Meharry Commencement.

Tuesday night brought to a close the thirty-seventh commencement of Meharry Medical Colleges. One hundred thirty-eight men and women received diplomas from the four departments. It was a magnificent scene, and means more to the race than can be calculated in figures.

The whole of Nashville is proud of Meharry, and from its very beginning white physicians of this city have devoted much of their time in the training of those young people who have matriculated there.

Too much praise cannot be bestowed upon Dean G. W. Hubbard for the untiring efforts he has put forth to keep Meharry in the front ranks. He is a great and good man, and has more confidence in the Negro race than most of the leaders of the race.

Miss Pauline Eutler of 40th avenue, who has been critically ill is improving nicely. Mr. Thos. Moore of 924 40th avenue, who has been very ill for the last two weeks is able to be out again.

Dean Hubbard is advancing in years and he is to be congratulated on having completed the new hospital of Meharry, and his many friends wish for him many years more that he may enjoy what he has labored so hard to accomplish.

There is a class of men in this city who might be appropriately classed as the "Low Landers," so far as concerns the welfare of the people in general; for with as many high points as there are in Nashville some of our men persist in contending that the Carnegie Library be situated at the corner of Twelfth avenue and Hynes street.

The Ladies Auxiliary Board met last Monday at the home of Mrs. Cunningham. Rev. Pankie will preach at the First Baptist Church at this place next Sunday. Mrs. Bettie Hadley had dinner last Sunday for her brothers, who enjoyed themselves immensely.

The Ladies Auxiliary will meet at Spruce Hill M. B. Church Tuesday, April 22 at 2:30 o'clock. Rev. J. Dodson of Williams Chapel preached an able sermon last Sunday. Mr. S. H. McVay returned to his home at Milan last Saturday after the closing of his school at Semon Hill where he has been teaching for the last six months.

Mr. Haywood Juniors is in our town again. Mrs. Nora Johnson Darby of Gibson is visiting Mrs. Mollie White. Mrs. Lilla Jones left Saturday afternoon and hurt her arm badly. Rev. C. H. Ivie arrived Saturday afternoon and filled his pulpit Sunday night. Rev. C. A. Crate and his congregation worshipped in the A. M. E. Church again Sunday, as the M. E. Church had not been finished in repair from the storm.

known that the council of Negroes was sought, up bobs this ring of "Low Landers," and when it was said to them by one commissioner that this site was the only one that could be had, and when it appeared to them that it would be purchased, they jumped at the opportunity that seemed to be in their grasp to say that "we" located the library. All thought of conditions went out of their minds entirely and the whole vision was obscured by one big "we."

It is deplorable, indeed, that the men who are in position to be of real service to the race haven't the courage to object to anything that is offered whether it be objectionable or not.

The library question is not settled yet by the commissioners. In fact the best people of Nashville, and they are largely in the majority, desire that this library be so situated as to be not only a credit to Nashville but satisfactory to and a pride of the Negro citizens. They are not impatient in this matter, and we do not believe the men who are contending that they are, have ever thought that there was any sign of impatience exhibited on the part of the commissioners.

Prof. A. E. Ware, president of Atlanta University, has got his foot deep in the mire in the effort to prove that the Negroes among whom he has worked and lived for years are worthless. He has caused the Atlanta Independent to tell the world just what he amounts to. If what the Independent says is true (and we have always found that their charges are more fact than fiction), President Ware is due to pack his grip and hike away to other parts, for no man is capable to teach the youth of a race who, after years of association with that race, has not been able to see anything good in it.

Tennessee is to spend \$7,000,000 a year for education, according to a bill passed in the legislature. Negroes throughout the state, who have some knowledge of the educational needs of the race, should put themselves in position to give the authorities some idea of those needs.

The United States is in a row again with Japan, in regard to the proposed legislation of the California lawmakers. Instead of universal peace we are much nearer a universal war. Truly, this must be the darkest hour before the dawn.

Miss Pauline Eutler of 40th avenue, who has been critically ill is improving nicely. Mr. Thos. Moore of 924 40th avenue, who has been very ill for the last two weeks is able to be out again.
