

THE NEW WOMAN. What's the home a-comin' to? Things all upside down: Husbands doin' housework, Wives a-doin' the town! Women wearin' bloomers, Girls a-ridin' bikes; Men a-wearin' dishrags— Ever see the likes?

If you have friends staying, or if you are coming away on a visit, please drop us a note to that effect.

Rev. John G. Anderson, Pastor of the Presbyterian Church at Millersburg, closed an extremely successful revival meeting at the Central Presbyterian Church last night. Rev. Anderson is a fluent speaker, a deep thinker and a learned man, and has preached some of the best sermons ever delivered in Maysville, and leaves with the good wishes of the entire congregation of the Central Church. He certainly deserves a much larger field, as he is one of the best workers in the cause of Christianity that the state affords.

MANAGER CHICAGO JOURNAL.

Col. F. C. Pierce Was Made a Well Man by Paine's Celery Compound.

At the door of every newspaper office might be posted the general order—'Rush! The busiest concerns in the busiest streets are sluggards compared with these news-gathering hives where human fingers and brains are matched to keep up with machinery. The brunt of this fatiguing mental strain, unavoidable in getting out one of the big city dailies, for example, The Chicago Evening Journal, falls on its Business Manager—in the case of this oldest daily in Illinois, Colonel Frederick C. Pierce. Colonel Pierce is one of the busiest men in Chicago, a city of early and late workers. Brain workers in every profession will thank Colonel Pierce for the following statement recently made by him: "For several years I have been troubled with sick headache, caused by constipation; otherwise I have always been in perfect health, and never sick but for two weeks in my life. This sick head-

ache has been very annoying. I have taken a number of different medicines which have been used and recommended by others, but not until I took Paine's Celery Compound did I find any relief. "This season I took one bottle and was not troubled with headache for at least six months. Since that time I have kept the medicine in the office and used it occasionally, and have not been troubled with headache since. "I have recommended it to a number of my friends, who have been benefited as I have. For a person who is disposed to constipation, it is unquestionably one of the best medicines that there is on the market today. Yours respectfully, "F. C. PIERCE. "Business Manager Chicago Evening Journal." A black cloud is no surer indication of an approaching storm than persistent headaches are of dangerous debility. There is no one specific that can per-

manently cure headaches unless it goes to the seat of the trouble. That great nerve and brain restorer, Paine's Celery Compound, does get rid of them and leaves no chance for their return, because the deep-seated cause—the weakened nervous system—at last is supplied with the food it has so sadly felt the need of. The best physicians in every city in this country prescribe Paine's Celery Compound, where a rapid building up of the system is imperative. As an invigorator in cases of nervous exhaustion, sleeplessness and a poor state of the blood it is the mainstay of the ablest practitioners throughout the United States. A mere glance at the faces of weak, nervous, run down persons after they have begun to use this greatest of all remedies shows how rapid is the nourishing effect of Paine's Celery Compound. There are thousands upon thousands well today because they used Paine's Celery Compound.

For over thirty years Dr. Pierce has used his "Favorite Prescription" as a strengthener, a purifier, a regulator. It works directly upon the delicate, distinctly feminine organs, in a natural, soothing way. It searches out the weak spots and builds them up. A woman who would understand herself should send 21 cents to the World's Dispensary, Buffalo, N. Y., for Dr. Pierce's Medical Adviser, a book of 188 pages.

The first bottle of it so far relieved me that I was enabled to attend to my work, and the second bottle effected a cure." For sale at 25 and 50 cents per bottle by J. Jas. Wood, Druggist.

Diamonds As an Investment!

There isn't anything else which money can be put into that furnishes as good an investment as a Diamond. To be sure it brings in no income, but the enjoyment of its beauty. In a pin, or a ring, in a eardrop or a stud it is in use all the time, but it doesn't deteriorate in value, and it can be turned into money instantly.

There may be something more beautiful than a Diamond, but if there is I have never seen it. I try to keep on hand a sufficient stock to satisfy all demands, but should you not find what you want in stock I will get it for you. The price shall be right, of course.

NEWSY NOTES FROM NATURE'S GREAT HIGHWAY.

The Ohio and its Southern tributaries are rising fast, and there are prospects of a good stage of water all along the Ohio, while in the lower Mississippi the effects of the interior stream freshets have not as yet been felt. The Ohio rose 1 1/2 feet at Wheeling and Parkersburg, and New river at Radford rose 1 foot 4 inches, with a slight rise at Hinton. The Ohio is rising at Point Pleasant, Catlettsburg, Portsmouth, Vanceburg, Cincinnati, Louisville; Evansville and Cairo. The rise here has been a foot, with 7 feet 3 inches on the marks. The largest and finest boat ever on the Ohio was the Eclipse. She was 360 feet long and cost \$138,000. Her engines were 30 inches in diameter and 11 feet stroke.

Marine people are of the opinion that the snagboat E. A. Woodruff is losing fine opportunities to pull snags by laying up so much. The Ohio river, they claim, needs watching all the time.

The building of the Virginia has been regarded as an indication of a revival of the river industry, but like all indications, it has fallen short of the promise, in that the building of one boat cannot create business as a necessity for a score.

The three leading apple states in the country are New York, Ohio and Missouri.

The Californian has been telegraphed that all engagements are off.

This is no surprise to Mr. Jewett's friends in this city, as he told several while here that he was going to do this very thing.

He has the congratulations of all his acquaintances here, who wish him well.
