

It's no Use to Cry Over "Spilled Milk"

If the last lot of Dry Goods you bought didn't come up to your expectations at the price you paid.
 If the last pair of shoes you bought gave down before you got your money's worth on account of the material and workmanship.

If the last suit of clothes didn't fit you as if it was made for you.
 If the last hat was sold to you for a first class article and went to the bad at once.

Of Course You have a "Kick Coming"

It's too late to complain now, but try a new trick and tie in with the old reliable house which was established in Snyder in 1900, eleven long years ago, and has never in one instance failed to satisfy one out of the thousands of customers that have put us to the test. We are here with the merchandise that does prove what we say. Our store is filled in every department with brand new goods. And our prices are down with the cotton market at all times.

SIX NEGRO MEN ARRESTED

Police Believe That Letter Gives Valuable Clue Against The Parties.

Ft. Worth, Texas, Nov 13.—A letter that fell into the hands of night Captain Blanton of the Central Police station, caused the arrest of two negro men and four negro women early Friday morning.

They are held in connection with the hold up of F. M. McGlothlin, 29, a locomotive engineer of Tucson Arizona.

McGlothlin reported to Patrolmen Girard and Chapman at Fourteenth and Main that \$80 had been taken from him by negro highwaymen.

The letter is from one of the women under arrest to one of the men. It was delivered by a messenger boy. The police believe that it contains the division of the "swag" secured. The wife of the man is supposed to have refused to divide with the woman who wrote the letter and the letter to her husband is a threat to inform upon him.

The letter is held in evidence in the robbery case.

Governor Colquitt has organized 149 counties in Texas for the cause of promoting reduction of cotton acreage next year—that is he and Pres Radford have appointed that number of county union presidents to work up sentiment along that line.

MAN FOUND DEAD ON TOP CAR

Savannah, Ga., Authorities Are Unable to Decide Whether Murder or Not

Savannah, Ga., Nov. 13.—A brick thrown by a railroad employee at a man apparently asleep on the top of a box car that had just arrived from the south on the Atlantic Coast line failed to arouse the man and led to the discovery that he was dead.

The head which was battered was lying in a pool of blood. It is not clear whether the man had been murdered and his body placed on top of the car or whether his head had struck an obstruction while he was riding.

Papers found on the man's person indicate that he was George R. Boatwright, a solicitor in the employ of the Atlanta Constitution.

The police are making a thorough investigation.

Ballard's SNOW LINIMENT

Is the Right Remedy for All Abrasions of the Flesh.

If the wound is cleansed and the liniment applied promptly, the healing process begins at once and the wound heals from the inside outwardly, thus performing a perfect cure that leaves no scar. If the wound heals on the outside too quickly, pus forms under the surface and breaks out into a running sore that is hard to cure and inevitably leaves a bad scar.

Owners of blooded stock prefer this liniment to all others for that reason, and they use it not only on fine animals, but on human flesh, as it does its work quickly and thoroughly.

Price 25c, 50c and \$1.00.

This Institution is in Full Operation at the Post Office in Snyder

The Postal Savings Bank in Snyder is now in full operation and Mrs. Nelson informs the Signal that there has been six deposit accounts started today.

Four of these are E. J. Anderson, who made the first deposit. He was followed by R. A. Irving, J. A. Morgan and J. C. Ezell. Then came two others and there are more to follow.

Cotton Mill at Post

Col. A. C. Wilmeth, has returned from a business trip to Post City. He made observations there of the industrial outlook. He says they are going to build a cotton mill there and are now considering what class of fabric will be the most profitable.

Mr. Post has a large cotton crop there and his men are buying big lots of cotton and are holding it for manufacturing.

The promoters propose to establish a plant there capable of working up all the cotton raised in this part of the state.
