The funeral of the late Mrs. Sarah A. Burgess took place from the residence of her son, Mr. A. R. Burgess on West Second street, at 10 o'clock this morning, with services by the Rev. E. B. Calk.

Mathews's bugle calls would do credit to an old soldier. Go out to the races and hear him call them up for the mile dash. It will be a great race. King Howard, Siluria and Belle Foster will make a great race.

Mrs. Lilly Tarlton Cox of Indiana, a former well known lady of this county, who had been so seriously ill for several months, is reported as being very much improved. This will be good news to the many friends of this very estimable lady.

Mr. and Mrs. M. J. Lynch entertained in elegant style Wednesday evening in honor of their guest, Miss Mamie Caden of Georgetown. Dancing and refreshments were the order of the evening, and everybody thoroughly enjoyed themselves.

Mr. Charles D. Lowry, formerly of Maysville, now of Chicago, was married last Friday to Miss Lydia Hess of that city. They are spending their honeymoon in Ripley with relatives. Mr. Lowry has a number of friends in this city who extend congratulations.

MAYSVILLE WEATHER.

What We May Expect For the Next Twenty-four Hours.

THE LEDGER'S WEATHER SIGNALS.

White streamer—FAIR; Blue—RAIN or SNOW; With Black ABOVE—TWO! WARMER grow. If Black's BENEATH—COLDER! will be; Unless Black's shown—no change we'll see

The above forecasts are made for a period of thirty-six hours, ending at 8 o'clock to-morrow evening.

There was about 150 tickets sold here yesterday for Cincinnati.

The \$6,000 school bonds of Manchester were sold at \$364.09 premium.

The best way to avoid scalp diseases, hair falling out and premature baldness is to use the best preventive known for that purpose—Hall's Hair Renewer.

Mayslick is twelve miles from Maysville, twelve miles from Mt. Olivet, twelve miles from Flemingsburg and twelve from Mt. Carmel.

M. B. Easton, confectioner, assigned to George H. Martin. No statement of assets or liabilities. F. H. Traxel, G. W. Geisel and Henry Liss are the appraisers.

Don't miss the runners this evening. Will race at 2:30 positively. Admission 50 cents. Read the list of entries—seven in the first, fourteen in the second, seven in the third and twelve in the fourth.

Mr. Thornton Cox, who has a market garden beyond Washington, reports very large sales of all kinds of garden plants, on account of the worms and frosts having made such havoc with those that were planted the first of the season. He sold more than 35,000 in one day recently.

Special agent Fitzgerald of the C. and O. took to Greenup Monday night a demented man named Joe Sizemore, who was arrested at Springville Monday for trying to wreck trains on the C. and O. road. He was caught taking fish-plates off of the rails and had removed twenty-one when discovered.

Mr. Hiram H. Robbins, who resides near this city, dropped dead yesterday morning about 7 o'clock from heart disease. He has been in failing health for some time, he having but recently partially recovered from an attack of the disease that finally caused his death. Mr. Robbins became a member of the Central Presbyterian Church about two months ago.

THE OLD SETTLERS.

PIONEERS OF THREE COUNTIES AT RUGGLES CAMPGROUND.

An Ideal Fourth of July Celebration—Patriarchal Patriotism and Good Cheer on Tap.

The Fourth of July, 1895, was an ideal day, and fully 1,500 Old Settlers and their descendants of the counties of Lewis, Fleming and Mason assembled at Ruggles Campground to celebrate the occasion, to renew friendships and to enjoy the good cheer begotten of a bountiful dinner.

The program was varied and interesting, opening with an invocation by the Rev. Mr. Morrison, followed by music from a most excellent choir.

Short addresses were made by Messrs. Thomas A. Davis and George W. Adair of this city, Hon. William Bowman, A. D. Owens, Gene Shaw and Thomas Putnam.

After the roll-call and reading the necrology, Dr. Bowman was chosen to eulogize the dead of the year.

Misses Hattie C. and Mary Cook King, the accomplished little daughters of Mr. Campbell King, favored the audience with a number of songs and recitations, which were heartily received.

Mr. Edwin Boggs, a young graduate of the Kentucky Institution for the Blind, Louisville, rendered several vocal and instrumental numbers on the organ, and Mr. and Mrs. George Politt were heartily applauded for a duet.

A recitation by Miss Lutie Littleton was also a pleasant feature of the exercises.

The election of officers for the ensuing year resulted as follows:

Presidents—For Mason county, I. M. Lane; Lewis county, A. Dud Tolle; Fleming county, A. Mant, Wallingford.

Secretaries—For Mason county, C. C. Degman; Lewis county, A. D. Owens; Fleming county, Ruff Kelley.

Association Secretary—Johnson F. Thomas of Burtonville. Treasurer—Hon. F. B. Trussell of Tollesboro.

A number of relics and old-time curios were on exhibition, among them a sample of the fish money of the fathers, being a "shinplaster" calling for six Spanish dollars, payable to the Treasury of Virginia, under an act passed October 7th, 1776.

The attendance was by far the largest in the history of the Association, and all

present agree that it was the most enjoyable meeting yet held.

The next reunion will be at the same place July 4th, 1896.

THE PRIVILEGES LET.

In connection with the reunion of the Old Settlers, the Directors of Ruggles Campground met yesterday to award the privileges for the coming meeting, which begins July 25th.

The Hotel was awarded to J. L. Plummer for \$142.50.

Stable—Ed. Bryant, \$47.

Baggage and Barber Shop—James Owens and George Wallingford, \$29.90; but there's to be no Sunday shaves.

Confectionery—Plummer & Hamrick, \$66; but it is to be closed Sunday against the sale of everything save cold lunches.

Photograph Gallery—Trigg Sulser, \$10.

Only a few cottages remain, and those who want accommodations at these beautiful grounds should make early application to I. M. Lane, President.

The Games Yesterday.

Yesterday about 175 Maysvillians left here to witness two games of baseball in Cincinnati between the Locals and the Shamrocks of that city.

The day was an ideal one for baseball, but only a small crowd was present at the morning game. Score: Maysville 8, Shamrocks 5.

Batteries, Maysville—Keenan and Tenley. Shamrocks—Dill and Fagan.

The afternoon game can be briefly told: Our heretofore reliable pitcher, George Reiman, was very wild in the first inning, hitting two men and giving two men their bases on ball, and all this, coupled with four very rank errors, netted the Shamrocks 7 runs. After this our boys settled down to business and played a good game, but the lead was too much for them to overcome. Score: Maysville 6, Shamrocks 9.

Batteries, Maysville—Reiman and Tenley. Shamrocks—Ratterman and Fagan.

While we go to press the Maysvillians are playing the Navies of Cincinnati. They will also play another game tomorrow at 10 a. m.

Do not fail to take in the steamer Laurance excursion this evening. Good music, delightful ride, and oh, so cool. A ride of an hour and a half for ten cents. Let everybody turn out.

ALL KINDS OF SPORT.

THE MAYSVILLE JOCKEY CLUB'S FIRST MEETING.

A Large Crowd in Attendance—The Races Were Good and Fast—Again Today.

The Maysville Jockey Club was agreeably surprised yesterday when about 1,500 people gathered at the Fairgrounds to witness the first series of the running races—the first races of this kind ever held on these beautiful grounds.

They had to contend with the Fourth of July excursion to Cincinnati, one to Oligonunk and numerous other attractions that invited people out of town, but there was a large attendance after all.

The races were close and exciting. The first race was won by King Howard, Siluria finishing second. Time—1:15. This race was six furlongs. Purses—\$100 to first and \$25 to second.

The second race was the best of all, there being two heats run. Mary Lou won both heats, Little Anna coming in second twice. Time—1:16, 1:15. This was also six furlongs. Purses—\$100 to first and \$35 to second.

The third race on the program was declared off.

The fourth race was four and one-half furlongs, and was won by St. Lee in .57, Trenon quitting second. The purses were \$50 to first and \$35 to second.

The fifth race was all excitement, was six furlongs, for maidens, and was won by Miss Lou. The purse was \$75.

Today's program is a fine one, there being some "F. F. V.'s" on the list, and those attending need not fear of being entertained.

Among the attractions is the old reliable and second-to-none Maysville Band, which is now at its best, the music rendered being extremely delightful.

There should be a large crowd out today to see the sport.

The following are the entries for this afternoon's races:

First Race—Strathbrole, Belle Foster, Siluria, Patron, Harry O. James, Rechelesa, Tupto.

Second Race—Interior, Springtime, Quick Step, Summer Coon, Richmond, King Howard, Willis, King Star, Mary Lou, Tramp, Pigmy, Patron, Barker Harrison, Rechelesa.

Third Race—Col. Dick, Daisy Bolander, Blue Buck, Harry King, Essie, St. Lee, G. D. Wilson.

Fourth Race—Myrtelle, Dogbert, Frankin Summer Coon, Fernandez, Richmond, Mary Lou, Pigmy, Miss Lou, Praire.

WEEKLY CROP REPORT.

UNCLE SAM'S WEATHER CLERK ON THE PROSPECTS.

Condition of Cereals and the Small Crops Throughout Kentucky Up to Monday Evening Last.

The average temperature of the past week varied but slightly from the normal. The amount of rainfall for the entire state was probably slightly in excess of the normal, but it was not distributed uniformly. Generally speaking, the Central and Eastern counties received considerably more than other sections, the extreme Western counties reporting the smallest amounts as a rule. It is estimated that more than three-fourths of the area of the state received rain during the week of sufficient amount to materially assist all growing crops. The average tone of reports received from correspondents this week is more cheerful, and indicates an improved condition of agricultural interests.

The harvesting of wheat is nearly completed in all but the Central and Eastern counties, and threshing has commenced in the Western sections this week, and will be in full progress in the Central part of the state within the course of the next five days. Reports regarding the amount and quality of the crop are so conflicting that it is difficult to form an average estimate of it. Many correspondents state that the weather conditions of the season were not favorable for the production of a full crop, and a good proportion of them report less than an average yield. In several of the Central counties the crop is reported less than half the average. Generally speaking, the yield is better in the Western and Southwestern counties than in other portions of the state.

Oats has been greatly improved by the rains of the past two weeks, and the outlook for a good crop is much better now than was anticipated some time back. In a few places the grain has been damaged to some extent by heavy local showers. In some few sections cutting has begun, and a good yield is reported.

Reports from all sections of the state indicate that the condition of corn is the most promising for several years, and the present prospect is for a very large yield. The weather conditions of the past month have been peculiarly favorable to its growth and recovery from the drawbacks to which it was subjected from frosts and weasels earlier in the season. The crop is unusually free of weeds and grasses, the weather conditions having been such as to permit of its easy cultivation. It is still slightly behind its average condition at this season, but with a continuance of favorable weather for the next ten days it will have attained its usual stage of growth.

Early planted tobacco is generally doing well, but that portion of the crop recently transplanted is suffering for rain in many localities, especially that upon high ground. The majority of correspondents report the outlook from fair to good, and the general condition of the crop appears to be better in the Central districts than in any other parts of the state. Complaints are most numerous from correspondents in the extreme Northern counties.

Though pastures and meadows were improved by the recent rains, their present condition is still much below the average. Correspondents reporting relative to the prospective yield of hay are almost unanimous of the opinion that it will be very short. Some has already been cut, and in many instances only half a crop was harvested. Clover has been cut and the yield reported to be fair. Pasture grasses are very short, especially in the hilly districts.

Garden crops are still late, but are slowly recovering their normal condition. Vegetable of all kinds will be plentiful, especially potatoes, which are generally reported to be in excellent condition. Early green corn will be harvested during the coming week. Sweet potatoes are reported to be poor as a rule. Some planting of late Irish potatoes was done during the week.

Small fruits are yielding fairly well, and apples promise a good crop in most localities. Peaches are not very promising in most sections.

On and after this date Newman Bros. will not sell our Ice. We will put on wagons to furnish our Ice to consumers, 10 pounds for a nick guaranteed. ACKER & FREDERICK. July 2d, 1895.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
