

# Holdings Cotton Don't Take Chances

Don't let it go uninsured. The cost is very small considering the protection received. It only costs you 45c on the \$100.00 per month, or \$4.50 on the thousand. If you take it for 90 days it only costs \$9.00 per thousand.

## It May Burn Any Time

You may have your whole year's work tied up in that cotton.

### Webster's Place in History.

While acting as the organ of the government in foreign affairs Webster showed that his powers as a diplomat were scarcely inferior to his legal and oratorical endowments, but it is as secretary of state that he is least thought of now. His country proudly thinks of him as one whose brain and voice did more to inspire Americanism than any other man between Washington and Lincoln; as the greatest Federalist since Hamilton; as the finest exponent of the Constitution since Marshall.
