

# THE SOUVENIRS.

## Visitors to the World's Fair Will Pay For Them.

### The Government Will Never Be Asked to Redeem Them.

It is believed very few of them will ever get into circulation, but will be bought up and held as pocket souvenir pieces.

WASHINGTON, Aug. 24.—In the light of the proposition to sell the souvenir half-dollars of the Columbian exposition for one dollar each, it is interesting to calculate who is going to pay the \$2,500,000 which congress voted to the World's fair as a gift and the \$2,500,000 to be realized as a premium on the coins. It is evident that the World's fair directors and speculators do not expect any of these coins to be put in circulation. Although they are good for fifty cents in the purchase of any article of commerce, it is evidently the calculation of the World's fair directors that all of them will be put away in souvenir collections and never get into circulation. In this case they will never be presented to the treasury for redemption or exchange. It would not make any difference to the purchaser of the souvenir whether it was made of brass or copper or gold. Its value is not a coin value, but a value as a souvenir. It is unfortunate, then, the government did not have the foresight to make these coins of one of the baser metals, and thus save the difference between the cost of silver and the cost of brass or copper. The exact cost of the silver will be the government's contribution to this \$2,500,000. This will be about \$1,500,000. The coins will be made of subsidiary coins now in the treasury, but the silver of which they will be made would cost the government not more than \$1,500,000 if bought in the market to-day; so the actual contribution of the government will be \$1,500,000 in silver and the cost of coining the five million half dollars. The World's fair people will contribute nothing. The public (here and abroad) will contribute the remainder of the \$5,000,000—that is \$3,500,000. So \$3,500,000 will be one of the items of tribute paid by the visitors to the exposition. They will get in return for it \$1,500,000 worth of silver coined into souvenirs.

The post office department is going to do a much better stroke of business than the treasury department in the matter of souvenirs. Third Assistant Postmaster-General Hazen says that the number of the jubilee stamps which will be retired from circulation by the stamp collectors will mount up to the hundreds of thousands. What does the government make on these stamps? Under the contract with the American Bank Note Co. ordinary stamps cost 7 1/2-100 cents per 1,000. Take the lowest estimate made by Mr. Hazen—100,000 stamps retired by the stamp collectors. There are ten denominations of ordinary stamps. They are the one, two, three, four, five, six, ten, fifteen, thirty and ninety cent stamps. No collector of stamps would be satisfied without a full line of these stamps—the entire series. The face value of them aggregate \$1.60. One hundred thousand stamps would be 10,000 sets, the face value of which would be \$16,000. At 7 1/2-100 cents per 1,000, these 100,000 stamps would cost the government just \$7.47. Profit on the stamps retired from circulation by the stamp collectors at the time of the issue of the "jubilee stamps"—\$16,000. From this, of course, would have to be taken the cost of the new dies and plates for printing the new stamps. This is a serious question, for the dies for the two cent stamp cost \$1,200 and for those for the other stamps \$500 each—a total of \$5,700. But Mr. Hazen believes that the number of stamps to be laid aside as souvenirs will be nearer 300,000 than 100,000 and the profit on them, exclusive of the cost of plates and dies, is likely to be \$20,000 or \$25,000. If the issue of stamps like the issue of coins could be limited to 5,000,000, it would be safe to say that more than one-half of them would be retired without cancellation. The modest little profit of the government on these, under favorable conditions, would be \$400,113.25.

**Private Jackson Wants Justice.**  
BUFFALO, N. Y., Aug. 24.—Private Jackson, who claims to have been roughly handled by Gen. McGrath on Sunday is a nephew of ex-United States Senator Daniel McMillan. Jackson's court-martial has been ordered off by Gen. Doyle. Jackson now has no recourse save by civil action. Senator McMillan said Tuesday morning that civil action against Gen. McGrath will begin at once. Gen. McGrath has become very unpopular with the soldiers and citizens. It is said that Adj.-Gen. Porter will order him back to Albany at once.

**Talton Hall's Days Nearly Numbered.**  
JOHNSON CITY, Tenn., Aug. 24.—The day for the execution of Talton Hall, the noted Virginia murderer, who is purported to have slain 90 men, will be next Friday, between the hours of 10 and 2, at Wise Court House, Va. The sheriff has now commenced the erection of the scaffold and the death watch has been put over Hall. His friends are now collecting in the mountains with Winchester and swear that he shall not be hanged and that they will release him if half their number are killed in so doing.

**Shipping Shattered.**  
St. John's Aug. 24.—A serious hurricane is reported from the French island of St. Pierre. The storm played havoc with the vessels at anchor in the roadstead. The French brigantine Hasparren was driven on shore, but without loss of life. Two schooners, the Fernando and Vaneat, were driven to sea, and much other damage was done. No lives are reported lost.

# HUNDREDS OF PRISONERS.

They are held for murder, carrying concealed weapons, forgery and rioting. KNOXVILLE, Tenn., Aug. 24.—Over 300 miners, suspects and citizens, have been arrested at Coal Creek and in that vicinity. Over 150 are still held prisoners in a little church. The prison is close, hot and uncomfortable in every way. The floor is covered to a depth of an inch with mud and tobacco juice. The rations of the prisoners consist of corn bread and water, and they are given a meal once a day.

The wives and friends of the prisoners are allowed to supply any delicacy they can afford. The men plainly show the effects of their imprisonment. The only sleep they get is on the hard benches in the church. What is to be accomplished in the end by the action of Gen. Carnes in making wholesale arrests is a matter of conjecture.

Several leading lawyers agree that the only thing to be done is to place every prisoner taken by Gen. Carnes in the hands of the prosecuting attorney to present to the grand jury of Anderson county for its consideration. The charge of murder in the first degree, manslaughter, carrying concealed weapons, forgery and rioting will be preferred against several of the most notorious aggressors, and Gen. Carnes, if necessary, will appear as prosecuting witness.

Every man found armed during the insurrection, or any one directly connected in the instigation of the lawlessness on the part of the miners, will be held as necessary before and after the crime, and all will be charged with the murder of John E. Walthall and B. T. Gibbons, who were killed in the fight Friday morning.

Gen. Carnes will first advise the governor to call an extra session of the legislature for the purpose of ordering Anderson county under martial law. If such a course is adopted the fate of Lindsay, Hatmaker and others is already decided. Otherwise the matter will be in the hands of the people whose sympathies are known to be in favor of the miners.

## TO TEST IT.

**Chinese Subjects Here Instructed Not to Obey the Residence Certificate Law.**  
CHICAGO, Aug. 24.—Sam Moy, who is prominent in the Chinese colony in Chicago, surprises government officials by informing them that orders had been received from China not to obey the law requiring Chinese residents to take out certificates of residence. He said the government of China had sent one of its officials to this country to fight the law in the courts. This minister from the Chinese court was in Chicago a few days ago, he said, and had informed him and others of the wishes of the Chinese government. The representative from the Celestial empire had gone to Washington to secure the best legal talent to be had and the law would be tested in the United States supreme court. A test case would be made of the arrest of some Chinamen in Detroit, where they were held on the charge of violating the exclusion law passed by the present congress. In this way the exclusion act and the provision compelling Chinamen to take out certificates of residence would be tested together. Until a decision was rendered, he said, no Chinaman in Chicago would take out a certificate.

## PROFESSORS MARRY.

**A Half Dozen in the Southern Normal University Turn to Matrimony.**  
HUNTINGTON, Tenn., Aug. 24.—The Southern Normal university claims the permission for her celebrity in the marrying faculty. Three weeks ago Prof. J. A. Baber, of Lebanon, O., and Miss Emma Daley, of Lebanon, O., were married. Eight days later Prof. Alvin Davidson, formerly of Hainsburg, and Miss Kate Wells, of Mill Grove, O., were joined in the holy bond. Baber and Davidson are associate principals of the university, and their brides are professors of Greek and elocution respectively. Society circles are now all agog over the announcement that Prof. Eugene Lincoln Mendenhall, formerly of Marathon, Clermont county, O., professor of mathematics here, is to wed Miss Erin L. Priest, the only daughter of a well-to-do merchant of this place. The ceremony takes place Wednesday night at the Cumberland Presbyterian church after the most improved style.

**Murder and Suicide at Cleveland, O.**  
CLEVELAND, O., Aug. 24.—Charles Hutchinson, half crazy drunk and in love with the hired girl at the residence of ex-Mayor Stephen Buhner, on Franklin avenue, tried to murder Mrs. Buhner and the girl Tuesday morning. The coachman, George Talcott, came to the woman's rescue and Hutchinson shot him to death. When neighbors appeared on the scene Hutchinson fired three shots into his own body, and is dying. Franklin avenue is the aristocratic portion of the West Side, and the tragedy occasions an unparalleled sensation.

**Wants to Lease Ohio Canal.**  
COLUMBUS, O., Aug. 24.—A man walked into the office of the State Canal Commission Tuesday and calmly stated that he wanted to lease the entire canal system of the state. His name he gave as George F. Woolston, and his address as No. 11 Wall street, New York city. There was no one in at the time but Commissioner Hartnet, and he informed Mr. Woolston of his inability to make out a lease on the spot and wanted his caller to return.

**Railroad Shops Burned.**  
PORTSMOUTH, O., Aug. 24.—The Cincinnati, Portsmouth and Virginia railroad shops here burned to the ground Tuesday morning, entailing a loss of from \$50,000 to \$40,000. One locomotive was burned and others, with cars, were seriously injured. The cause of the fire is unknown.

**The Horrors of Leprosy.**  
NEW YORK, Aug. 24.—Father L. L. Couraday writes from the leper island, Moikoi, where he went in 1880, that everything there is saturated with leprosy, even the eggs smelling of the disease. He says he does not know whether or not he is afflicted.
