SPORTING NEWS.

The National Baptist Team has been somewhat handicapped this season, and out-of-door practice has been almost impossible; but they have lost no time in getting in shape in their athletic rooms. They will be ready by April 27th to meet all comers. As the dope has it, they will have the strongest team they have ever had, and can be relied upon to give the public that clean article of ball they like so well. Here is hoping the printers a successful season.

It is well to remember that this team was beaten only twice last season, and that was by Columbia at Athletic Park. The best thing we learn is that they are making a strong united effort to get a park of their own close in, so that ladies can witness the games and feel at ease. Let everybody pull for the printer boys once, twice and always.

COUGH—CONSUMPTION

(By A. LUNGER.)

The short, dry cough if not arrested continues, and after a time increases in frequency. The breathing is more easily hurried by bodily exercise, and the pulse becomes more frequent, particularly after meals and toward evening there is also frequently experienced a slight degree of chilliness, followed by heat and night sweats. The patient becomes languid and indolent and gradually loses strength. After a time the cough becomes more frequent, and is particularly troublesome during the night, accompanied by an expectation of a clear, frothy substance, which afterwards becomes more copious, viscid and opaque, and is most considerable in the morning; the sputa are often tinged with blood, or hemorrhage often occurs. As the disease advances, the breathing and pulse become more hurried; the fever is greater, and the perspirations more regular and profuse. The emaciation and weakness go on increasing; a pain is felt somewhere in the lungs which is increased by coughing, and sometimes so acute as to prevent the patient from lying on the affected side.

All the symptoms increase toward evening; the face is flushed; the palms of the hands and the soles of the feet are affected with a burning heat; the feet and ankles begin to swell, and in the last stage of consumption there is nearly always profuse diarrhoea.

Some patients are troubled with constipation throughout the illness. The emaciation is extreme, the countenance assumes a cadaverous appearance, the cheeks are prominent, the eyes hollow and languid. Usually the appetite remains entire to the end, and the patient flatters himself with the hope of a speedy recovery, often vainly forming distant projects of interest or amusement, when death puts a period to his existence. When a patient loses his appetite that is a serious drawback, for he loses flesh rapidly, and the monster can have full sway with the body.

Tubercular deposits are also usually found in other organs of the body; the liver is enlarged and changes in appearance and ulcerations occur in the intestines, the larynx and trachea. These are so frequent and uniform as to lead to the belief that they form part of the disease. When Consumption has a strong hold on a man every organ—in fact, every part of the human system is affected.

(To be continued.)

MANAGER OF "THE MORNING NEWS" ILL.

Word has been received in the city this week announcing the illness of Mrs. Dollie Thompson Brown, manager of The Morning News, of Hopkinsville, Ky. Her illness, it is thought, will necessitate a trip to New York, that she may undergo an operation.

Mrs. Brown, who is the wife of Phil H. Brown, the versatile and erudite editor of The Morning News, is well known in this city, having spent the major portion of her life here. She has a host of friends who will be pained to hear of her illness and will hope for her a speedy recovery.

SECRET SOCIETIES TO HAVE BIG RALLIES.

Big preparations are being made by the Pythians and the Odd Fellows for their respective rallies which are to be held next month for the purpose of paying off the debts upon their buildings. The rally of the Odd Fellows will be held on the second Sunday in May, while that of the Pythians will be held on the fourth Sunday.

Rev. Preston Taylor, who is president of both the hall associations, expresses himself as being highly pleased with the interest manifested and hopes when the days arrive to make large collections.

YOUTH MEETS WITH PAINFUL ACCIDENT.

Frank the infant son of Mr. and Mrs. Robert Whittemore of Blank street, while riding down a hill in that neighborhood on a toy wagon, had the bones in one of his legs fractured the latter part of last week. He was riding with several other youngsters, when the wagon capsized, throwing his companions upon him with the results mentioned above. The brave little fellow has borne his painful injury with a fortitude that is wonderful for one of his age, and after being attended by a physician, is on the road to recovery.

EBENEZER NOTES.

Mr. T. S. Allen, a senior member of the theological department of Walden, preached at Ebenezer last Sunday, as Dr. Hammonds could not come. His theme was "Faith" and was well discussed.

Dr. E. W. S. Hammonds was the invited guest to dinner at Mrs. Emma Hall's last Sunday. The hostess of the occasion spared no pains in preparing a four-course dinner. Bishop Lee and Dr. Hammonds took tea with Mrs. Hall.

We were more than blessed last Sunday evening by having Bishop Lee preach one of his spiritual sermons. The discourse was full of instruction, and the advice given in regard to our churches paying more attention to missionary work created a new zeal for the work. Dr. Hammonds, Dean of The Theological Department of Walden, spoke after the Bishop. He so delighted his hearers that an invitation has been extended him to visit us again.

A holiness meeting was held at the residence of Mrs. Copeland. Mrs. Goings and Mrs. Harris, of Kentucky, were the leading speakers.

Miss Lottie Anthony, of Atlanta, Ga., sister of Mrs. Marshall Cheathan, has become a favorite in our church and society. Having a sweet soprano voice she adds much to the choir.
