SUBSCRIPTIONS—IN ADVANCE. One Year \$2.00, Three Months \$1.00, For Month 35 Cents.

TO ADVERTISERS. Advertising rates uniform and reasonable and made known on application at the office.

Subscribers who fail to get The Ledger regularly will confer a favor by reporting the fact AT THE OFFICE.

AMERICA FOR AMERICANS

McKINLEY AND WILSON ABROAD.

In 1890 William McKinley was burned in a factory in the English manufacturing city of Sheffield; but in 1894 William L. Wilson was dined and wine in London because he is the author of a Free-trade Tariff Bill. These are significant facts.

THE SILVER PROBLEM.

Farmer Anderson has two thousand bushels of wheat. Mr. Jones has a thousand dollars worth of silver bullion. Mr. Anderson's wheat is worth in the market \$1,000.

So is Mr. Jones's silver bullion. Mr. Jones goes to Philadelphia, takes his silver to the Mint and has it coined into two thousand nice, fine, pretty silver dollars.

When Farmer Anderson brings along his thousand dollars worth of wheat, Mr. Jones buys it, paying him \$1,000—and he has \$1,000 left with which to buy the wheat of the next farmer that comes along.

This is free coinage. Some people are sure that all the farmers in the country are shouting for it.

We should see a good many strange things in this country if the silver people should have their way.

Less than thirty persons remain of the original Lincoln and Hamlin Club of Chicago which formerly had a membership of 800. It was formed in 1890 in the interest of the Republican National candidates.

The lockout of boot-makers, affecting 200,000 operators in England, began last week. It is expected that about 400,000 operatives will become involved. Let's see: isn't England a Free-trade country, where all the workmen are well paid, prosperous and happy?

A SODA-WATER firm out East is at present trying to get a number of Kentucky newspapers to invest in soda fountains. They offer to take one-half in cash and the rest in advertising. But just imagine, if you can, any reputable Kentucky newspaper Editor fooling away his time with such a tame article as soda-water.

THE REV. G. W. HATTON, colored, who figured in this city in 1868 as a red-hot Republican, and posed at Winchester in 1892 a white heat Democrat, was recently nominated by Congressman BECKNER for a position connected with the Government Printing Office at Washington. He was appointed, and then Judge BECKNER had trouble. There was a howl from his constituents that the place should have been given to some young Democrat—if a "younger" one than HATTON could be found, his Democracy being less than three years old. This forced Judge BECKNER to say that the position he secured for HATTON is in the stables of the Government Printing Office where he does work that only negroes are assigned to, and that none of the young Democrats of the Tenth District would have accepted the place.

Don't Stop Tobacco—How to Cure Yourself While Using It.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco, to an inveterate user, becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin Physician who has used it in his private practice since 1875, without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want, while taking Baco-Curo. It will notify you when to stop. We give a written guarantee to permanently cure any case with three boxes, or refund the money with 10 per cent. interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will-power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke. Sold by all druggists, with our ironclad guarantee, at \$1.00 per box, three boxes, (thirty days treatment) \$2.50, or sent direct upon receipt of price. Send six two-cent stamps for sample box, booklet and proofs free. Eureka Chemical and Manufacturing Company, Manufacturing Chemists, La Crosse, Wisconsin.

Of all Fevers

the worst and most serious is Dengue or break-bone fever. Called "break-bone" because one's bones are not only racked with pain, but feel as if they were tightly held, as by a vice. At times one feels that the pain is almost unbearable, and many are brought to Death's door by the terrible prostration which follows this grievous complaint.

Brown's Iron Bitters

is the one medicine which relieves this extreme weakness and brings the patient back to sound health by its well-known medicinal qualities. From the first bottle the improvement is marked and permanent recovery is but a matter of a short period.

GENUINE HAS THE CROSSED RED LINES ON WRAPPER. BROWN CHEM. CO. BALTO. MD.

THIS CROP OF DEAD SEA APPLES.

New York Tribune. Mr. William S. Holman, who is in a retiring frame of mind just now, has reached the conclusion that no young man ought to enter public life, and says that after thirty five years' experience he finds there is "nothing in it." The veteran objector's feelings can be easily appreciated; and there is no question that they are shared by a large number of other Democrats who were elected to stay at home last November.

CLEVELANDISM AND THE RAILWAYS.

Philadelphia Press. The years 1890, 1891, 1892 and 1893 were billion-dollar years in gross railroad earnings. Last year the gross earnings on 134,000 miles of road decreased \$122,000,000, and the net fell of \$10,000,000. The depression caused the roads to reduce expenses \$22,000,000, or at the rate of \$65,000 per month. These figures indicate clearly how seriously the transportation interests have felt the great mistakes that have been made in Washington. There are hopes that the last half of this year will witness a recovery from depression which has already lasted too long.

SEE Ballenger the Jeweler.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

FREE ADVERTISING.

No Charge! Advertisements under the heading of "Help Wanted," "Situations Wanted," "Found," "Lost," "Found," etc., of an acceptable nature, and not to exceed three lines, on this page, are FREE to all.

No Business Advertisements inserted without pay. If answers fail to come the first time, we include as many repetitions as are necessary to secure what you advertise for. We wish the advertisers to feel that they are not imposing on us by using our free columns.

Advertisements can be left at our office or sent through the mail to THE PUBLIC LEDGER COMPANY, No. 19 E. Third Street.

FOUND—One thousand mile railroad ticket. Owner can have same by calling at 14 West Second.

SATISFACTORY.

Spain's Reply to the United States Government.

The Dispatch is Marked by the Courtesy of Its Tone,

And by the Evident Desire on the Part of Spain to Avoid Any Serious Complications With This Government—No Further Interference.

WASHINGTON, March 19.—The announcement Monday morning that a reply to Secretary Gresham's demands had been received from Spain, was welcome news even among officials in the state department, where the fact was not known except to the secretary himself. The extent of the ignorance in regard to the dispatch will be understood when it is said that a denial was given to press associations from the secretary's office early in the day, which was later withdrawn by the secretary in person.

Although besieged all day for information, the secretary invariably answered that he would neither affirm nor deny the truth of the dispatch. The state department regards it as diplomatic and polite to guard as confidential the position of the Spanish government in this crisis, when the ministry has been obliged to resign and everything at Madrid is in political chaos.

The dispatch is marked by the courtesy of its tone, and by the evident desire on the part of Spain to avoid any serious complications with this government. The assurances that no further interference with American mail steamers, like the Alliance, will be permitted, are emphatic enough to give entire satisfaction to Secretary Gresham, and the promises to respond to the demands concerning the specific instance of the assault upon the Alliance could hardly be more pronounced.

The incident is, therefore, regarded at the department as practically closed, nothing remaining except for the Spanish government to report the result of its investigations and to make the necessary explanations and disavowal in case Capt. Crossman's statements are found to be correct.

There will be no impatience on the part of the state department to hasten a reply to this part of Secretary Gresham's dispatch. Spain will be given ample time to carry out its investigations, as the assurances with regard to future depredations are regarded as an acknowledgment of the justice of the United States.

Secretary Gresham was at the white house Monday morning, and spent several hours in consultation with the president. Before going in he said there was nothing further to say about the Alliance incident, and he repeated the statement when he came out.

It is known that both the president and the secretary are united in the opinion that Spain has done all that could be reasonably expected of her at this juncture and that the United States can afford to be tolerant for a time until the cabinet crisis in Madrid has passed and until a full report from Cuba is received by the Spanish authorities.

SPAIN CONCEDES.

WASHINGTON, March 19.—Mr. Ramon Williams, the United States consul general at Havana, telegraphed the state department that the Spanish government had acceded to the contention of this government that Sanguilly, the naturalized American citizen arrested in Cuba as a revolutionist, shall be tried by a civil tribunal, and not by a court-martial. The United States contended that according to our treaty with Spain American citizens accused of implication in revolutionary plots shall be tried by the civil courts if they are captured without arms on their persons. Sanguilly is accused by the revolutionists of being a spy, and they have threatened to deal hard with him if he is set at liberty.

AGAINST RACES.

WASHINGTON, March 19.—The district court of appeals Monday sustained the decision of the lower court in the case of Fred P. Miller and others, holding that racing and pool-selling within the limits of the District of Columbia was gambling and therefore prohibited by the statute. This practically closes the Benning track, but of course does not affect the tracks just across the Potomac in Virginia.

GROVER IS FIFTY-EIGHT.

WASHINGTON, March 19.—President Cleveland was 58 years old Monday. There was, however, no special observance of the day at the white house, and the president kept closely at his desk as usual. Several congratulatory telegrams were received and several of his intimate friends called, while others sent their congratulations accompanied by baskets of flowers.

Kilrain and O'Donnell.

BOSTON, March 19.—After an absence of four years from the ring Jake Kilrain, of Baltimore, faced Steve O'Donnell, of Australia, better known as Corbett's sparring partner, for eight rounds Monday night at the Suffolk Athletic club. The contest was declared a draw amid the wildest excitement, the like of which has never been witnessed in Boston.

Colony Failure.

ATLANTA, Ga., March 19.—A special from Mapima, Mex., says the colony of 1,000 Negroes established there is rapidly going to pieces. The Negroes are leaving for their old homes in Georgia and Alabama in squads, embracing men, women and children, who will attempt to walk the entire distance.

Burned to Death.

BIRMINGHAM, Ala., March 19.—At Woodlawn Tuesday night a lamp exploded at J. N. Lehart's residence, and the dress of Mrs. Lehart caught fire. Mrs. Lehart was burned to death and both of Mr. Lehart's hands were terribly burned.

COUNTERFEITS.

Two Dangerous Bills Turned Up at the Cincinnati United States Subtreasury. CINCINNATI, March 19.—Two counterfeit bills turned up at the subtreasury Monday. One was a Windom two-dollar silver certificate, and the other was a ten-dollar national bank note. The latter was brought to the window of the receiving teller by a well-known citizen, who asked Coin Teller Brasher to change it for him. The expert examined the bill closely, and informed the visitor that it was counterfeit. The latter appeared to be somewhat frightened, and explained how he happened to get the bill. He wanted it back, and it was given him, but not in the same condition as it had been presented. Mr. Brasher first carried out the requirements of the law by punching about 300 holes in the bill.

The owner was not a little surprised when the mutilated bill was tendered to him by the official. He wanted to know by what right it had been filled with holes, and he was politely informed that this was in accordance with the law. It is not likely that the bill will be passed in its present condition. The other bogus bill was discovered by Mr. Brasher in a consignment of money received from a local bank. It also was adorned with several hundred holes.

SERIOUS CHARGE.

Two Chicago Lawyers Accused of Illegally Getting a Dead Man's Estate.

CROWN POINT, Ind., March 19.—An important lawsuit has just been commenced in the Lake circuit court by Cornelia Cropsey, widow of Charles Cropsey, who died in this city a few days ago, and was for many years superintendent of the Union station at Chicago, against Charles F. Loesch and Frank J. Loesch, two prominent lawyers of Chicago.

In her complaint filed the widow charges that these defendants were her husband's attorneys, and that while he was very sick and not in possession of his faculties they induced him by false representations and fraud to put them in absolute possession of all his property. Mrs. Cropsey now seeks to have this deed set aside, and interesting developments are promised.

The deed covers some very valuable property, in which is included the beautiful Cropsey homestead, in this city, real estate in Gas City, Ind., some real estate in New York and Cincinnati, as well as a large majority of the stock of the gravel concern, with headquarters in Chicago. On March 4, 1893, prior to Mr. Cropsey's death, he executed a will bequeathing all his property to his wife and nominating her as executrix.

UNITED MINE WORKERS.

Officers of the Ohio Division To Be Elected and Seal Fixed.

COLUMBUS, O., March 19.—The annual convention of the Ohio division of the United Mine Workers of America will be held in this city April 2 to elect officers and fix the seal for mining for the ensuing year. Several of the labor leaders favor a demand for a restoration of the seventy-cent rate, but it is thought that this will not be insisted upon owing to the complications in several fields and the stringency of the times. The candidates for office are: President—A. A. Adams, Jacksonville; Michael Ratchford, Masillon; T. W. Lewis, Columbus; W. H. Turner, Cambridge, and George W. Pearce, Nelsonville. Secretary Treasurer—W. C. Pearce, Corning; Henry Verity and I. N. Coleman, Nelsonville, and Sherman Glasgow, Bellaire.

The 7,000 miners of Alabama are anxious to get into the miners' association.

The Wedding Postponed.

KENT, O., March 19.—A few months ago Fred Grien proposed to Sarah Bothler and she accepted him. Fred bought a lot and erected a house. Sunday he put a fire in the grate to dry the plaster. The house caught fire, and before the department could reach the building was consumed. The wedding has been postponed.

Against Cannals.

COLUMBUS, O., March 19.—Judge David F. Pugh, of the common pleas court, Monday morning sustained the law of last winter abandoning the docking canal between Carroll and Athens, and granting the right of way over the roadbed to the Columbus, Hocking Valley and Athens Railway Co.

Student Badly Hurt.

COLUMBUS, O., March 19.—Charles Morgan, a student at Starling medical college, in alighting from a street car Monday night, slipped and fell. The middle of his back struck the lower top of the car, inflicting injuries of such a nature as to produce complete paralysis of the lower limbs.

Adulterated Food.

COLUMBUS, O., March 19.—The recent decisions of Judges Sibley, of Marietta, and Badger, of Columbus, to the effect that the food commissioner must prove guilty knowledge in order to make a case effective, has induced Dr. McNeal to an interview with the Marietta salon.

Cowboys Killed.

WOODWARD, O. T., March 19.—In a fight between cowboys and cattle boys Chip Baxter and Ed Hurrell were killed by the outlaws and James Byron, a cattle man, was badly wounded. Fourteen men participated in the fight.

Accidentally Killed.

WARREN, O., March 19.—William Laughn, an influential citizen of Niles, and active in secret society work, was instantly killed at the tin plant, where he was employed, Monday. He leaves a wife.

Columbus Firm Got It.

COLUMBUS, O., March 19.—The trustees of the boys' industrial school awarded the contract for a new chapel at the institution to Guthell & Schnitzer, of Columbus, for \$17,995.

The Monk!

By MATTHEW G. LEWIS,

(MONK LEWIS.)

Mr. Lewis was a member of the British Parliament, and his book became so popular in England a hundred years ago that it gained for him the title of "Monk Lewis."

It is a fine piece of classic composition, and after being out of print for many years it has been republished from the original text.

It is far superior to "Maria Monk" and books of that character.

PRICE 50 CENTS.
