KNOCKED OUT.

Suits Against Several Turnpike For Charging Excessive Toll.

The cases against the Maysville and Lexington, Mason and Bracken, Maysville and Mt. Sterling and Maysville, Orangeburg and Mt. Carmel Turnpike Companies for charging tolls in excess of the amounts prescribed by the act of July 9th, 1893, Chapter 129 of Kentucky Statutes, came up for trial in the Mason Circuit Court before Judge Harbeson on Thursday, and it was held that that act, in so far as it was attempted to be applied to those turnpike roads, was unconstitutional.

Each of the charters of those roads was passed before the year 1850, and, as Judge Harbeson ruled, contains a contract between the company and the state as to the tolls that might be charged by them, and was therefore inviolable by virtue of the provision of the Constitution of the United States, which prohibits a state from passing laws impairing the obligation of a contract.

There was no escape from this conclusion under the repeated decisions of the Supreme Court of the United States and the Court of Appeals of Kentucky.

The Commonwealth was represented by Commonwealth Attorney Sallee and County Attorney Newell, and the Turnpikes by Senator William Lindsay, L. W. Robertson, W. H. Wadsworth and Cochran & Sons.

SHOOT THE CHICKENS.

Judge Wadsworth's Advice To An Afflicted and Inflicted Citizen.

His Honor, Judge Wadsworth, was a few days ago the recipient of a wall—which wall and his reply thereto are given below:
Dear J. J.: Is there any balm this side of Mt. Gililand for a citizen who pays taxes, and who is pestered by neighbors' chik which invade his premises, destroy shrubbery—and run like the devil when you shoe rocks at them?

AFFLICTED CITIZEN.

REPLY.
Afflicted Citizen: Your lamentable grievance, as above set forth, certainly demands prompt and decisive action. A chicken, so depraved and vicious as to invade premises with the malicious purpose of destroying shrubbery, should be dealt with in proportion to the magnitude of his offense. In such a caseus belli there seems to be every reasonable excuse for the suppression of the trespasser vi et armis.

The fowl in question exhibits evidences of depravity, at which a taxpaying citizen cannot wink nor shut his eyes; but under the present statute regulating the shooting of firearms within the limits of cities of the fourth class (see page 906, section 212) I see no reason why Afflicted Citizen may not shut one eye when the other ranges over the sights of his shotgun and do his winking when he is served with chicken soup embellished with noodles. Under such circumstances it is to be hoped that Afflicted Citizen will be able to extract all the "balm" his outraged feelings merit.

WADSWORTH, P. J.

MAKES RED BLOOD.

New Life For the Worn-Out Nervous Tissues.

The Body Gains Rapidly in Weight and Strength.

From the Greatest of All Nerve and Brain Restorers.

Paine's Celery Compound Makes People Well—Watch the Crowded Streets of Any Large City.

By far the finest portrait galleries in the world are the crowded streets of a large city.

"What a serious, tired expression on most every face!" one can't help saying to himself. It is rare that one goes by that does not wear something of that strained, worn look; and how many more pale lips there are than rosy ones. How often the eyes are dull, the flesh flabby, and that tell-tale line from the corner of the lip to the angle of the nose, drawn painfully deep.

Poor health is unmistakable to the most casual observer. When the body is but poorly filled out with flesh, and a feeling of languor pervades the system, plainly there is something lacking in the vital, nutritive powers. Impure blood is keeping the tissues poorly fed and starvantly vitalized.

Get the blood pure with Paine's Celery Compound and languor and debility will leave the body. Restore the nervous energy to the brain and nerve cells and good spirits and vigor will take the place of despondency and moodiness. Backaches, persistent headaches, that general feeling of fatigue, neuralgia, rheumatism and heart weakness that shows itself in frequent palpitation—are all but various symptoms of a nervous organization badly nourished. Paine's Celery Compound promotes the healthy activity of the organs that make the blood and keep it pure. The weak parts of the body are thus enabled to build themselves up when this magnificent nerve and tissue builder is employed. The complete recovery and repair of the diseased organs in this way goes on rapidly, naturally, and the happy results are permanent. The effect of the intelligent use of Paine's Celery Compound in all wasting and debilitating diseases is to check at once the decline in strength, and to keep the tissues from further degeneration.

OUR GREAT UNDERVALUE SALE HAS BEEN A WONDERFUL SUCCESS!

This, however, was not a cut-price sale. We were enabled to give our patrons these extremely low prices from the fact that we bought our stock of Boots and Shoes at the time when the depression in money matters was at its height and the leading manufacturers were kept hustling to get orders enough to keep their factories going.

We Bought in Immense Quantities and at Lower Prices than Boots and Shoes were ever known to have been sold. Since our opening We Have Sold More Boots and Shoes than were ever sold in Maysville in the same length of time, and yet we have on hand a great quantity of the most desirable footwear which We Mean to Sell Before the New Year at which time we will go East to purchase our spring stock.

To accomplish this we inaugurate our **First CLEARANCE SALE** and this means lower prices than were ever named on BOOTS and SHOES. This sale is in progress and will continue until all winter goods are sold. Read below and profit thereby.
