

THE ELECTION.

An Unusually Large Vote Polled in Arkansas.

Licensing of Saloons the Principal Issue in Many Counties.

The Democrats Claim the Election of Col. Jones, Candidate for Governor, by 45,000 Plurality—Democrats and Populists Clash in Some Counties.

LITTLE ROCK, Ark., Sept. 8.—The election held in this state Monday was for all state, judicial and county offices, including two-thirds of the legislature, which will elect a successor to Senator James K. Jones, chairman of the democratic national committee.

As far as heard from, the election throughout the state passed off quietly, and an unusually large vote was polled. The question of licensing saloons was the principal issue in the majority of the counties. Here, in Little Rock, it was the issue of the day. The prohibitionists, or anti-license advocates, were defeated by large majority.

At the democratic headquarters the election of Col. Dan W. Jones, the democratic candidate for governor, is claimed by 45,000 plurality. Chairman Cooper, of the republican committee, disputes the claim, basing his estimates upon reports received late Monday evening. He says a large percentage of the increased vote was polled by Negroes. Of the 203,900 polled tax receipts in this state, 45,000 are held by Negroes, 15,000 more than were held by the Negroes two years ago.

Owing to the large number of counties beyond the reach of telegraph and telephone facilities, the returns from Monday's election are slow in reaching headquarters. Semi-official returns received from 14 of the principal counties of the state give Jones (dem.) free silver candidate for governor, a plurality of 18,000.

The populists scratched Files, their candidate for governor, and voted almost solidly for Jones as did many of the sound money democrats. The prohibition vote throughout the state shows a marked decrease.

Several clashes occurred in the doubtful counties between the democrats and populists. Notably was this the case at Clinton. Van Buren county, the place where congressman Dinsmore was assaulted last week. Clinton is 25 miles from the nearest telegraph station and it is impossible to learn full particulars, but it is thought here that no serious results come of the reported riot.

White county, the birthplace of the populists, has gone democratic, while Newton, Sealey and Madison have rolled up their usual Republican majorities for legislative and county officers.

Official returns received from six counties give Daniel W. Jones majority as follows: Miller (Texarkana) 560; Phillips (Helena) 1,100; Woodruff, 1,900 out of a total vote of 2,500; Franklin, 800; Lafayette, 500; Sharpe, 1,700. If these majorities are kept up throughout the state Jones and the entire democratic ticket will receive 60,000 majority.

TRAGEDY IN RICHMOND.

James E. Wimmer Stabs to Death S. G. Thalheimer for the Betrayal of His Daughter.

RICHMOND, Va., Sept. 8.—A terrible tragedy was enacted early Monday night on Broad street, the principal retail business thoroughfare of the city. James E. Wimmer, aged 48, a native of Wythe county and a blacksmith working at the Richmond locomotive works, stabbed and killed S. G. Thalheimer, son of Charles Thalheimer, a well-known liquor merchant. The cause of the homicide was the alleged betrayal of Wimmer's partially paralyzed daughter by young Thalheimer. Wimmer, who was hunting for Thalheimer, came up with him on the street, laid hold of him and after stabbing him in three places, threw him off. Thalheimer walked about a half block and then fell dead. Wimmer sought a policeman and surrendered himself.

Hunting for Headquarters.

CHICAGO, Sept. 8.—W. D. Bynum, chairman of the national democratic committee, arrived in Chicago Monday night from Indianapolis and registered at the Palmer house. The special purpose of his visit is to select headquarters for the campaign committee which has the Palmer and Buckner ticket in charge. He said he had been detained in Indianapolis arranging for the dual notification meeting to be held in Louisville next Saturday. Headquarters will be chosen in a day or two and the Palmer house will probably be the place.

The operators say they will continue for a week longer to try to start up work, and if the union miners do not by that time stop their intimidation work the mines will be finally closed for the winter. No effort to use force to put men at work nor the aid of militia will be brought to bear.

Parmelee, the Chinese commissioner, and Dr. Hony, all of whom go through with him to the coast. Li did not come into the city proper at all, but stopped off at the Industrial fair, which he inspected thoroughly. When the train reached Exhibition station, Earl Li was received by President Withrow and the directors of the exhibition. Mr. Withrow briefly welcomed the distinguished visitor, and expressed the hope that he would have a pleasant visit, to which the viceroy replied through his interpreter, expressing great pleasure at visiting the exhibition. Three cheers were then given for the viceroy.

The great Chinese magnate went through the exhibition in a hurry and under great difficulties, owing to the enormous crowd, estimated at fully 100,000 people. From the moment of his arrival on the grounds until his train steamed away the great statesman was the object of the most intense interest. Earl Li was presented by President McNaughton, of the Manufacturers' association, with a maple leaf in gold.
