

CEMETERIES ORDINANCE MAY PASS

Proponents of Removal Plan Confident of Adoption by Supervisors Monday

The propositions of the removal of the four city cemeteries are finding no study for the struggle that will come when the ordinance, passed to print yesterday by the supervisors, comes up for final passage next Monday.

The ordinance was not passed without long and heated argument, which started first in a meeting of the public welfare committee of the board held just before the meeting of the board.

JOHN D., INSTITUTE FOUNDER, ASSAILED IN VIVISECTION DEBATE

The famous Rockefeller institute of New York was described as "crowning a topping mass of wealth tainted by lying, arson and murder" at the International Anti-Vivisection congress, in session at Washington.

Here is the latest photograph of John D. Rockefeller, taken out at Cleveland while the richest man in the world was riding a bicycle and playing golf. It shows the Rockefeller smile.

No matter how much the big international gathering at Washington condemned his institute in New York whereat the vivisection of canines is esteemed to be one of the elementary routes to profound understanding of mankind's ills, the big oil master just goes on his way and plays golf and smiles.

When they say that his Rockefeller institute is a disgrace of civilization and ought not to be tolerated by any city, the big man of many millions merely smiles.

SAYS FRAUD DEFEATED TEDDY

Ormsby McHarg Criticizes the Methods of G. O. P. in Unity Gathering

WASHINGTON, Dec. 16.—Two proposals for reorganization of the Republican party and to find a basis upon which discordant elements can unite confronted the Republican National committee today.

Foremost was a plan for a special national convention to readjust the system of delegate representation. The other was that no convention be called, but that the national committee fix a plan of reapportionment for ratification by Republican state conventions.

McHARG OPPOSES CONVENTION Ormsby McHarg, who represented the Roosevelt forces in the contests preceding the Chicago convention last year, addressed the committee in opposition to a special convention.

"If the committee has power to call a convention, it has power to change representation. If this committee has decided that abuses should be corrected it should manfully so announce. Such course will restore to very large extent the confidence of the people, who must become the adherents of the republican party if it is to be successful at the next national election.

Speaking of the Chicago contests, McHarg said: "ROOSEVELT WAS DEFRAUDED"

"I know that Roosevelt was defrauded, and a majority of the members of that committee knew that he

DAY IN CONGRESS

Bristow Attacks Money Bill

WASHINGTON, Dec. 16. The day in congress: SENATE

Met at 10 a. m. Debate resumed on currency bill, with Senator Bristow leading an attack on the deposit guarantee feature.

HOUSE Met at noon. President Gompers of the American Federation of Labor testified before the house judiciary committee.

War department submitted final report on raising of the battleship Maine in Havana harbor.

was defrauded, and I remained silent, frequently haunted with the statement that proceedings were instituted solely for the purpose of confusing and befogging the committee and what I then protested against, is precisely that which you admit now."

Two resolutions were presented. The first specified that a special convention should be called "for the purpose of taking such action as shall be deemed advisable in respect to changing the present basis of representation and for the transaction of all business that may properly come before such convention."

CONVENTION FOR 1916 The second was in part as follows: "Resolved, that it be the sense of this committee that the committee shall forthwith proceed to determine on a basis of representation in future national conventions of the party, and

"Be it further resolved, that the committee pledge itself to issue a call for the convention to be convened in 1916 to nominate candidates in accordance with such basis of representation as shall be now determined on by this committee."

Chairman Warren of the law committee then moved the adoption of the first resolution proposing a national convention and the debate began.

CARABAOS PLEAD NO HARM MEANT

Officers of Order Blame Press Agent and Explain Matter to President

WASHINGTON, Dec. 16.—Officers of the Order of Carabaos sent assurances to administration officials today that they entertained no spirit or purpose of hostility to President Wilson's Philippine policy when they gave their dinner last week and gave trawestias and satires on members of the cabinet and other public officials.

Rear Admiral Howard, honorary president of the order, today repudiated the work of the press agent who furnished advance stories about the dinner, which declared that what was said and done was designed to show the "lack of sympathy for recent developments and tendencies in the Philippine government."

Consumers to Discuss Lower Cost of Living

Plans to lower the cost of living will be discussed at a mass meeting of consumers tonight at the Mission high school. The speakers will include Sylvester A. McAtee, assistant secretary to Mayor Rolph; Walter MacArthur, port shipping master; Dr. Caroline Cook Coffin, president of the Housewives' league, and E. O. F. Ames, president of the Pacific Co-operation league.

Wyoming's Captain Is Critically Ill

NEW YORK, Dec. 16.—The condition of Captain Frederick L. Chapin of the United States battleship Wyoming, who is critically ill at the naval hospital in Brooklyn, was unchanged today. Captain Chapin was taken to the hospital when the Wyoming arrived yesterday from the European cruise of the Atlantic fleet.

Not Hard Times, Only a Transition—Gompers

WASHINGTON, Dec. 16.—President Samuel Gompers of the American Federation of Labor told the house judiciary committee today that while the number of men out of employment in the United States was probably a trifle above normal, he believed that it was "due to the transition we are in, rather than to any real depression."

Gompers made his statement during the course of an argument for the Bartlett bill.

SHERIDAN SCOUT DEAD

PITTSBURGH, Dec. 16.—Archibald H. Rowand, aged 68, one of General Philip H. Sheridan's famous "Jesse scouts," died in his home here last night.

He was awarded a congressional medal of honor on recommendation of General Sheridan.

LIFE ON THE FARM

Isn't What It Used To Be

- Electricity is everywhere and is the best of "help." Electricity lights the houses—washes and irons the clothes—turns the milk separator—cuts the feed—does the chores cheerfully and cheaply. Electricity costs so little in California that it is used most everywhere on the farm. It operates the FREE pumps at Valley Oaks and irrigates the land cheaply. Half the automobiles in California are owned by farmers. High prices for all farm products pay good profits. The demand grows faster than the supply. The intelligent farmer has more money at the end of the year than the average city man—he lives an independent life. At Valley Oaks all the conveniences you require are at hand. A prosperous, thriving town across the road. A railroad through the property. \$100 to \$150 an acre. Five years to pay for your farm—talk with us about it. We install Well, Pump and Motor Free.
