# BRADLEY!

## Kentucky's Own Son for President.

BRADLEY'S CURRENCY PLATFORM.  
"I am opposed to the free and unlimited coinage of silver, believing it would destroy all National prosperity. The gold dollar is the best dollar, and I am in favor of making every other dollar equivalent to it in value. I am the friend of silver, and believe it can be best protected by holding its issue in such bounds as will insure its parity with gold as a circulating medium."—W. O. BRADLEY.

A MAN named GEORGE WRIGHT was whacked in Jail at Louisville because he tendered a \$100 bill in payment for a drink of whiskey. It was the first time any of the Louisville authorities had seen that much money since CLEVELAND became President, and they were naturally suspicious of a fellow who was "blowing" \$100 bills.

TRISTAN D'ACUNHA, the most solitary spot on the earth, has just been visited by the Governor of St. Helena, which lies 1,500 miles North of it. He found 61 persons on the island, 18 men, 23 women and 20 children. They have 600 cattle, 500 sheep, a few pigs and donkeys, some hens and a great many geese. The inhabitants are total abstainers, and they are pretty nearly as "lonesome" as the Prohibition party of Maysville.

MCKINLEY and more taxes, more warships, more soldiers, more canals, more Hawaii, more everything and anything that promises a nimble penny.—Louisville Post.

Especially more work for American workmen, more American money spent in America instead of sending it to Europe to pay for foreign-made goods, more revenue and less deficit in the National Treasury, more bread and meat on the laboring man's table and fewer Cleveland soups—but why augment the list? It will be a chilly day in August when your blundering and incompetent party gets another whack at Government control in this country.

REVISED figures as to the Delegate votes instructed for each of the candidates for the Republican Presidential nomination show that up to date MCKINLEY has 318, REED 99, MORTON 66, ALLISON 38, QUAY 38, BRADLEY 16, CULLOM 12. Twenty-one other votes are in doubt, making a total of 608 Delegates selected—about two-thirds of the entire number. The MCKINLEY managers claim more Delegates than are given him in this estimate. His managers say that he has 376 votes, and that he will get Ohio and Indiana solid. But—well, did you ever hear tell of one BENJAMIN HARRISON who lives over in Indiana? He may cut some figure with the vote of that very important state.

Chenoweth's new soda fountain now open, strictly pure fruit juices, everything first class, soda ice cold.

With the rains in the Alleghenies since Sunday and the Mononghela and Allegheny rising coal men are again looking for a rise. Coal men have about 6,000,000 bushels awaiting shipment at various points in the peels.  
Capt. Martin has told some of the tow-boatmen that the truth about the wickets at Davis Island Dam is that he will put them up when the river gets as low as five feet. If this is the case then it is hoped that they will not be raised until after the June rise as a fair boating stage of water is hoped for until then.

Light rains have fallen at Pittsburgh, Wheeling, Parkersburg, Radford, Hinton, Charleston, Pt. Pleasant and Catelettsburg. The new and Kanawha are falling and the Ohio continues to fall from Pittsburgh to Louisville. Things are looking favorable for water in this section. ### AUDITOR HARD AT WORK.

Not a Single Regular Claim on File Now Remains Unaudited.  
FRANKFORT, Ky., April 29.—The auditor's office has completed what is in one respect the biggest amount of work ever done in one month by this department of the state government. Six instead of three clerks have been worked in the claim department of the office since the first of the month, and the policy of Auditor Stone and his assistant, Mr. Johnson, has been to put all regular, just claims in the shape of warrants. They have succeeded in "cleaning up" the office, and not a single regular claim on file in the office remains "unaudited." Something like six or seven thousand claims have been turned into 1,702 "outstanding" warrants. If more than two of these 1,702 new warrants have been paid somebody else save the state treasurer did the paying. Some of the Louisville claim-buyers, who were among those given warrants, had brought irregular claims from witnesses and others, and a number of these were disallowed. It is said, however, that the claims can, in most instances, be made good, and the buyers will not be as seriously hurt as they are now scared.

Kentucky Judgeship Candidates.  
FRANKFORT, Ky., April 29.—The republican leaders of this appellate district are considering the question of putting out a candidate to oppose Chief Justice Pryor of the court of appeals. A call has been made on Hon. A. R. Burnam, of Madison county, to accept the nomination, but he has given the party managers no definite answer as to what he will do in the matter. There is no doubt Mr. Burnam can have the nomination if he will accept it, but it is considered doubtful if he will consent, and in the event he declines Senator John Bennett, of Richmond, and others are also favorably spoken of.

Peculiar Burial.  
PAINTSVILLE, Ky., April 29.—A peculiar burial took place on Horgis creek, this county, Tuesday morning. Monday Robert H. Winn, an eccentric old pioneer, died, and on his death bed he made his friends promise to bury him alongside of his faithful old squirrel dog that had died but a few days previous. "Uncle Bob," as he was familiarly called, managed to outlive two wives, and not wishing to slight either, asked that he be buried by the side of his dog. The old man's request was granted.

To be Tried for Grand Larceny.  
GREENUP, Ky., April 29.—Wilson Fultz, arrested on a charge of grand larceny Friday, was brought before County Judge Bennett here and his examining trial was fixed for next Monday. He was released on bond.

## THE CROPS.

Weather Generally Favorable for Work and Vegetation.

Indiana Winter Wheat Reported to Be in Fine Condition.

Corn Planting Completed in Kentucky—A General Rain is Needed—Oats Nearly All Sown in Indiana—Wheat Prospects in Ohio Are Improved.

CHICAGO, April 29.—The reports as to the condition of the crops throughout the country and the general effect of the weather on the cultivation, growth and harvest of the same, were Tuesday made by directors of the several climate and crop sections. The reports received at Chicago were as follows:

The week has been generally favorable for work, and vegetation has made rapid growth. The season which three weeks ago was from two to three weeks late over the northern portion of the country, has advanced rapidly, and the marked temperature deficiency which existed at that time has been overcome. Winter wheat shows further improvement in Virginia, West Virginia, Kentucky, Ohio, Michigan, Wisconsin and Minnesota and is doing well in Iowa, Missouri and portions of Illinois. In Indiana winter wheat is reported as in fine condition. In the states of the central valleys corn planting has been pushed rapidly. Planting is practically completed in Kentucky and Arkansas; is about half finished in Kansas; is in general progress in central and southern Illinois, and will become general in Iowa the coming week.

Kentucky—The week has been warm with an excess of sunshine and the light local rains have been fairly distributed. Corn planting has been brought to completion. Wheat is generally improved. Hemp is sown in many counties. Tobacco plants look well. Cut worms are damaging clover and early corn in western counties. Generally rain is needed.

Indiana—Good rains in many localities and warm weather have advanced all vegetation most rapidly. The light frost of the 22d did no injury. Wheat and grasses are in fine condition, oats are nearly all sown and plowing for corn in progress.

Ohio—The weather during the week has been favorable. Wheat prospects are improved but considerable will be plowed up for other crops. Grass is better, some oats are up, gardens are doing well, potatoes about planted and fruit prospects are fair. Insects are numerous. Some light frosts are reported with no damage. Stock is on pasture.
