Of Interest to Ladies. We offer no apology in placing before you The Ladies' Safe Protector. It is absolutely reliable, easily adjusted, does not become misplaced and insures protection. Can be worn when desired without observation or knowledge of another, and prevents disagreeable annoyance under certain conditions. If you use it once you will never be without it. It is a faithful, safe and reliable friend whenever needed by special circumstances requiring its use. It is an article every woman should keep ready for immediate use. It is simple to use, and inspires confidence to the woman using it. It is reliable and scientifically made, insures protection without injury to health, as any good physician would say. We are of the opinion that no article has ever been made which will give as much satisfaction to the woman of today as The Ladies' Safe Protector. The immense sales of this article is a substantial endorsement of our claim. Do not therefore experiment with any of the numerous unreliable articles, as it is both dangerous to health and expensive to do so. Such experimenting can only result in loss of time, disappointment and dismal failure. Ladies should remember this before ordering other goods and not waste their time and money on inferior articles. The best is always the cheapest. The Ladies' Safe Protector is sold under a positive guarantee for use for one year, with full directions and is sent sealed in plain wrapper upon receipt of express money order for \$2.00, three for \$5.00. Do not wait but order at once. Address THE LADIES' SAFE SPECIALTY CO., La Crosse, Wis.

BIG PROFITS Small Investments. Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful speculation in Grain, Provisions and Stock. \$10.00 FOR EACH DOLLAR INVESTED can be made by our Systematic Plan of Speculation originated by us. All successful speculators operate on a regular system. It is a well-known fact that there are thousands of men in all parts of the United States who by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 to \$1,000,000 or more by those who invest a few thousand. It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading. Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time. WRITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. ALL FREE. Our Manual explains margin trading fully. Highest references in regard to our standing and success. For further information address THOMAS & CO., BANKERS and BROKERS, 241-243 State Building, CHICAGO, ILL.

Much surprise was created at Frankfort when Special Chancellor Major opened proceedings in the Kentucky Midland case. He was removed by a plea to jurisdiction presented by Attorney Ideben of the Home Construction Company. It was said that the election of the Special Chancellor was irregular, and the case will go to the Circuit Court for another election of a special Judge. The Midland property has already attracted a great deal of attention, and it looks as though a final settlement of the trouble is a good ways off.

A Sufferer Cured. "Every season, from the time I was two years old, I suffered dreadfully from erysipelas, which kept growing worse until my hands were almost useless. The bones softened so that they would bend, and several of my fingers are now crooked from this cause. On my hand I carry large scars, which, but for AYER'S Sarsaparilla, would be sores, provided I was alive and able to carry anything. Eight bottles of Ayer's Sarsaparilla cured me, so that I have had no return of the disease for more than twenty years. The first bottle seemed to reach the spot and a persistent use of it has effected the cure."—O. C. DAVIS, Wautoma, Wis.
