

Christmas and Every Day Also

Every day during the entire year there are needs which must be supplied from a hardware store and these needs are just what we want to supply.

Everyday Needs

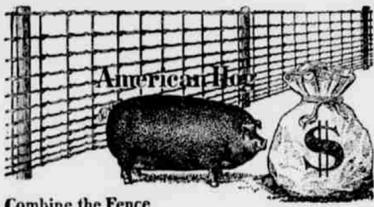

In closing this year we take pride in stating that our stock consists of the best selected hardware and implements that can be imagined. We make it a study. We handle the Eclipse windmill, piping, casing, rods and all kinds of supplies for water systems.

Household Needs

There never has been a time when we were better supplied with everything you can wish from a hardware store for the home comfort. Nice sets of knives and forks, carving sets, dishes and glassware would make appropriate presents for the household.
