FIRST YEAR. MAYSVILLE, KY., MONDAY, OCTOBER 3, 1892. ONE CENT.

GERMANTOWN FAIR.

A GOOD CROWD IN ATTENDANCE ON THE LAST DAY.

An Old Fashioned Fair Managed by Hospitable People—Premiums Awarded in the Arena and Floral Hall.

The largest crowd of the week was in attendance on the last day. All of the surrounding counties were represented. The weather was all that could have been desired; in fact it was a delightful week, weather and all combining to make it so.

The meeting of the Union Agricultural Society in the year 1892, while not so largely attended as some of its predecessors, was in other respects a success most gratifying to the management.

The show of stock on Saturday was first-class, premiums being awarded as follows:

Model Stallion—E. J. Tilton, Mt. Olivet. Model Mare—J. D. Watson, Maysville. Model Gelding—John Donnell, Carlisle. Pair Race Horses—C. D. Keith, Covington.

Pair Harness Horses or Geldings, matched—John Donnell, Carlisle. Boy rider under 14—First premium, Richard Carr, Maysville; second premium, Garret Kearns, Augusta.

Lady Equestrienne—First premium, Mrs. Everett Poe, Minerva; second, Miss Lorena Kirk, Tuckahoe.

Roadster Horse, Mare or Gelding—First premium, John Bedford, Millersburg; second, Mr. McClellan; third, John Poindexter, Cynthiana.

Fancy Turnout—John Donnell, Carlisle. Single Harness Gelding, 4 years or over—John Donnell, Carlisle. Saddle Gelding, any age—M. Fleming, Flemingsburg.

Pair Harness Horses—Bud Berry, Lewisburg. Walking Horse—Watson & Berry, Lewisburg. Gentleman Equestrian—T. M. Gatekill, Minerva.

Good order prevailed. The whisky vendors were on the ground, but were soon routed by the police and are now in the Maysville Jail awaiting trial and indictment.

Barring the dust it was an enjoyable day. The crowd was estimated at 5,000. There was plenty of good water. The Floral Hall was a gem. The paintings and fancy work deserve especial mention.

One department, that of fruit, was not well represented, although fair for the year. Plenty of schemes for the boys to try their luck.

A merry-go-round and a side show for all kept a part of the crowd entertained. The Bethany crowd was orderly, but gnashed their teeth when the \$300 string went the wrong way—in their judgment.

In all the fine rings shown none was more interesting than that of the "finest turnout."

The closing act, sweet, though with a touch of pathos in it, was the march of the band boys and the rendition of "Auld Lang Syne" in the incomparable manner that only the Maysville Band can do.

FAIR PERSONALS. Mrs. John D. Ewing is visiting her daughter, Mrs. James Peed. Miss Sallie Lamb is the guest of Mrs. John J. Thompson.

The ever-vigilant Cincinnati Post is respectfully informed that a person must be a resident of the city of Maysville two years before he can be Chief of Police or hold any other office under the city government. A Monster Telescope.

Some scientific interest and much popular curiosity have been roused by the announcement of the monster telescope it is proposed to construct for the French World's Fair of 1900. M. Deloncle's plan is to make a reflecting telescope of unprecedented dimensions. Its focal length is to be 182 feet. Its disc will be of glass, nine feet ten inches in diameter, nineteen and a half inches thick, and about nine tons in weight. Its cost will be \$500,000, and it can be complete in time for use in 1900. Perhaps some comparisons will make the above dimensions more intelligible. The great reflecting telescope of Mr. Commons, at Eaton, England, which is considered the most perfect of that type now in use, has a disc of only three feet. Leverrier's, in Paris, is a little larger. The Ellery reflector, at Melbourne, measures four feet, with a focal length of 32 feet. The old Herschel telescope, now out of use, has a diameter of four feet and a length of forty feet. And the monumental instrument of Lord Rosse has a tube fifty-five long and gathers light with a speculum not less than six feet in diameter. Mr. Deloncle is, therefore, probably not far beyond the mark in estimating that the light-gathering power of his proposed telescope will be four times as great as that of any now in use, and will reveal stars of only one-fourth the apparent magnitude of the smallest now visible. Its magnifying power will be some 15,000 times, and—perhaps the most expressive fact of all—it will make visible on the surface of the moon objects not more than five feet square.

A. R. MULLINS of the firm of Mullins & Crigler, distillers at Covington, sustained painful injuries at the Germantown Fair Saturday. Mr. Mullins was driving his fast mare, Maud Crigler, and in making a turn in the ring lost his balance and was dragged over the dashboard and but for his presence of mind in holding tight to the lines might have been fatally injured.

It little becomes Cincinnati papers to speak lightly of Maysville. No city of the same size within her commercial territory has been more loyal or contributed more largely to the prosperity of Cincinnati than Maysville. And, speaking of police forces, if there is a "bum" one in America it is the gang of deadbeats who frequent the saloons and bawdy houses of the Queen City.

THE performances given at the Opera-house last week by the Burton Comedy Company were not satisfactory to the managers, Messrs. Edmiston & Kineman, and therefore the engagement of the company to play at other points in the circuit was cancelled. It is the intention of Edmiston & Kineman to present none other than first-class troupes and our people are assured that none but strong companies will hereafter appear.

HAVE YOU HEARD IT?

SATURDAY WAS REPUBLICAN DAY IN NEWPORT AND COVINGTON.

It Must Be That the McKinley Bill Has Raised the Price of Votes Out of Democratic Reach.

"LONG MAY IT WAIVE."

"WHERE DID YOU GET THAT"—TILE?

YOUR UNCLE BENJAMIN.

"LET'S ALL LAUGH!"

A few days ago THE LEDGER claimed that Newport, which had its election Saturday, would choose Republican officers.

How well founded the claim is shown by the results.

Al. S. Berry, the present Mayor, who holds his office by reason of gall and technicalities and in spite of adverse decisions of the Courts, will step down and out in January, in favor of George H. Ahlering, Republican, who was elected by 604 majority.

The Republicans also elected their Attorney, Assessor, Market-master, President of the Board of Education, Waterworks Trustees and Wharfmaster, leaving only the Treasurer and Jailor to the Democrats.

In Covington the Republicans won a substantial victory, electing Mr. Ernst to Council by 1,900 majority, possibly securing a majority of that body, and electing seven out of ten School Trustees.

It was a good day for the Republicans of Newport and Covington, and there are more of the same sort to follow.

IT'S ALL ONE WAY.

Greenup County Falls in Line and Will Vote for Cochran and Byron.

Mason, Bracken and Fleming counties had already instructed for A. M. J. Cochran for Circuit Judge of this District, making his nomination by to-morrow's Convention sure; and Saturday the Republicans of Greenup chose delegates, sending them uninstructed, but pronounced in favor of Mr. Cochran for Judge and W. A. Byron of Bracken for Commonwealth's Attorney.

Lewis is the only remaining county in the District, and it is fair to assume that by the time the Convention meets to-morrow she will have given instructions for Mr. Cochran.

Very True.

The demand for Chamberlain's Colic, Cholera and Diarrhea Remedy is steadily growing, from the fact that all who give it a trial are pleased with the results and recommend it to their neighbors. We feel sure that the remedy cannot be recommended too highly.—Wagely & Smead, Druggists, Newton, Iowa. Power & Reynolds, Druggists.

The present warm days and cool nights have a tendency to generate fogs, and boats have been bothered thereby. As a rule, however, the delay has been of short duration, and boats are making fine time considering the low water.

The hearing of the suit of James R. Ware against the towboat Menk, for the value of a barge sunk by that boat, was begun in the local court at Cincinnati, but adjourned owing to the inability of one of the attorneys to hear the evidence and to await the arrival of his partner. The claim is an old one.

UNDER WHICH KING?

HOW SHALL WE VOTE AT THE COMING JANUARY ELECTION?

A Lawyer's Opinion as to What Is Required by the Constitution and How the Legislature Is in Conflict Thereof.

Section 187 of the New Constitution reads thus:

All city and town officials in this state shall be elected or appointed as provided in the charter of each respective town and city, until the general election in November, 1893.

It contains apparently only plain words, and its sole reference, for its own explanation, is to the various charters of the different cities and towns of the state—Maysville included and to persons here it will be plainer to apply its language to our own charter alone.

The Constitution, therefore, says that the City Council of Maysville shall be elected; and other officers, Deputy Marshals for example, appointed "as provided in our city charter, until the general election in November, 1893."

That is the language of the Constitution, and nothing can stand against it. Surely we have been electing our Council and appointing our Deputy Marshals for years correctly and in compliance with our charter; and if we follow the old way until November 1893,—by a *vice voce* vote for Councilmen, and an appointment of Deputy Marshals, we shall not go astray.

In these cholera times it will be a very plain way of expressing the thing for us to do, in order to escape the trouble and calamity which threatens us, to say that we must follow this prescription of the Constitution until November, 1893.

The Doctor, however—the Convention—who made this apparently plain direction is dead; and the case fell into the hands of the Legislature for treatment, with the implied admission of the Legislature, though, that the Convention's direction must be complied with; and the Legislature, as it is claimed by many, have legally followed the direction given them by passing the following law, to-wit:

In all elections hereafter held in the City of Maysville for Municipal officers—that is for Councilmen, &c., &c.—the voting shall be by "secret official ballots."

The Constitution says the Charter of Maysville, which requires *vice voce* voting, shall be followed until November, 1893; and the Legislature says the other rule, to-wit, the rule of voting by secret ballots, shall be followed preceding the fall of 1893 as well as thereafter.

We have quoted the Constitution to show its direction, and the Legislature to show its requirement, and have thus, we think, stated the case fairly; and stated, also, all the facts which are necessary to a proper conclusion of the present and very important practical question, which is before the people of Maysville, to-wit, whether the Legislature, by passing this law for a vote by secret ballots at our approaching election of the City Council, have complied with the provision of the Constitution which requires that these officials shall be elected, as provided in the Charter of our City until the general election in November, 1893, it being clear enough that our Charter now—as always heretofore—requires their election by a *vice voce* vote and not by a secret ballot vote.

If a mistake is made in either direction, the work of the officials will all "go for naught" and the lawyers will reap the harvest.
