

LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising notices free any more than a merchant can...

The Continued Calls

upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Suppers,

excursions, fairs, or other public entertainments where a fee is charged, and for obituary notices, resolutions of respect, etc., THE LEDGER will charge five cents a line, and hereafter this will be the invariable rule. This, however, does not include...

Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Locals in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. 'I'll tell you when to take it out,' he says to the bookkeeper. But he forgets all about it. The notice runs for two months—62 times—the bill is \$12.25. When he finds it out there is a "kick" and a controversy, followed probably by an eye feeling. Now, to obviate this trouble, no "bill forbids" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

The advertising columns of THE LEDGER speak for themselves. They show that people who know how to advertise know also WHERE to advertise.

In excavating for the wall along Front street Elisha Lewis, one of the workmen, dug up a portion of the old telegraph cable that was laid across the river here in the year 1866.

The committee of the council of the Episcopal Church for the state of Kentucky, appointed to consider the proposition to divide the state into two Dioceses, will report favorably.

FORMERLY OF MAYSVILLE. Dea's at Louisville of E. W. S. Moores Sunday Night.

Yesterday afternoon Mr. C. C. Calhoun received a telegram from Louisville with the brief announcement that Dr. W. S. Moores had died the night previous, and requesting him to come at once.

It was received too late to admit of Mr. Calhoun going last evening, but he left on the early train this morning.

Dr. Moores was a native of Bath county, but for several years he practiced dentistry at Flemingsburg and in this city.

His wife died here five years ago last April, and soon after he moved to Louisville.

He was a member of Maysville Commandery of Knights Templars, and it is probable that the remains will be brought here for interment or sent to his old home in Bath county.

YESTERDAY'S GAME. The Maysvilles Didn't Half Try and Won By a Score of 8 to 7.

The Bellevue Browns, with a good all-round man for a pitcher, played a picked nine at the East End Park yesterday afternoon to \$25 90 worth of people and a few free rooters.

It was impossible for the Maysville Club to get their regular nine together, so Charles Davis, Joe O'Donnell and Clarke Rogers pulled themselves in a uniform and went out to take in the Browns.

They played first-rate considering all things.

Captain McGann, the best ball player we've ever had in the East End Park, made a good play which should be mentioned. A man was caught between first and second, and Cap. got to first, the ball was given him and he ran the fellow down between the two bases. He is a regular sprinter.

The game throughout was one of the most sensational kind, there being all kinds of plays made that the rules didn't call for.

The score was— Maysville 8, Bellevue Browns 7.

The boys who are playing are doing it on their own hook, and unless the people turn out this afternoon they will have to go down in their pockets and put up for the expenses.

A new battery arrived this morning for the Browns, and it is said to be a daisy. The game today will be called at 3 p. m. sharp, and if you want to get a good seat you had better go early.

SHORT STOPS.

Wadsworth will pitch real ball today. Mt. Clements and Hot Springs will be well patronized by ball players the coming winter.

Corcoran, the Norfolk's shortstop and a Cincinnati boy, is to be tried out by Conny Mack.

The Richmonds have won the pennant in the Virginia League, and will play Lynchburg for the Lewis cup.

The Reds are talking of giving Frank Kehoe a trial. He is one of the greatest hitting catchers among the amateurs.

Vanceburg beat Portsmouth Sunday by a score of 15 to 5. Wellner and McGann were the battery for Vanceburg.

Wellner and Kehoe will probably be the battery in the Cincinnati game Thursday, and Johnson will do the short-stop act.

Out in the Western Association, instead of referring to blanks as goose eggs or horse collars, they are called "doughnuts."

The Baltimoreans are rooting for the Quakers to take second place. They don't look upon Cleveland as much of a baseball gold mine.

The Omaha Giants, a team of deaf mutes, is now being organized for a tour of Mexico next spring. The success of such a trip is largely problematical.

McCormick, formerly a Cincinnati Gym twirler and late with New Orleans, is to be tried by the Colonels. They will also take Sam Lever into camp if they can.

The dates for the Cincinnati-Indianapolis series of five games are September 30th and October 1st and 2d at Indianapolis and October 3d and 6th at League Park, Cincinnati.

The Manhattans accomplished what the Reds twice failed to do. At League Park they rapped 13 kinds of tar water out of George Reiman and defeated the Shamrocks 7 to 2.

Jesse Tannehill holds the record of pitching the greatest game of the year in the Virginia League. He shut Roanoke out without a hit last week, and it is also a shade better than that of any pitcher in the League.

During the past week a play was made that will stand as a curiosity of the season. In the last Washington game at Pittsburgh Charley Abbey, the center fielder, was credited with a double play unassisted. It would make any crank scratch a bald spot in a Paderewski shock of hair to figure out how an outfielder could make such a dual slaughter.

The explanation clears away all mist of doubt. Eagle Eye Beckley was on first when Stenzel drove a fly into short right. It seemed safe, and St. Jacob got a move on himself—like a man with two minutes to come a block and catch a train. He had reached third before the ball was caught, and, knowing that he had about as much chance of getting back as a bird without wings has of flying, he didn't hustle. Ned Cartwright likewise did not seem in any hurry to touch first base after Abbey's throw-in. Indeed he had not completed the put-out when Abbey arrived, regained the spher and tagged the bag himself. No such double play was ever made before.

Manager Watson was in Cincinnati yesterday and succeeded in signing several good players to fill up the small holes in the team in order that the game with the Reds Thursday will not be a farce. The round-trip rate on the train will be only \$1 25. The train leaves here at 7:30 a. m. and only makes two stops—Ripley and Augusta. Returning leaves Cincinnati at 7:30 p. m. Let's all go and see the game.

Hays of the First Presbyterian Church, and the remains were escorted to the Maysville Cemetery by a procession of more than one hundred of Mr. Payne's brother Oddfellows and fellow brethren.

A telegram received here yesterday conveyed the sad news that Mr. William Witt, son of Mr. and Mrs. Bernard G. Witt, had died at Henderson. The elder Mr. Witt is well known in this city, a prominent Knight Templar, and he and Mrs. Witt were in Boston when they heard of their son's illness. He was a most exemplary young man, and his parents have the sincere sympathy of hosts of friends.

A Pittsburgh special to The Cincinnati Equivocal of yesterday: a: "Some of the rivermen did some figuring today while loitering to ascertain just when there has been so long a time between coal shipments as this year. It was found that since 1864 there has been no such length of time between rises. In that year there was no rise from spring until in October; in 1857 there was no rise from June till December, and in 1893 there was no rise from June until November 30th. The last coal taken out for below this year was on April 19th, when the Dick Fulton took down a small toy, and got back with difficulty by stopping at several points until the few inches of rise which have been characteristic of the river during all the summer enabled her to make another passage for a few miles."
