

# PUBLIC LEADER

FIFTH YEAR.

MAYSVILLE, KY., WEDNESDAY, AUGUST 12, 1896.

ONE CENT.

LARGEST IN THE CITY.

### Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising notices free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

### The Continued Calls

Upon THE LEADER for free notices have become so burdensome that we are forced to publish the following terms:

### For Notices of Suppers,

creations, fairs, or other public entertainments where a fee is charged, and for obituary notices, resolutions of respect, etc., THE LEADER will charge FIVE CENTS A LINE, and hereafter this will be the invariable rule. This, however,

### Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

### Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Local in THE LEADER is 15 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—21 times—the bill is \$13.50. When he finds it out there is a "kick" and a controversy, followed probably by an icy feeling. Now, to obviate this trouble, we "will forbid" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

Miss Anna Martin arrived home last evening from Norwood, O.

Miss Lula Fraas of Dayton, Ky., is visiting friends in this city.

Misses Mattie and Mary Bean of Winchester are visiting friends here.

Mr. John C. Acheson, who has been in the city for the past few days in the interest of Center College, Danville, left yesterday morning for Paris.

Mr. Benjamin Gabby, after a visit of several days to his uncle, John Gabby, at Mineola and friends and relatives in the Lewisburg neighborhood, is at home.

Hon. Will T. Cole, one of the most prominent and promising young attorneys, formerly of this city, now of Greenup, is here attending the Popocratic Convention.

Mr. Myer Nathan of Cambridge, Md., who has not been in Maysville since he had to ride from Paris to this city in an omnibus, is visiting his sister, Mrs. M. Davis of Market street.

Miss Susan Craycraft of Sharpburg, Ky., is a visitor to the family of Joseph Peed, East Third street. Miss Craycraft is a charming girl and has made many friends during her short stay, which terminates Friday.

Messrs. J. D. Dye, C. H. Frank and C. D. Russell are the new Managers of the Washington Opera-house, they having been elected last meeting night.

The bad odor which has been a just cause for complaint by the citizens for past few days has about subsided, much to the gratification of the travelers to and from the East End.

### MAYSVILLE WEATHER.

What We May Expect For the Next Twenty-four Hours.

THE LEADER'S WEATHER SIGNALS.

Blue—RAIN or SNOW;  
With Black ABOVE—"will" WARMER  
STOW.  
If Black's BENEATH—"COLDER" will  
be;  
Unless Black's shown—no change  
we'll see

The above forecasts are made for a period of thirty-six hours, ending at 8 o'clock to-morrow evening.

Mr. Arthur Dobyms and family have moved to Cincinnati.

Keep cool and drink Soda Water at Chenoweth's Drugstore.

The Maysville Manufacturing Co. resumed operations this morning.

Mr. B. F. Cooper has been appointed Postmaster at Abigail, Robertson county.

T. J. Cassell, the well known grocer of Lexington, went Democratic Monday by \$5,000.

Mr. Henry Gabby will fill the pulpit of the First Baptist Church Sunday morning at 10:30.

Old Papers for sale by James N. Lynch at 5 cents per hundred. Call at Opera-house store.

A fellow at Portsmouth stole a whole hive of bees the other day. That fellow was a honey, certain.

Mr. Simon Childs, who has been seriously ill with flux at his home on the Fleming pike, is somewhat better this morning.

Secretary J. C. Canfield and family are now comfortably located in the beautiful residence of Mr. J. D. Bruer on the Sutton street fill.

The C. and O. is doing a tremendous Eastern and Western passenger business, while the freight business seems to be up to the standard.

The Rev. I. P. Trotter, Pastor of the First Baptist Church of this city, is assisting Rev. Robert Tolle in a protracted meeting at Stonelick Church.

Peter Coleman, colored, aged 105, died at Moscow, O., Monday. Peter has relatives in this city. He remembered when the first house in this city was built, so he said, he then being a slave.

It is surprising the number of people who had despaired of getting Glasses until they tried P. J. Murphy the Jeweler's system of fitting the eyes, who now see as well as when they were young. No charge for Glasses unless they suit.

A Negro boy was arrested in Louisville Monday for forging an ice-cream order. Surely his Attorney will be able to make some impression with a plea of mitigating circumstances, for the weather was hot enough to tempt a grown man to steal an ice-house.

Mr. C. N. Bolinger of Lewisburg brought to this office yesterday an apple that is a wonder. It is a last year's apple, as sound as a gold dollar, with a slight speck on one end. Mr. Bolinger informed us that out of a barrel there were five sound ones.

If Judge Cantrell's decision holds good, a Magistrate will get \$2 in each examining trial, no matter if he holds twenty a day, and \$1 for the second day of such trials. Auditor Stone thinks they should get only \$2 a day no matter how many cases they examine, and will take an appeal.

John DeAtley, aged about 20 years, who resides in the Sixth Ward, met with an accident yesterday that will lay him up for some time. He was lathing, and was cutting a lath, when the hatchet slipped, struck him on the leg, cutting a large gash, from which he lost considerable blood.

Mr. Harvey Grimes has purchased the interest of Robert Pollitt in the retailing of ice and delivering to private consumers. Mr. Grimes needs no commendation from us, as his work of last year in the same business speaks louder than columns of praise. There will be two wagons run as usual.

The Maysville Cotton Mill is now undergoing thorough repairs. The old 150-horse power engine, which has done heroic and wonderful service for twenty-five years, has been taken out and replaced by a 400-horse power engine, purchased East by Superintendent Scott. All repairs will be made and everything in ship-shape for a resumption of cotton spinning by September 1st.

Miss Sabina Darnall, aged about 13 years, died at the home of James P. Allen in Fleming county Saturday from peritonitis. Deceased was a daughter of Mr. William Darnall of Lexington, and was visiting at Mr. Allen's when she was stricken. She had a number of relatives in this county. The funeral services were held at the residence where the young lady died, and the remains were interred in the Flemingsburg Cemetery Sunday afternoon.

### OFF FOR LEXINGTON.

The Kurnels Left This Morning For Two Games.

The Kurnels, full of ginger and life and determination to win, left via the early morning L. and N. train for Lexington where they will meet that team for two games in the Bluegrass League series.

The Lexington team is a good one, but we are confident that our boys compose a better team, and that when they play together there will be no such thing as fail to win.

The Mt. Sterling and Lexington teams had another go yesterday afternoon, with the following result:

Clubs.	Played.	Won.	Lost.	P. C.
Maysville	2	2	0	1.00
Lexington	4	4	0	1.00
Mt. Sterling	4	0	4	.00
Paris	2	0	2	.00

Batteries—Lindsay and Smith; Punch and Thomas.

Hits—Lexington 8, Mt. Sterling 5.

The sun shone hot on the ball grounds at the Park yesterday afternoon, but the heads of perspiration that gathered about the brow of Chris. Hunsicker and his rooters only served to make them renew their enthusiastic efforts to pull the Rag Signs on to victory.

Pitcher Yarnell, wearing a uniform that told plainly that he was on the slab for the Rag Signs, sweating blood or water by the gallon.

In vain did he glance around for an ice wagon.

The crowd seemed to be against him, too, and this had the maddening effect of the devil's dance.

But behind this fit object for compassion stood another more in need of it.

It was the Umpire, who looked every minute as though he would melt and sink like water into one of the dry wells with which the Park abounds.

He felt the impending storm of abuse, even before the first clouds appeared upon the horizon, and looked in vain at his old friend, Bruce Easton, sitting with his rants rolled up on the far side of the grand stand, but there was no friendly smile on Bruce's face, as he couldn't stand a "roast."

Who can tell what were the thoughts that ran through the Umpire's thimble?

There were all kinds of visions flashing through his mind.

But he was doing his best to let the winning club win.

The game between the Wyandottes and the Rag Signs was a close one, and the Umpires were responsible for it up to the last.

The report that reached us first ran like this: Rag Signs, with Chris. Hunsicker as Manager, tried to beat the Wyandottes, but they couldn't do it with the assistance of three Umpires. Up to the seventh inning the score stood 15 to 0 in favor of the Rag Signs, and in the seventh inning they got the bases full, when a wild pitch started the runners on a move toward home. One of the Signs caught the catcher's arm as he was in the act of delivering the ball to the pitcher, all the runners scoring. The Umpire said they were safe. In the ninth inning the Wyandottes made 7 runs, beating the Rags one run.

That's the story of one side; and now for the other side, as it is always best that both sides are presented:

Captain Rogers's Fifth Ward Rag Signs defeated the Wyandottes in a hotly

contested game yesterday afternoon at the Ball Park. The Wyandottes tried all kinds of trickery to win, but the best they could do was to take second place by a score of 6 to 5. The battery work of Yarnell and Dawson and Dexter, Sullivan and Lattie Egnew at third base and shortstop was above the average. The Rag Signs' Manager was so pleased with the result that he treated them with some of the best cigars on the market. Batteries—Yarnell and Dawson; Limerick, Dunbar and Clinger. Hits—Rag Signs, 15; Wyandottes, 5. Errors—Rag Signs, 4; Wyandottes, 6. Struck out—By Yarnell, 8; by Dunbar, 2; by Limerick, 2.

There you are, people; you pay your money and you take your choice.

### NOTES.

Henry Wadsworth accompanied the boys to Lexington this morning.

The Managers are now in correspondence with a pitcher from Indiana that if they can secure will prove a thorn in the path of the Bluegrass Leaguers. He is recommended way up in G, and has a regular icecream-freezer head on him.

That Captain McGann, now playing the second bag for Boston, will make his mark in the big League there's no one around here will question. In Monday's game, out of five times at bat, he made 1 run, 3 hits, 4 putouts, 4 assists and never had an error. This is a better record than most of the old stagers have.

The following is the standing of the clubs of the Bluegrass League:

Clubs.	Played.	Won.	Lost.	P. C.
Maysville	2	2	0	1.00
Lexington	4	4	0	1.00
Mt. Sterling	4	0	4	.00
Paris	2	0	2	.00

If the average idea of how to run a newspaper were carried out, the size of the sheet would only be limited by the size of the room in which it was printed and the number of Departments it would contain would cover the entire field of art, science, history, biography, poetry, politics and romance. There are lots of born editors who have no paper to edit. It is a great pity.

## With Nearly Forty Years

Of successful experience in the manufacture of Watch Movements and Watch Cases, and with the mechanical knowledge gained in the construction of special machinery and tools necessary for the manufacture of watches, we have reason to believe that no factory in the world is better able to produce a bicycle of superior design and workmanship. Our machinery is the finest and most modern in existence. Our workmen are trained to a greater degree of accuracy than is usually observed in any bicycle factory. Where is the bicycle factory that is capable of producing a machine made equal to a Dueber-Hampden Watch or machinery required to manufacture same?

These Bicycles, as well as a full line of the Dueber-Hampden Watches, can be seen at

### THE "GREAT" CONVENTION.

It Promises to Be As Warm As the Weather Has Been.

Today the great and only lightning change artists now composing the Pop-Democracy are in the ring, and at 10 o'clock this morning the ringmaster cracked his whip and the circus began.

The arena has been placed in Washington Opera-house, and it is appropriately decorated.

The auditorium proper has been bantered off, so that counties can easily be designated and called.

The stage is very tastefully placed about with bunting, the National colors and the conventional portraits of the great and only leaders of the toboggan slide, which is now putting some more grease to the track that the descent may be more rapid as they approach the great dump—November 3d.

You will hear the band play patriotic airs, you will hear roars of applause, you will even see evidences of enthusiasm, but—the story of the frogs will tell you

the result: A man went West to sell his frogs. When asked how many he had, with the air of a millionaire, nonchalantly said, about a million. He was told to bring 100 dozen as being enough to supply the demand. He returned soon thereafter with a small basket full. When interrogated why he had not fulfilled the contract he said, with a crestfallen manner, "Well, from the noise them tangle things made I felt safe in saying a million, but when I tried to bag 'em I had hard work finding these."

So 'twill be in November.

THE LEADER will have full, complete and accurate reports of the great circus as long as it lasts, so wait for chapter two.

Commissioner of Agriculture Moore has gone to Michigan to purchase 1,000 bushels of choice Michigan wheat to be distributed in this state, and used for experimental purposes.
