

# M'LUCKIE,

## The Mayor of Homestead, Locked Up in a Cell,

### Where He Will Remain Under the Charge of Murder.

Warrants Out for Hugh O'Donnell and Others, Who Are Charged With the Same Offense—Frick, Lovejoy and Potter to Be Proceeded Against.

PITTSBURGH, July 19.—John McLuckie, Burgess, or chief municipal officer of Homestead, slept Monday night on a cot in one of the cells of the county jail.

The Carnegie Co. prayed that warrants might be issued and that the men to be named might be arrested and held on the charge of murder. When the warrants had been drawn up Alderman McMasters suggested that it would be better to have two informations, one relating to the killing of Connors and the other to that of Wayne, and a second paper was accordingly made out. Secretary Lovejoy then named as the men accused Hugh O'Donnell, John McLuckie, Sylvester Critchlow, Anthony Flaherty, Samuel Burke, James Flannigan and Hugh Ross.

No time was lost by Magistrate McMasters in making out the fourteen warrants, and shortly before 2 o'clock they were entrusted to Constables Joseph Weber, W. J. Morris and Mike J. Price, who at once left for Homestead.

On their arrival they made known their business to Gen. Snowden, who referred them to Col. Green, in command of the provost guard.

The latter detailed two companies of soldiers to accompany the constables, and the latter visited the houses of all the men wanted, but without result. Not one of them was at home, and most of the residences were locked in darkness. When the officers returned to this city at toward dusk they were surprised to find that Burgess McLuckie had got out of town while they were searching for him, and had already surrendered himself to the alderman. He was in the office in company with Attorney Brengan, of the Almagated association, and several friends. The warrant was formally served on him, and to the magistrate he said that he had already sent word to the other men who were wanted to come into town in the morning and surrender.

"Yes," put in one of these present, "and once the warrants issued we will have Carnegie extradited in short order." Alderman McMasters waited in his office until 8 o'clock, and then, none of the other accused men putting in an appearance, he committed the Burgess to the county jail without bail, pending a preliminary examination on Friday.

A rumor was at once started that counter informations are to be made against H. C. Frick, Secretary Lovejoy and Manager Potter, and the general impression is that this is only the beginning of the legal struggle at Homestead. There was considerable conjecture as to whether any of these defendant would have to remain in jail or not until the grand jury sits in September. An attorney said the court could release them on bail, the amount of which would be determined by the evidence as to the character of the offense and the culpability of the defendants. In case Messrs. Frick, Lovejoy and Potter are arrested they would be compelled to go to jail or be released in the same way. Alderman McMasters said Monday night that he expected informations to be made against the managers.

Members of the advisory committee said late Monday night that the warrants to be applied for against Frick, Carnegie and Potter will charge "murder and treason."

## POPULATION OF HOMESTEAD.

Over Half of It is of Foreign Birth or Parentage.

WASHINGTON, July 19.—The Philadelphia Times stated editorially that seventy-five per cent of the strikers at Homestead were foreigners, many not naturalized, and this has been the general understanding. But a study of the census shows that the total population of Homestead is 7,911. Of this number 5,421 are native born persons and 2,490 are persons of foreign birth. These figures include all ages, both white and colored. Of the native born persons 5,388 are native white. The figures of the census office show that this native white population is made up of those who are of native parents to the number of 2,890, and those of foreign parentage to the number of 2,431. Adding the number of native white persons of foreign parentage to the number of foreign born, in arriving at the number of persons of foreign extraction, there is a total of 4,948; that is, something more than half of the population is of foreign birth or of foreign parentage, while less than one-third of the place are of foreign birth. The total number of foreign born males eighteen years of age and over is 1,347, while the total number of native born males eighteen years of age and over is 1,372.

## THE BUILDING WRECKED

By the Explosion of a Boiler—The Engineer Killed and Many Injured.

EAST LINCOLN, O., July 19.—Monday morning one of the boilers in the extensive sewer pipe works of N. U. Walker & Co., at Walker's Station, a western suburb of this city, exploded with terrific force soon after the 300 employes had gone to work. The building in which the boilers were located was almost demolished and nearly a score of workmen more or less injured. Jas. Money, the engineer, was instantly killed—almost literally blown to atoms. The following is the list of those injured: John Hammond, struck by debris, badly cut about the head and shoulders; James Dansick, scalded about the face, hands and arms; William Gould, scalded on face, hands and back, serious; William Costello, struck by flying timbers, severe contusion. Several others were slightly injured, but not seriously. The cause of the explosion has been determined as lack of water in the boilers.

## GROVER'S LETTER.

Cleveland Says the Chicago Platform Should Please Tariff Reformers.

CHICAGO, July 19.—Mr. Ralph E. Hoyt, of California, now temporarily residing in Chicago, recently wrote a letter to Ex-President Grover Cleveland touching his indorsement of the tariff plank in the Chicago platform. Mr. Hoyt is an old time republican and now a single taxer, but will support the democratic ticket on the ground of tariff reform.

Monday, Mr. Hoyt received an autograph letter from Mr. Cleveland, of which the following is a copy: GRAY GABLES, BUZZARD'S BAY, MASS., July 14, 1892. RALPH E. HOYT, Esq.—My Dear Sir: Your letter of July 2 is at hand, and I am exceedingly gratified to learn of your intention to support the principles and candidates of the Chicago convention. I think no sincere advocate of honest tariff can be dissatisfied with the position the democratic party has assumed on that subject, and I am sure none need fear that the contest will not be made on the lines laid down, which have already proved to be so acceptable to a great majority of the people.

Very truly yours, GROVER CLEVELAND.

Idaho Strikers Routed.

BURKE, Idaho, July 19.—The work of arrest is proceeding with great care and deliberation. A deputy U. S. marshal marches through camp, and spots a striker, and the troops seize him. Few of the union men remain here, and there are few known to be in this vicinity. The canyon has been scoured, and only one man was found. Scouts report the presence of armed bodies of men at various points, but there have been no outbreaks to show their whereabouts. The exodus of strikers is taking place by way of Glidden's Pass to Thompson Falls. The strikers are thick on the mountains around Mullan, and their camp fires could be seen by the soldiers.

Tennessee Farmer Kills His Neighbor.

KNOXVILLE, Tenn., July 19.—There was a bloody tragedy in Sevier county Saturday last, the news of which reached this city only Monday. Thomas Reid shot and killed Robert Lewis. Reid is in jail at Sevierville, and passengers coming down on the steamer Monday night say that there was talk of lynching. The dead man leaves a young family. Each man was a farmer.

A Sealer Seized.

OTTAWA, Ont., July 19.—The government has received an official report of the seizure of the sealers' supply steamer Coquillan, in Alaskan waters, by the United States revenue cutter Corwin. The ground assigned for the seizure is that the vessel transferred goods within the four-league limit, but as no such limit of jurisdiction is recognized by international law, it is expected that the government will strongly oppose the United States contention.
