Travis Shaw, Banker

One of the descendants of the famous Travis of Texas history who went to the relief of the Alamo but arrived too late, a man who took an active interest in the formation of the early government of Texas, who fought for her rights and served many years in the Congress when it was an independent republic, Travis Shaw of this city has a history in his forefathers that he is proud to emulate. As were all his forefathers, he is unwavering in the duties, which he has to

perform. He came here from Williamson county to accept a position in the First National Bank of this city and has remained with that institution ever since. He has been, for several years, assistant cashier of the bank in which position he has made friends by the score. He has an elegant brick cottage home in this city and is rapidly forging to the front as one of the financiers of this city. He is popular and this popularity is based upon the fact that the people know that they can depend upon him.
