FREDERICKSBURG, TEX., June 28, 1893. GENTLEMEN:—The movement on foot to erect a monument to the noble Walter Hayne, is commencing to kindle the hearts of all future visitors of the next Spring Palace and inspire them with some of that old ago ardor, unflinching and unshrinking spirit, that has made the name of Walter Hayne a synonym for the word "courage."

DEAR GAZETTE: Enclosed please find my check for \$1.00 to the Al Hayne monument fund.

THRENTON, N. J., Aug. 4, 1893. SIR:—Enclosed please find postoffice money order for \$1.00, and for the same you will please bring it to the bank for a moment to the noble Al Hayne.

PORT WORTH, TEX., July 27, 1893. DEAR GAZETTE:—Please accept this little contribution, \$1, from the Sunday school children of the First Baptist church in the Al Hayne monument fund. We feel it only just and right to contribute to the memory of a brave and noble man.

DEAR GAZETTE: Enclosed please find our \$1.00 contribution to the Al Hayne monument fund.

made to Mr. A. B. Smith of the Merchants' national bank, who originated the movement. Subscriptions will be received by Mr. Smith at THE GAZETTE.

THE Dramatic Mirror deserves the respect of all lovers of the legitimate drama for the position it has held regarding that objectionable play, 'The Cleomeuca Case.'

A MAN who owned by being an ex-minister and an ex-journalist snatched a lady's pocketbook. He confessed guilt by saying 'I did not steal it, I took it.'

THE new Baptist church at Seymour will be ready for service early in December. It will be a very handsome edifice.

MR. M. C. HURLEY seems to have misinterpreted THE GAZETTE's meaning in alluding to him as the obstacle to the Albuquerque's construction.

IT WAS a glorious victory. Rusk street seems to be in the swim.

THE tariff is a tax. So the people voted last Tuesday.

MR. HOGG appears to have been stronger than a commission.

IT MAY be remarked that Fort Worth is the livestock center of the Southwest.

AND now for 1892. The tariff is a tax. The Republicans favor a robber tax.

OH, the dust, the dust! where are the sprinkling carts that belong in the march of progress?

THE adoption of the road law amendment is due to the agitation of the Texas press for better roadways.

THE people of Texas seem to be in favor of improved dirt roads and improved railroad management.

JUDGING from the election returns the American ass has begun to kick at the burdens imposed on him by the Republican tariff robbers.

THE tax-payers of Fort Worth favor the building of a city hall, and if any one doubts it let the question be submitted to them.

FORT WORTH as a city has a pecuniary interest in an increase of assessable values. Public improvements will increase the values.

A DEMOCRATIC majority in New Mexico on the adoption of the constitution, is likely to delay its admission into the sisterhood of states.

NOT only the people of Fort Worth, but the city government of Fort Worth should give the town a push. Fort Worth needs a new city hall.

THE public spirit of Fort Worth people should not be neutralized by the lack of public spirit in the city government. Dallas was converted from a town into a city by a progressive city government.

THERE is a tide in the affairs of men, which, taken at the flood, leads on to fortune; Omitted, all the voyage of their life is bound in shallows, and in miseries. On such a full sea are we now afloat; And we must take the current when it serves.

WHEN ex-President Hayes visits New York his arrival is thus chronicled: R. B. Hayes, Fremont, Ohio, is at the Fifth avenue hotel. The shade of a returning board is over it all.

A FIRST-CLASS three-card monte man in New Jersey knocked down a man for calling him a loafer. It is hard to know how Jersey justice will deal with this man, but Western courts a few years ago would have rendered the vote that this man was a gentleman and a hero.

LAST spring it was stated that the National association of laundries raised a large sum towards prosecution of the poverty on the Chinamen. But, in large cities and small, Linz Wing pursues his avocation of cleansing American dirty linen serenely and with complacency.

ELECTION returns show that figures only lie when they are misplaced. A figure in a New York paper gave several days ago a majority for Governor Pattison in Pennsylvania and elected Col. Colman as congressman from the First district of Massachusetts.

WHEN Gen. Joseph R. Hawley in a speech made previous to the election in Connecticut urged his hearers to vote the Republican ticket as that of a party possessing "great, broad and Christian philanthropy," he displaced Mark Twain as a leading humorist in the Nutmeg state.

FRED DOUGLASS said, in speaking of Ingalls' speech in the senate on the negro, that when that senator was right he was very right and when he was wrong he was very wrong. There is not any curl right down the forehead of the Kansas mortgage holder, but a good-sized majority think he is naughty the larger portion of his time.

TEXAS IN TYPE.

CONSIDERABLE wheat has been sown in the vicinity of Midlothian, Ellis county. Cotton is nearly picked out, the average being one-third of a bale per acre.

THE corn crop in Shelby county as well as the acreage, so there is but little for sale in that section.

THE value of the pecan crop in Tom Green county is estimated to amount to \$25,000.

According to an exchange the great Brazos valley never looked finer, having thousands of acres of wheat up and daily hundreds of acres are being sown by the farmers along the Nile of America.

A report comes from Eastland county that the late frost has ruined a large portion of the cotton in that section, it having stopped the cotton from growing and caused it to open.

THE late fine weather in Navarro county has caused the cotton to roll into market very rapidly.

THE new Baptist church at Seymour will be ready for service early in December. It will be a very handsome edifice.

THE contract for the new church at Hungerford has been let and work will commence immediately.

According to arrangements, the corner stone of the Methodist female college at West End was laid with solemn ceremony, Right Rev. Bishop Galloway preaching the dedication sermon.

THE elegant new church building of the Methodist Episcopal church at Rising Star, Eastland county, having been recently relieved from all indebtedness, was dedicated at 11 a. m. November 2.

CLAY county is justly proud of her excellent schools. There are thirty-two school districts in the county, says the Chronicle, twenty-eight of which have school houses and regular teachers.

THE members of the Christian church at Benjamin, Rusk county, will convene at the home of a church at once, the committee has been appointed to raise the necessary funds, and \$1300 has already been subscribed.

IN an excellent write-up of that section the San Angelo Standard has the following: Tom Green county is well provided with means for maintaining good free schools in every portion of the county.

THE Forth Worth GAZETTE, daily or weekly, is a great paper and worthy a place in any man's office or home.

THE esteemed Austin Capitolian considers the Gazette's statement that the Forth Worth GAZETTE is the leading Democratic newspaper of Texas as a bright piece of news, and says that but for that statement the fact would never have been known.

PARIS is to have an artesian well. The commissioners court has ordered that the work begin as soon as the machinery can be obtained.

AMEN improvements in the new lands the Seymour Monitor says: Lumber dealers are shipping big bills of lumber to adjoining counties. There if a world of improvement going on and the yards have all they are able to take care of.

SEVERAL new business enterprises are now on foot in Temple and will add new life to the place, says the Times.

WOLFE city has organized a board of trade composed of the most prominent citizens of the place.

BILLS will soon be advertised to build the jetties at Galveston.

THE Pitts river bridge matter is not dead, but just working out its salvation, says the Houston Post. It is one of the many of parties who are working to secure the required stock in Bryan.

THERE are now about twelve new residences going up in the Miller addition alone, according to the Seymour Sun. These buildings are all rented before work is commenced, showing the great demand there is here for residence houses.

THE San Angelo Standard has the following, which indicates that a large influx of those valuable settlers will soon make Tom Green county an objective point: About five weeks ago Mr. Johann Gerbard Tanzemann and Mr. Heinrich Pahlde, after having prospected in Runnels county, came here from Ballinger town in his county, about ten miles south of San Angelo, the former a section and three-eighths, the latter a section of land. Last week Mr. Tanzemann came again to San Angelo. He was accompanied by two other Nebraska Germans, Messrs. Wilhelm Becker and August Heineke, who purchased each a section of land to-day, for sale for non-payment of taxes. The land is in all unorganized counties. A great deal more remains to be sold yet.

CHARLES died today: The San Angelo water works company, amended charter; the San Angelo Turn Verein, and Olympic club of Bryan.

A GIN Burned. Special to the Gazette. BEXAR, TEX., Nov. 5.—E. B. Baggett's gin at Paduville burned this morning. Loss, \$4000. The amount of insurance cannot be ascertained.

Accidental or Otherwise. Special to the Gazette. DEBBERT, TEX., Nov. 5.—Near this place a couple of days ago, one colored man was shot by another, which resulted in his death yesterday. Some witnesses of the shooting say that it was accidental, while others say that the party who did the shooting is still at large.

Assaulted at Corsicana. Correspondence of the Gazette. CORSIANA, TEX., Nov. 4.—On last night, about 8 o'clock, as B. H. Allen, a prominent dealer of this place, was coming down town on his way to his place, some one assaulted him in the dark, striking him with a heavy weapon on the head and knocking him senseless. He was found by parties who heard his cry and brought to his store. He has no idea who his assailant was, nor for what purpose he was assaulted.

THE VERY LATEST.

NO PARTY LINES IN OKLAHOMA. Special to the Gazette. GUTHRIE, O. T., Nov. 5.—Returns are in from all counties except Beaver county. Harvey (R.) is elected delegate to both the Fifty-first and Fifty-second congress. His plurality over Mc Coy for the long term was over 2000, while Matthews (D.) for the short term met with a regular Waterloo.

THE Democrats by no means give up, and still claim the victory in a party fight. Party lines cut no figure in this contest, and the results only show confirmation of the fact that until sectional matters are eliminated from politics there is but little hope for the Democrats as fear of the governor prevents them from voting their sentiments.

COLORADO REPUBLICAN BY REDUCED MAJORITY. Special to the Gazette. DENVER, COLO., Nov. 5.—Colorado is Republican by greatly reduced majority. The Democrats have elected a majority of state and possibly two others on the state ticket, attorney-general and superintendent of public instruction, and have made substantial gains in the legislature. A much lighter vote was polled than was anticipated, and the returns will show that had the Democrats had even the semblance of an organization they could have gained a victory and retained the line. Republicans will retain the member of the house in congress, and will doubtless elect a Republican to succeed Senator Teller. He may be his own successor, but this is by no means certain, unless he succeeds in harmonizing the discord that now reigns in the Republican ranks.

RETURNS ARE SLOW COMING IN. DENVER, COLO., Nov. 5.—Never before in the history of the state have election returns come in so slowly as this year. Up to 6 o'clock to-night neither of the state headquarters had received complete returns from a single county. The count for Arapahoe county has not yet been completed, and out of seventy-six precincts but twenty-five have been reported from the city and county. These give Townsend (R.) for congress 4898, O'Donnell (D.) 3705. For governor, Routt (R.) 4720, Yeaman (D.) 3801. Returns so far received from outside counties give a gain on the Republican ticket of a plurality of 17,533.

AT Democratic headquarters Chairman Arbutic claims that the election of eleven Republicans and ten Democrats. The present delegation from this state stands twenty-one Republicans and seven Democrats.

DELAWARE'S GOVERNOR A DEMOCRAT. WILMINGTON, DEL., Nov. 5.—Complete returns from the whole state gave Reynolds (D.) for governor 445 majority, and Causey (D.) for congress 514 majority. The legislature will stand: State, Democrats five, Republicans four. House, Democrats fourteen, Republicans seven. There is no United States senator to be elected.

GEN. PALMER'S VIGOROUS CANVASS. CHICAGO, ILL., Nov. 5.—Great interest has been felt in Illinois in the outcome of the vigorous canvass which Gen. J. M. Palmer has made for the election of a majority of the general assembly on joint ballot. Early in June the Democrats, departing from their usual custom, named Gen. Palmer in the state convention as senatorial candidate against Charles B. Farwell, present incumbent, and Gen. Palmer has made a personal canvass of the state in behalf of his party.

THE Republicans have had an advantage of several members in the political "holder" senators, and this alone has prevented the Democrats from carrying the general assembly, if indeed they have been unsuccessful.

BOTH parties to-night are claiming a majority on joint ballot, and the Democrats have the Republican gains 12000. Later returns from the Sixteenth congressional district of Illinois indicate that Democratic Congressman Fithian has been defeated by Readers, Farmers' mutual benefit candidate, by a majority of 236. This is probably correct and will leave the Illinois delegation eleven Democrats, eight Republicans, and one Farmers' mutual benefit man.

McKINLEY STILL HOPEFUL. CLEVELAND, OHIO, Nov. 5.—A late dispatch from the McKinley district says late returns increase his gain and show an approximate majority of 145 in the district.

RICHMOND, VA., Nov. 5.—Further returns from the election in this state leave no doubt that ten Democratic congressmen are elected. The Democratic gains were 11,612 and Republican gains 12000. Nashville, Tenn., Nov. 5.—Returns from yesterday's election are coming in very slowly. John P. Buchanan, (D.) for governor, will have between 25,000 and 30,000 majority. The legislature is two-thirds Democratic in both houses. Democracy has small gains in the legislature in East Tennessee. The congressional delegation will stand as follows: Seven Democrats, one Republican, one independent.

TRENTON, N. J., Nov. 5.—The latest returns give Democratic increased majorities to both branches of the legislature. The senate will stand—Democrats, 13; Republicans, 7. Assembly—Democrats, 43; Republicans, 17.

CANNON CONCEDES HIS DEFEAT. DANVILLE, ILL., Nov. 5.—The Associated Press has the following: Busey has a majority over me of about 300. [Signed] J. G. CANNON.

CHICAGO, ILL., Nov. 5.—Congressman Hill (R.) of the Sixth district is re-elected by a majority of 1000. This shows a falling off of 1800 votes from his last election.

THE SITUATION IN KANSAS. KANSAS CITY, MO., Nov. 5.—Republican candidates for governor beaten, six out of seven Republican congressional candidates defeated, Senator Ingalls' re-election is subject of great doubt—that is the situation in Kansas. There was a landslide—a regular avalanche. In Kansas the 82,000 Republican majority was overwhelmed by its resistance force and destroyed its destructive weight. The Farmers' Alliance did it, and it was a genuine surprise. Every political prophet predicted great strength for the Alliance, but only the most sanguine regarded its success as even a probability. The chances for the Democratic party seemed much brighter. The Alliance strength is depleted to an alarming degree since the victory of the Republican party. On the eve of the election Humphrey (R.) was considered a probability, Robinson (D.) a possibility, and Willis (F. A.) not in the race, but to-day returns, practically complete, lauded Willis a

REALTY AND BUILDING.

THE New Hotel Project Will Be Worked On To-Day. The committee appointed at the last meeting of the chamber of commerce to wait on the citizens and secure the loan of \$37,500 necessary to obtain the \$100,000 hotel proposed to be built on Fifth and Rusk streets, only formulated its plans yesterday, and will to-day go actively to work. It is proposed to post the matter and close it in a few days. Several thousand dollars have already been subscribed.

THE HOTEL PROJECT. The committee appointed at the last meeting of the chamber of commerce to wait on the citizens and secure the loan of \$37,500 necessary to obtain the \$100,000 hotel proposed to be built on Fifth and Rusk streets, only formulated its plans yesterday, and will to-day go actively to work. It is proposed to post the matter and close it in a few days. Several thousand dollars have already been subscribed.

THE CITY HALL. The principal topic of conversation in Fort Worth yesterday next to the election was the question of building a city hall and library building. The majority in favor of the building is as great as that given James S. Hogg for governor. The citizens were pleased, favoring the council so generally in its measure, and felt certain that Col. J. P. Smith was fully able to handle the matter. Mayor Smith is heartily in favor of the hall and does not believe in unnecessary delays. The people of today, the children of to-day want the benefits of a library, the whole city have a right to know what the board of aldermen will give what is needed and desired.

A NEW BUILDING. Messrs. French and Hirschfeld yesterday bought from Thos. Roche twenty-five feet on Houston street, between Seventh and Eighth, below the French building, for \$11,500. The property owned by the two parties is adjoining, and will now construct an elegant three or four-story business house, 50x100 feet. Work is to begin at once.

A PROGRESSIVE ASSOCIATION. Those who have the movement for a progressive association in hand propose to have a meeting some time this week at the residence of the association to be formed for the purpose of aiding the upbuilding of Fort Worth in every possible way. It proposes to do all in its power to aid the chamber of commerce. The fees of food at the figures spoken of will admit every man with any interest in Fort Worth. Quite a number of citizens have expressed a willingness to join the body. The progressive association will be heard from.

NOTES OF PROGRESS. The Studebaker Brothers, the famous manufacturers of Indiana, arrived in Fort Worth last night from the southern part of the state. They say Texas is a revelation to them. Both urge that Texas have a more grandiose display of the states at the World's fair. The gentlemen were delighted with the maturation, which they visited last night. This morning they pay a visit to the Panhandle.

NEGOTIATIONS are pending for the erection of a dry goods palace 50x200 on Main, Houston and Cross streets. As soon as the city settles about a culvert across Jones street the Riverside street car line will complete its track.

A large number of yesterday's GAZETTE's telling about the great re-locator and packery were sent to the last and North as immigration agents.

THERE is some hope of securing a baby carriage factory for Fort Worth. The carriage is said to be heavy in Texas.

THE Fort Worth iron works and Moore iron works are working with heavy forces now, which will soon be increased. The walls of the brewery are up to the third story.

Acting Chairman Hurley of the chamber of commerce has appointed R. H. Sellers, A. W. Barbridge, and J. P. Ellis as the committee to take in hand the building of the Fort Worth and Albuquerque.

A WAGON DEMOLISHED. Struck by a Railroad Engine, and the Driver Badly Injured at Weatherford. Special to the Gazette. WEATHERFORD, TEX., Nov. 5.—This evening Mr. J. J. Vick, a farmer living on the corner of Fort in this county, was wearing the crossing of the Texas and Pacific railroad on the second street, one of the horses became frightened at a big dog running behind him, and before he could get his head under control crossed ahead of an engine on the track, but failed to do so in time, and was struck by the engine and knocked off the track. Mr. Vick
