption.

C. P. Ruby of Cameron made an assignment to-day to J. H. Becklett. Reported by Bradstreet.

Citizens from the neighborhood of Valley Mills, where the man Clebe Roberts was killed the other night, express very little sympathy for the murdered man. They claim that he belonged to a gang of thieves and they were neither surprised nor sorry that he has been put out of the way. This gang of horse thieves has given much trouble to the honest citizens in the northern part of this and adjoining counties.

Failed to Prove Her Relationship.

CHICAGO, Ill., Dec. 23.—Sarah C. Bond, a young colored woman, attempted to establish a claim for \$8000 before Judge Tally yesterday by proving that Mrs. E. Bunch, a mulatto who recently died here aged seventy-six, was the issue of a secret message between Miss Curtis and James Washington, the negro coachman of the Curtis family. Miss Curtis belonged to the aristocratic stock into which President George Washington married Miss Bond is the only descendant of the negro coachman. She succeeded in showing that Mrs. Bunch was the daughter of Miss Curtis, born while the latter was a school girl. Mrs. Bunch's career was traced to her death in Chicago, where she left \$8000 worth of property mainly to a Baptist church. The claimant failed to show that Miss Curtis and the coachman were ever married, and therefore was unable to prove relationship with Mrs. Bunch. Judge Tally, therefore, disallowed the young colored woman's claim for the \$8000.
