STEAMBOAT MATTERS.

WHAT IS GOING ON ALONG THE BEAUTIFUL OHIO RIVER.

Driftwood Gathered on Shore and Stream by The Ledger's Weather-Beaten Old Tar and Piled Up Ready For Use.

The City of Vevey passed up yesterday for Portsmouth.

The Big Sandy is now too low for even pushboat navigation.

The river at the present low stage is full of disease and the water should not be used unless filtered.

L. Grinnan has launched a boat on Stoner creek and is running excursions from Paris to Maple Island.

The Ohio is very low and continues to recede. If there is not a rise soon a coal famine may be expected.

Kendall Morgan is filling Dave Scatterday's place in the office of the City of Vevey, during the temporary absence of the former.

The City of Vevey, between this city and Cincinnati, carried in the latter port last week nearly four hundred hogsheads of tobacco, besides a large amount of other freight.

Herr Henry Hilker, the veteran German river editor of Cincinnati, is still spry, and manages to cover his route every day, notwithstanding that he recently celebrated his 78th birthday.

PROFESSOR BISHOP, who has just died at St. Petersburg, was one of the most persistent opponents of the emancipation of women. His chief argument to prove the inferiority of women was that while the average weight of the male brain was 1,350 grams, the average weight of the female brain was 1,250 grams. It will be a consolation to the women who have felt aggrieved at Professor Bishop's attitude toward them to learn that his brain has been weighed and found to register only 1,245 grams.

A Splendid Start With a Promising Future—An Elegant Banquet at the Central, Supplemented With Speeches.

The preliminaries had been so skillfully, systematically conducted that very few persons beyond the circle of the guild were aware that an organization of Commercial Travelers was to be formed in this city Saturday night.

Yet what was only talked of then is an accomplished fact now, and Maysville Council No. 38, U. C. T., will henceforth, and THE LEDGER hopes forever, be one of the institutions of our devoted city.

AMONG THE RAILROADS

THE STEEL HIGHWAYS THAT LEAD TO AND FROM MAYSVILLE.

Items of the Rail That are Stoked Up and Piled Into The Ledger's Columns by a Thoroughly Competent Engineer.

The railroad fare from Chicago to Nashville is now \$3 50.

Little Miami stock is quoted at 170 bid, with only small amounts offered at prices near this figure.

The bridge on the K. C. near town, which has been in course of construction for several months, has been completed.

Having fairly outdone itself in the way of carrying excursionists to and from Washington City, the C. and O. is getting back to its normal condition. Trains are beginning to arrive and depart on schedule time.

Yesterday the Kentucky Central sold round trip tickets between Cincinnati and Lexington for \$1 50, which is much cheaper than riding on a Mason county turnpike in your own buggy. And yet there is a howl and cry that railroads are robbing the people and ruining the country.

During the week of the Maysville Fair the C. and O. officials had erected in the Fifth Ward a temporary ticket office for the sale of tickets to and from the Fair Grounds. The building has not been moved and is being used for purposes which bode no good for the health of the people.

A daring attempt was made Saturday night to wreck a freight train on the C. and O. Railroad about one-half mile east of Newport. Some unprincipled scoundrel placed a large rock on the rail, but his attempt was soon frustrated by a loving couple. They were taking a walk up the road, when suddenly the young man stumbled over the big bowlder, nearly throwing him down. He had sense enough to roll the rock over to the side of the bank, and what might have been a bad wreck was averted.

THE TRUTHFUL FISHING CLUB. An Organization of Fleming Countyans and Their Trip to West Virginia.

In the evolutions of these latter days there's always something new under the sun, and the very newest thing is a club of Fleming county fishermen who sail under the misnomer that heads this item. It would be just as unnatural for a fisherman to "tell the truth, the whole truth and nothing but the truth, so help me Bob," as it would be for a duck to sink. And when THE LEDGER states that this club is composed of some of Fleming's most prosperous farmers and bankers and of Flemingburg's leading merchants and physicians, rounded up with a single newspaper editor, the difficult task of the latter to restrain his fellow Annanians will be fully appreciated. The members of the club are—

J. H. DeBell, Thomas J. Hinton, J. B. Glascock, John P. McCartney, James McCreary, Thomas S. Andrews, Ed. Andrews, Ed. H. Kenner, John Miller, Wood Richardson, Albert Wells, James T. Johnson, Hiram Duley, Dr. A. S. Robertson, Dr. C. R. Starr, B. Cushman, William Owens, B. F. Wallingford.

Under the guidance of the President, Thomas J. Hinton, these gentlemen made an excursion to West Virginia, camping on the Ganley near Carnifex Ferry, and so they say, catching over three hundred fish and an odd musket. They returned Friday night, a jolly set, and report having had a most enjoyable time.

ON TO BOSTON IN 1895. Organization of Maysville Commandery's 5-15-22 Club for the Next Triennial.

While it is in the political field that Mr. McCartney is most widely known, his private life is none the less worthy of emulation. In his own county where he was born and raised and among the people with whom he has spent his whole life, he is held in the highest respectability and esteem. His name is a synonym for honesty, industry and good behavior. Against his name a word of reproach has never been given a moment's credence. In scholarly and legal attainments there is no young man in the state who is his superior. He is a master of the art of debate and argument. As an orator he possesses powers of no mean ability. He has a pleasant voice and an admirable style of delivery. His public speeches always command the closest and most respectful attention among his hearers. He has a trained knowledge of the leading political issues of the day which he can impart to others gracefully and intelligently and on the stump he will prove to be the superior of his competitor.

In appearance John P. McCartney is tall, straight and handsome, a splendid specimen of young Kentucky manhood. He is a man whom it is a pleasure to meet under all circumstances. He would represent his constituency in Congress faithfully and brilliantly. His career would be marked by laborious and untiring efforts in the interests of the people of his district. He is one who will not be in the least awed by the adverse majority which temporarily hangs over the "old Ninth," but will enter into the canvass with all the force and energy of his impulsive nature. The wisdom of the selection of this gentleman as a candidate will be shown.

MRS. MILDRED PHILLIPS, wife of G. A. Phillips, died at her home in Louisville on Saturday night. Deceased has many relatives in this city. She was formerly a Miss Richeson, sister of the late John C. and Professor William Richeson.

Diarrhea in Kentucky. "There has been a continuous tendency to bowel disease here this season," says G. W. Shivel, druggist, Wickliffe, Ky., "and an unusual demand for Chamberlain's Colic, Cholera and Diarrhea Remedy. I have sold four bottles of it this morning. Some remarkable cures have been effected by it and in all cases it has proved successful." For sale by Power & Reynolds.

To-day Captain E. W. Fitzgerald is announced as a candidate for the office of City Marshal. He has served the people in this capacity in former years faithfully and acceptably. He at present holds an important position on the C. and O. Road.

In Time of Peace Prepare for War. Have you ever thought what you would do in case you, or some one of your family, was taken with a severe attack of colic, cholera morbus, dysentery or diarrhoea. In such cases it is not unusual for fatal results to follow before medicine can be procured or a physician summoned. There is nothing that will give permanent
