#### Notice to Ginning Public

Ginning is now light and in order to make our expenses as small as possible, we have decided to set days for the rest of the season, commencing next week, we will gin on Thursdays and Saturdays, the 28 and 30, and on these regular days weekly until cotton is all picked.

#### Rental Rates Over East.

A gentleman in Snyder is in receipt of a letter from a relative in Johnson county saying that tenants there are required to pay a third of both cotton and corn and in some cases men with teams are to give half they make, the landlord furnishing only the land and feed for the teams. It is indeed strange why tenant farmers will stay there and submit to such conditions when they could come to west Texas and rent on more reasonable conditions and have a chance to buy homes at low prices and on easy terms.

#### Christmas Greetings.

This is the last issue of the Weekly Signal before the holidays and the paper desires to extend happy greetings to its readers, wishing for all of you a merry Christmas and happy and prosperous new year. This year has been one of uncertainty and a reasonable quota of hardships, but the people have kept stout hearts and have cultivated cordial relations with each other, and we have a great deal for which to be thankful. It is the consensus of opinion of optimistic people that the country is in better condition materially than a year ago and we may go into the New Year with new hopes and energies. The Signal will continue to give the news and do what it may for the encouragement of the people and the up building of town and country. Make the Signal office your headquarters when in town. We want you to feel like it is your paper and be sure to call in and see us.

# A Merry Christmas is our wish to you all whether or not, if you have not in the
