The summer girl has left the shore, and back to town is she. For conquests new; she flirts no more Beside the moonlit sea.

No more the maiden's presence sweet Makes glad the wave washed strand; No more her white and dainty feet Make postholes in the sand.

Far from the scene where ocean's tides Flow up and down the shore, She now in flashing costume glides About the ballroom floor.

For bathing costumes trim and neat The maid no longer cares; For now, instead of legs and feet, It is her arms she bares.

THE idea that freezing kills cholera germs is a mistake. Some years ago the faculty of Glasgow University, Scotland, kept a lot of the bacilli frozen in ice at a temperature of 120° degrees below zero for more than eight days, and when the ice was melted they were found as lively as ever. They are easily killed by heat, however, and boiling water renders it safe for drinking.

AMONG the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy cured her of croup, and in turn administers it to her own offspring and always with the best results. CHARLES RAMSEY, who hails from Virginia, was arrested by Constable Dawson at the home of John Peters near Orangeburg. THE REPUBLICAN CONVENTION.

County Ticket Nominated—Delegates to Ashland—Committee Reorganized.

Pursuant to the call of the Chairman of the Executive Committee the Republicans of the various precincts of the county met at the Courthouse yesterday and transacted the business for which they were met.

The hour of meeting was unseasonable and the country people being engaged on their farms the attendance was not so large as had been anticipated, but still there were enough on hand for all practical purposes. Every precinct was represented, so all sections of the county had a voice in the proceedings which were marked by unanimity of feeling and purpose throughout.

At precisely 11:30, the hour named, Captain M. C. Hutchins, Chairman of the County Executive Committee, called the convention to order and stated the object with some well pointed remarks.

The temporary organization was done away with and Thomas A. Davis was nominated for permanent Chairman and unanimously elected. S. T. Hickman was chosen Secretary.

The amendment was carried and the Chairman appointed W. C. Shackelford, Pat Sammons and W. D. Cochran. structed to vote as a unit for the nomination of Hob. W. H. Holt as the Republican candidate for Judge of the Court of Appeals.

Cochran, instructs the delegates to the convention to be held for the purpose of nominating a candidate for Circuit Judge to vote for the nomination of Mr. Cochran as the Republican candidate for that position.

W. D. Cochran moved that the delegates to the Congressional Convention be instructed to vote as a unit on all questions. After some discussion this carried.

W. H. Wadsworth, Jr., thought it expedient that the County Executive Committee be reorganized and moved that it be done electing new officers. Carried. Captain Hutchins nominated Mr. Wadsworth but he declined. W. C. Shackelford then nominated D. P. Ort who was unanimously elected. S. T. Hickman was elected Secretary.

It was then agreed that the old committee name the members of the new committee, one from each of the 23 precincts.

After some suggestions from Chairman Davis the convention adjourned.

THE CANDIDATES.

Orlando P. Cox, the candidate for Circuit Clerk, is a well known and popular young man of this city. He is engaged with his father, H. H. Cox, in the nursery business. He is steady and industrious and would make a capital officer.

C. H. Nicholson, who will make the race for Coroner, also lives in this city where he is engaged in the carpenter business. Like his associates on the ticket he is worthy and capable.

Drowned at Flemingsburg.

At Flemingsburg about 5 o'clock last evening, James Estell Cummings, four-year-old son of Edward Cummings of this city fell in a well and was drowned before he could be gotten out. A Good Thing to Keep at Hand.

From The Troy (Kansas) Chief.—Some years ago we were very much subject to severe spells of cholera morbus; and now when we feel any of the symptoms that usually precede that ailment, such as sickness at the stomach, diarrhoea, etc., we become scared. We have found Chamberlain's Colic, Cholera and Diarrhoea Remedy the very thing to straighten one out in such cases, and always keep it about. We are not writing this for a pay testimonial, but to let our readers know what is a good thing to keep in the house. For sale by Power & Reynolds.

Australian Voting.

The election in Vermont emphasizes again the need of the Republicans giving special attention to instructing the voters in the Australian method of voting in states where this system is to be tried for the first time this year, says The Philadelphia Press. It is estimated that from 4,000 to 5,000 ballots, or about 10 per cent of the total vote cast, will have to be thrown out on account of defective marking. As most of these errors occurred in the rural districts where the Republican strength chiefly lies, the Republican party is the greatest sufferer. At least one-half of the decrease in Vermont's September majority is probably due to this cause alone.

Opera-house Improvements.

Messrs. Edmiston & Kinneman, the wide awake lessees and managers of the Opera-house, have made some improvements of late that will be greatly appreciated by theater-goers. The stairway leading from the box-office to the entrance of the main room has been covered with matting, the stairway to the balcony has been padded and the aisles in the main room covered with Brussels carpet.

Heretofore the noise caused by late comers and those who make a habit of running in and out during performances has been considerable of a nuisance, but the improvements made will abate this to a great extent, if not altogether.

The demand for willow wood for artificial legs has grown immensely in recent years. The funny men on the stage talk glibly of cork legs, but light willow limbs are more popular, says the St. Louis Globe-Democrat. English makers claim that the best willow in the world is to be found along the banks of small streams in the southern countries, and there seems some ground for their contention, although an immense quantity of good willow wood is cut every year in this country. Statisticians say that over one million English-speaking men wear or walk on wooden legs, and this accounts for the enormous trade in limbs of this kind. The old-fashioned stump with an iron tip on it is seldom seen now. It was a great success in its day, and with reasonable care and luck lasted close on a lifetime; but it was too awkward and conspicuous, not to say noisy, to be popular. The modern wooden leg is more costly, but it is much more comfortable, and many a man who is compelled to walk with the aid of one can give printers in department and grace to others more blessed by fortune.

THE NAVAL RESERVES

Ordered by Gov. Flower to Patrol the Fire Island Beach.

New York, Sept. 13.—Commander Jacob W. Miller, of the First Battalion naval reserves, acting under orders from Gov. Flower, late Monday night issued orders for the battalion to assemble fully equipped for service at New Pier No. 36, North river, at 8:30 o'clock Tuesday morning. The men were all notified by the officers to supply themselves with heavy underwear and two days' ration, beef extract, crackers and sweet chocolate. Including officers the New York battalion is over 900 strong, and these men armed with cutlasses, revolvers and rifles, on board Fire Island beach, could keep off all intruders. The men are well disciplined, and would prove as efficient as the national guard in controlling mobs.

MAINE ELECTION.

The Republicans Elect Their Governor, But Their Usual Majority in Some Places is Cut Down.

PORTLAND, Me., Sept. 13.—The election to-day was warmly contested, and the democrats are perfectly satisfied with the result. A republican victory was inevitable, but the old-time majority was diminished in some places one-half. In 140 towns Cleaves, rep., received 27,119; Johnson, dem., 25,292; Hussey, pro., 466; scattering, 681. In 1890 Burleigh received 35,503; Thompson, 17,748; Clark, 903; scattering, 573. Republican plurality this year, 4,320, against 7,655 in 1890. In Augusta Cleaves received 1,099, Johnson 890, against Burleigh 831, Thompson 323, Clark 61, scattering 2.

The Ostrifed Man Dead.

LOCKPORT DEPOT, N. Y., Sept. 13.—Jonathan R. Bass, the celebrated ostrifed man who has been exhibited as a freak all over the country, died at his home at Lewiston, on the Niagara river, toward evening Monday. When a young boy he contracted ossic rheumatism, and gradually his bones became stiffened. During the process of ossification the young man suffered untold agony.
